

ATLANTIC COUNTY MUNICIPAL JOINT INSURANCE FUND

WELLNESS POLICY PROGRAM STATEMENT

It is the policy of the Atlantic County Municipal Joint Insurance Fund to promote the health and safety of municipal employees. Our members' success in achieving a high degree of freedom from accidents and injuries has been due to their commitment to safety. Numerous studies have demonstrated that there is a strong link between workplace wellness and lower Workers' Compensation Costs. Wellness Programs also contribute to employee morale, well-being, and quality of life both in and outside of the workplace. Therefore, in an effort to benefit our employees and to address ever rising costs, we, the Executive Committee of the Atlantic County Municipal Joint Insurance Fund, hereby support the implementation of a Workplace Wellness Program in each member municipality that will utilize a proactive approach to promote employee health and wellness. In furtherance of this objective, the Executive Committee has appointed a Wellness Director to work with members' Wellness Committees to provide guidance and support for member programs with the goal of creating a healthier and more productive workplace. Every member stands to benefit from this program. We encourage cooperation from all members of the Atlantic County Municipal Joint Insurance Fund.

The results of our comprehensive Wellness Program will certainly be worth the effort.
