

Municipality "Shout Out"

**Northfield
City**

**Congratulations to Shannon Campbell,
Wellness Leader for Northfield City, for
creating a Healthy Workplace Environment
since she was nominated to be the
Wellness Leader!**

Here is what she did...Approximately 2 years ago she was given the task to lead wellness. Since then she has organized 3 health fairs for her municipal employees and in addition, she has personally adopted a healthy lifestyle and has lost several pounds. As a result, her co-workers have also adopted healthier eating habits. Congrats Shannon on creating a culture of wellness at your workplace!

If your municipality or an individual employee deserves a "Shout Out" please contact me so it can be recognized and shared. Contact information is below.
