

Municipality "Shout Out"

Millville
City

Congratulations to Safety Coordinator, Pamela Shapiro, for also choosing to become the Millville Wellness Liaison and for recruiting a wellness committee this year. Great job Pam!

Here is what they did... At the beginning of this year, Pam and I met to discuss her municipality having a wellness committee. A month later, a wellness kick off / lunch was scheduled. Several employees decided to join the committee. Since January, the committee has planned out the year with wellness and have continue to meet on a regular basis. Congratulations!

If your municipality deserves a "Shout Out" for a completed wellness activity, please contact me so it can be recognized and shared. Contact information is below.
