CLAIMS REVIEW COMMITTEE REPORT – OPEN SESSION ITEMS

Chief Riggin noted that there was nothing to report for open session.

CLAIMS ADMINISTRATOR'S REPORT

Lessons Learned from Losses – April

Mr. Roselli reported that the *Lessons Learned from Losses* this month focuses on Inspection Programs. He reiterated the importance of inspections and reviewed a great outcome of a recent claim and how inspections helped them win the case. He noted that someone tripped and fell on boardwalk due to a raised nail and the demand was almost $900,000. He stated that the member has an active maintenance and inspection programs which included the extremely important action to document every aspect of the process. The suit was decided in favor of the insured mostly because this town's employees carry everything with them to make repairs or place warnings until repairs can be done. He noted that these actions show a protocol is in place that proves that someone is looking, tracking locations and repairing. He reminded the members that defense claims rely heavily on the information provided by the member municipalities.

Mr. Roselli reminded the members to review his newsletter and share it with their employees. He asked that his *Lessons Learned* be placed where your employees can see it in hopes they read the bulletin.

Mr. Roselli also commented that the Qual-Lynx 2019-2020 Annual report is included in the claims minutes this month. He asked members to review this report and contact him with any questions.

The remainder of the Claims Administrator's report was provided in Closed Session.

COVID-19

Ms. Beatty stated that there are 160 COVID exposures reported to date in 2021 for the ACMJIF members.

Ms. Beatty asked if there were any questions at this time. No questions were entertained.

SOLICITOR'S REPORT

Mr. DeWeese presented the following reports:

Closed Claims
Mr. DeWeese noted that there were two (2) cases closed in April. He noted that the first case (Estate of George Bradley Smith v. City of North Wildwood) was a drowning from 2014. He noted that after judgments, appeals, etc, on January 8, 2021, the Appellate Division ultimately affirming no liability on part of the City of North Wildwood and its employees. He expressed the significance of this case as precedence for any member with body of water. He remarked on the outstanding work A. Michael Barker, Esquire and his staff did on this case.

Mr. DeWeese stated that the next closed case (Tennant v. City of Pleasantville) ultimately ended when an Order denying Plaintiff's Motion for Leave to File a Late Notice of Claim against the insured was entered.

MEL EPL Helpline
Mr. DeWeese stated that there is a reminder regarding the MEL EPL Helpline in the agenda. He asked members to review the MEL EPL Helpline authorized contact list and make certain that the individual listed is accurate.

Daniel's Law

Mr. DeWeese reported on a bulletin he sent to members on Monday regarding *Daniel's Law*. He noted that some members asked for clarification. He noted that the purpose of the law is to protect judges, police, etc. He stated that although the purpose is good, he has several issues with the legislation. He noted that it will be difficult to comply with the requirements contained in this law. He stated that the law prevents you from disclosing addresses and personal information from retired, former, and current judges, prosecutors both current and former, and law enforcement officers both current and former. Municipalities asked how they would know if these folks were a former judge or officer or prosecutor. He noted that this is a flaw in the law. He asked that members are cautious with OPRA requests. He commented that some may ask to remove the information which is easy; however, if we don't know who they are, we cannot remove them. His hope is that it is amended or they provide additional guidance in the near future so our municipalities can manage it better.

Mr. DeWeese entertained any questions. Chair Seib inquired if it is only OPRA requests or taxes, since that is public record. Mr. DeWeese noted that it is any public posting which makes it very difficult since you may not know what positions they held. No other questions were entertained.

COMMITTEE REPORTS

EPL/Technology Committee - March 17, 2021
Mr. Simone noted that the minutes from the EPL/Technology Committee held on March 17, 2021 are in the agenda packet. He highlighted that they discussed the 6 yr. loss ratio reports; only two (2) files are open and still being handled by XL; from Nov 2020-March 2021 there were twenty-one (21) claims closed with eleven (11) due to coverage denials; five (5) closed due to inactivity; and two (2) dismissed without payment and three (3) settled with payment to the Plaintiff.

Mr. Simone noted that the MEL EPL RMP compliance date was moved from June 1, 2021 to November 1, 2021. He reminded members to update authorized EPL contacts for the MEL hotline; he noted the committee discussed the need for a RFP for Technology Risk Services Director and this is still in discussion.

Strategic Planning Committee **-** March 25, 2021

Mr. Hirsch noted that the minutes from the Strategic Planning Committee are in the agenda packet. He highlighted that the Committee charter was reviewed; he noted there are eleven (11) members up for renewal 1/1/22 and will be scheduled for visitations this summer. He also stated that they discussed Egg Harbor City's interest in rejoining; he noted the PRIMA conferences will be virtual this year; he stated that new Fund Commissioner Orientation was April 14, 2021 and well attended. He reported Fund Commissioner Attendance was discussed and a request was made to continue virtual availability. He stated that the Elected Officials training is due by May 3rd and so far only thirty-eight members have taken it. He noted that it was discussed to hopefully meet in person in September if all is good with COVID. He reported that October 27th and 28th was selected for the Annual Retreat.

Mr. Hirsch reported that police command staff and managers and supervisor training information was emailed to all members. He also noted that fund professional performance evaluations were discussed. He stated that the recording secretary and administrative consultant will be asked to complete self-evaluations.

Executive Safety Committee – March 31, 2021

Mr. Picard noted that the Safety Committee minutes from March 31, 2021 are in the agenda packet. He highlighted that they discussed the Annual Safety Director's loss control report; he stated the DER training will be April 22 and September 23, 2021. He reminded the members that there are now three platforms in which to watch the training videos. He noted the Summer Seasonal Employee Training for Supervisors is scheduled for May 20, 2021. He stated the managers and supervisors training has two more sessions next week and four more dates in May. He reported that Estell Manor is moving in right direction with safety program, but will advise committee with any concerns. He stated that they discussed the loss ratios; marijuana legislation and the importance of background checks. He noted the next meeting is August 5, 2021.

WELLNESS DIRECTOR REPORT

Ms. Simone stated that her report is included in the agenda packet and encouraged the members to read through her material beginning on page 65. She noted that she will continue offering individual or group health coaching. She stated some areas to be addressed are physical fitness, weight management, stress management, long and short term goal setting, building healthy habits and routines. She asked members to contact her to set a date and time that is convenient.

Ms. Simone also stated that this month's wellness idea is a 7 Day Sugar Elimination Challenge and virtual yoga classes.

Ms. Simone noted that the webinar "Release Stress through Mindfulness" is on the JIF website.

Ms. Simone noted that her newsletter also contains a "Question of the Month". Please email her any health-related questions you may have! This month the question was, "What in the world are macros?"

Ms. Simone reported that Estell Manor purchased ergonomic office chairs; Wildwood and North Wildwood's Fire Departments are doing a swim clinic every Sunday for firefighters to develop a standard for ocean rescues. North Wildwood Police is working on an exercise and wellness challenge.

Ms. Simone reported to members the attached "Wellness Approved Activities and Items" (also found on the website) will be permitted. Those foods include vegetables, fruits, nuts, seeds and specific healthy bars (see sheet for approved brands) as well as farm stand certificates for fruit and vegetables. Please contact

Jordan or Tracy Forlenza if you are unsure if they will be eligible for reimbursement under this program before purchasing them.

Ms. Simone reminded members to review the newsletter which focuses on complementary and alternative medicine. She noted that this month on humor and health. It reminded everyone that humor can have a positive aspect on life.

Ms. Simone asked if there were any questions. No questions were entertained.

EXECUTIVE DIRECTOR'S REPORT

SLEO Training – Mr. Forlenza stated that this is not in the agenda, but noted that there are three SLEO training dates coming. He noted that the JIF sponsors training for the officers each year so please alert your chiefs and enroll your officers. He stated that Chief Hummel emailed this directly to the Chiefs in the JIF and the Fund Commissioners and clerks were notified from our office.

Certificates of Insurance -Mr. Forlenza noted that the certificates of insurance are included in the agenda. He asked members to review and please make sure that these were requested by your municipality and issued properly. If you have not received your certificates, please reach out to Ed Cooney at the Underwriter's office.

Safety, OSB, Wellness and EPL/Cyber Reimbursement- Mr. Forlenza stated that all SIP, OSB, Wellness and EPL/Cyber funds are available for use at this time. He noted that the official letter stating all the SIP amounts were emailed to members. He asked members to please review the program requirements and contact Jordan, Tracy or the Safety Director prior to purchases if unsure if it is an approved purchase. He stressed that all members should claim their reimbursements as they are spent and not wait until the end of the year.

MEL Cyber Risk Management Program – version 2 – Mr. Forlenza asked that members to review with their IT personnel as the tiers have changed and there are also changes within the tiers. He noted the deadline will be October 1, 2021. He also stated that members already in compliance with tier 1 or tier 2 as of March 5, 2021 are grandfathered until October 1, 2021. The Underwriter indicated that the coverage is getting very difficult to place and insurers will only consider entities with a good cyber risk management plan in place.

Statutory Bonds - Mr. Forlenza noted that there are statutory positions that require individual bonds so please review the checklist on pages 107-108 as it is the individual, not the position, which is bonded. With retirements at year end, please make certain you have the correct individual listed. Any changes require a completed application, which can be found on the MEL website, and submitted to the MEL Underwriting Office for approval. Please contact Ed Cooney with questions.

2022-2023 MEL EPL Risk Management Plan Update – Mr. Forlenza noted the revised Model Employment Practice Policies and Employee Handbook were placed on the NJ MEL's website (NJMEL.org) in July. Adopting the revised policies and handbook are one of steps required by all members to become/remain in compliance with the MEL EPL Risk Management Plan. He stated the date for completing the necessary steps for compliance with the MEL EPL Risk Management Plan has been extended from June 1, 2021 to November 1, 2021.

Police Command Staff Training – Mr. Forlenza stated that a component of the MEL EPL Risk Management Program is Police Command Staff training. He reported that a Save the Date went out for in-person training for Chiefs in June with AM and PM sessions with a max of 80 participants. Details will be sent out in the near future regarding registration.

Managerial & Supervisors Training – Mr. Forlenza noted another aspect of the MEL EPL Risk Management Plan is Managers and Supervisors training. The Employment Practice piece of the training will now be held via webinar with Armando Riccio. He noted that the first session was held last week. He

apologized as there were technical difficulties allowing 133 participants, when the cap was 100. He asked that if you were not able to get on, please sign up for one of the remaining session.

Non-Supervisory EPL Employee Training – Mr. Forlenza noted non-supervisory employee training - *Building a Safe Workspace: Anti-Harassment and Discrimination* is now available on the MEL website through the MSI. He noted that his office sent notification with REVISED instructions to access that video through the MSI. He commented that this course must be offered to employees as a requirement of the program, but the employees are not required to complete it. He noted that the process of offering them the program must be documented.

2020-2021 Elected Officials Training - Mr. Forlenza reported that Elected Official training is available only online this year through the MSI. He noted that you can register directly through the MSI and follow the steps in the agenda. Elected Officials who take the training will be eligible for the $250 credit which is limited to 5% of the member's 2021 MEL assessment for the total credit. Mr. Forlenza reported that a follow up notification has been sent because there were only 66 elected official who took the training. Please follow up with them. The deadline is May 3, 2021.

Protection & Safe Treatment of Minors – Mr. Forlenza reminded members that the MEL launched the protection and safe treatment of minors program last fall. He noted that training was held, but additional dates were released and can be found on page 138 of the agenda. He stated that this assists the JIF in defending claims and the individual named in the cases as well. He asked members to follow up with their personnel regarding this 2 hour webinar.

Summary of JIF Trainings and Reimbursement Programs – Mr. Forlenza stated that on pages 140-147 are a list of training and reimbursement programs offered by the JIF. He strongly urged members to review this information. He noted this is also on the website.

New Fund Commissioner Orientation - Mr. Forlenza noted that New Fund Commissioner orientation was held on April 14, 2021 and was well attended. He asked anyone with questions to contact his office.

Financial Disclosure Statement Filing – Mr. Forlenza stated that the Local Finance board extended the date for completing the Financial Disclosure filing to June 30, 2021. He reminded everyone you must use your Fund Commissioner PIN number when filing. If you lost this number, please contact Kris Kristie in his office.

Quarterly Attendance Report
Mr. Forlenza noted the quarterly attendance is on page 148. He asked members to review.

Mr. Forlenza asked if there were any questions. No questions were entertained.

MEL/RCF REPORTS

Mr. Hirsch noted that his report can be found beginning on page 158 of the agenda. Mr. Hirsch reported that they met on March 26, 2021. He confirmed that the MEL EPL Compliance has been extended from May 1, 2021 to June 1, 2021 and the documents/directions are on website. He reported there was a bill that significantly impacts Workers′ Compensation. He also stated that the MEL hired Princeton Public Affairs recently.

Mr. Hirsch reported that the MEL attorney is drafting the bid for RFQ for Background Check Companies. He noted the MRHIF and the NJCE Educational Seminar will be held May 14th and May 21, 2021 and CEUs are available.

Mr. Hirsch stated that included is a Cannabis Legislation legal update on page 158. Please review this information especially the opt-out information which has a deadline of August 21, 2021. If you do not do this, you automatically are opted-in for five years.

Mr. Hirsch asked if there were any questions. No questions were entertained.

SAFETY DIRECTOR'S REPORT

Mr. Garish stated that the Safety Director's Report begins on page 167. He stated that the report is self-explanatory.

He stated the bulletins sent out this month are listed in his report. He noted that 26/41 members have police agencies; 19/26 are using the Police One platform; 18/19 are actively taking Police One courses with approximately 4,577 courses completed as of April 19, 2021. He noted that anyone who would like to know where they stand with Police One training to please contact him. He thanked Megan Matro from the Executive Director's office for providing this information.

Mr. Garish noted that there are four (4) different platforms for training now. He stated that they are: MSI training (which includes the MEL media library video rentals); the MSI NOW (streaming videos added this year due to COVID); the traditional videos for streaming on MSI; and webinar trainings with live instructors for CEUs (this can be accessed from MSI). He noted the virtual MSI training directory is in the handout. He reported that an updated MSI website was recently updated and easier to navigate. He reminded members that to offer CEUs, the attendee MUST be present for the entire session; noting you cannot come late or leave early as no credits will be awarded. He noted polls and questions are issued during the class to ensure participation. Please reach out with any questions or problems using the MSI on the MSI hotline. He noted that there is a new defensive driving, state approved course, for members. He noted that mandatory regional training for seasonal employees, is available on May 20, 2021 via zoom and a save the date has gone out.

Mr. Garish informed members that the ACM JIF website is continuously updated so please check it out.

Mr. Garish asked if there were any questions. No questions were entertained.

All in Favor. Motion carried by unanimous vote.

Next Meeting

Chair Seib reminded the members that the next meeting will be held on **Wednesday May 19, 2021** at **3:00 PM** via ZOOM conference call with no in person.

PUBLIC COMMENT

Open Public Comment

Chair Seib entertained a motion to open the meeting to the public for comment.

Motion by Mr. Simone, seconded by Ms. Woods, to open the meeting to the public. All in favor. Motion carried.

Background Checks

Ms. Mahon inquired about the background checks for beach patrols, etc. She noted that there is a big delay in fingerprinting from these companies and she heard that some municipalities might bypass this step for lifeguards. Mr. DeWeese noted that bypassing any background checks is not recommended at all. He stated that this would put the municipality in a very dangerous position if they accidentally hired someone with prior offenses or issues. He stated that this opens the member and the JIF up to significant liability exposure by not having the background checks performed. He urged members to complete these if they wanted to protect themselves and the municipality.

Chair Seib noted that she explored companies to perform background checks and it is very challenging since fingerprints are being delayed. The company she is currently using will provide a 7 year background check from each state that the person resided in over the last 7 years. She also noted that this information is all electronic. She will happily share this information with anyone needing it. Brigantine, Northfield and Wildwood Crest asked for Chair Seib to forward this information.

Mr. Forlenza reported that the MEL recently issued an RFP for Background Check Companies and is currently reviewing the responses they received. The MEL will then post the information on the MEL website. He stated it will be the company, the cost, and the type of services they offer.

Close Public Comment

Chair Seib entertained a motion to close the public comment.

Motion by Ms. Burke, seconded by Mr. Simone, to close the meeting to the public. All in favor. Motion carried.

MOTION TO ADJOURN

Motion by Ms. Woods, seconded by Ms. Burke, to adjourn the April 21, 2021 meeting of the ACM JIF. Motion carried.

The meeting was adjourned at 4:20 PM.

Beat the Heat:

WITH THESE SIMPLE WORDS

Water, Rest and Shade!

BASICS

- Drink water every 15 minutes, even if you're not thirsty.
  No alcohol or too much sugar—both cause you to lose more body fluid. If you are fluid restricted or have a medical condition, consult your doctor.
- Rest in the shade to cool down.
- Wear a hat and lightweight, light-colored, loose-fitting clothing.
- Learn the signs of heat illness and what to do in an emergency (see below).
- Keep an eye on fellow workers.

SIGNS

Heat Exhaustion

- Heavy sweating
- Weakness
- Cold, pale, and clammy skin
- Fast, weak pulse
- Nausea or vomiting
- Fainting

What You Should Do:

- Move to a cooler location.
- Lie down and loosen your clothing.
- Apply cool, wet cloths to as much of your body as possible.
- Sip water.
- If you have vomited and it continues, seek medical attention immediately.

Heat Stroke

- High body temperature (above 103°F)*
- Hot, red, dry or moist skin
- Rapid and strong pulse
- Possible unconsciousness

What You Should Do:

- Call 911 immediately — **this is a medical emergency**.
- Move the person to a cooler environment.
- Reduce the person's body temperature with cool cloths or even a bath.
- Do **NOT** give fluids.

ATLANTIC COUNTY MUNICIPAL JOINT INSURANCE FUND

MAY 2021
CLOSED CASES

1.) Rudolph v. ACMJIF (Township of Hamilton)-This matter involved a pre-suit assignment regarding an uninsured motorist claim being asserted by the Plaintiff against the ACMJIF and his personal automobile insurance carrier, GEICO, arising from a motor vehicle accident which occurred on March 2, 2018. The Plaintiff, Leo G. Rudolph, III, a Police Officer with the Township of Hamilton, alleged that he was the operator of a Hamilton Township Police cruiser that was assigned to block traffic on Route 322 West at Mile Post 46 for electrical wires down crossing the roadway. Officer Rudolph's cruiser was subsequently struck by a motor vehicle being operated by Isaiah R. Smith. Mr. Smith was found to be driving while intoxicated and was found guilty of DUI, Assault by Auto, and Reckless Driving. Mr. Smith's vehicle was uninsured. The Plaintiff alleged to have suffered severe and permanent injuries as a result of the accident. The Plaintiff alleged that the Atlantic County Municipal Joint Insurance Fund (ACMJIF) is the Township of Hamilton's uninsured motorist carrier, and therefore, the ACMJIF is responsible for providing pro rata uninsured motorist benefits to the Plaintiff. The case was assigned to James R. Birchmeier, Esquire on April 29, 2020. Defense Counsel accepted the Assignment and began handling the matter on behalf of the insured. Defense Counsel engaged in settlement negotiations and the matter ultimately settled for a payment to the Plaintiff in the amount of $70,000.00 with the ACMJIF contributing the sum of $9,100.00 (13%) toward the settlement.

2.) Petruzzi v. Township of Waterford-This matter involved the Plaintiff's allegations in a Superior Court of New Jersey, Camden County Complaint arising from an incident which occurred on November 13, 2017. The Plaintiff, Joseph A. Petruzzi, III, alleges that he was lawfully on the property of the Defendant, Waterford Township, specifically, the Municipal Building located at 2131 Auburn Avenue, in the Township of Waterford, when he was caused to slip and fall on liquid that had been allowed to remain on the floor of the vestibule. The Plaintiff alleged that as a result of the incident, he has suffered severe and permanent injuries. The Plaintiff further alleged that the Township of Waterford was negligent in allowing the dangerous condition of the Waterford Municipal Building to exist. The case was assigned to Erin R. Thompson, Esquire on November 20, 2019. Defense Counsel accepted the Assignment and he filed an Answer to the Complaint on behalf of the insured. Defense Counsel engaged in the exchange of Discovery and a Motion for Summary Judgment on behalf of the insured was filed on March 4, 2021. The parties proceeded to Arbitration on March 10, 2021 and the Arbitrators found 100% liability against the insured and awarded the Plaintiff damages in the amount of $65,000.00. On March 30, 2021, Judge Kassel ultimately entered an Order granting Defense Counsel's Motion for Summary Judgment dismissing the Plaintiff's claims against the insured with prejudice. Judge Kassel held that the area where the Plaintiff fell did not amount to a dangerous condition within the meaning of Title 59. In addition, the Court held that the Plaintiff's injuries did not meet the permanency requirements for presenting a claim compensable under Title 59.

3.) Burton v. City of Wildwood-This matter involved the Plaintiff's allegations in a Superior Court of New Jersey, Cape May County Complaint that on August 15, 2017, the Plaintiff, Bernard Burton, Jr., was assisting a family member, James Young, move furniture from a moving truck to Mr. Young's apartment located at 139 West Spencer Avenue, in the City of Wildwood, when the moving truck broke down and was parked on the 200 block of West Spencer Avenue which required the Plaintiff and Mr. Young to finish moving the furniture utilizing the Plaintiff's vehicle. It was alleged that following the completion of the job, the Plaintiff was returning Mr. Young to his apartment when members of the Wildwood Police Department effectuated a motor vehicle stop of the Plaintiff's vehicle. It was further alleged that Wildwood Police Officer Pilanski approached the Plaintiff's vehicle with his service weapon drawn and that the Plaintiff did not adhere to the initial commands of the Officers. The Plaintiff was subsequently placed under arrest and was charged with possession of marijuana under 50 grams, failure to obey an Officer's instruction, and obstructing passage of other vehicles; however, all charges were ultimately dismissed in March of 2018. The Plaintiff alleged that as a result of the incident, he sustained serious violations of his civil rights, significant emotional distress, and economical damages. The Plaintiff further alleged that the City of Wildwood was negligent in its duty to properly train and supervise the members of the City of Wildwood Police Department. The case was assigned to James R. Birchmeier, Esquire on April 25, 2019. Defense Counsel accepted the Assignment and he filed an Answer to the Complaint on behalf of the insured. Defense Counsel proceeded with exchange of initial Discovery. The matter was Court Ordered to Mediation on July 2, 2019 and Defense Counsel immediately provided correspondence to Plaintiff's Counsel requesting the selection of an alternate Mediator. The parties participated in an initial Mediation Session on May 26, 2020 before retired Judge Donio which was unsuccessful in resolving the matter. Defense Counsel continued with the exchange of Discovery in the matter. An investigation was ordered on the Plaintiff and it was uncovered that the Plaintiff has a history of criminal activity, including 14 arrests or citations issued between 2001 and July 17, 2020, in LA & NJ. Charges included possession of drug paraphernalia, possession of marijuana, possession of cocaine, trespassing, resisting arrest, simple assault and attempted kidnapping. Most notably, Mr. Burton was charged with possession of marijuana and obstruction of a government function issued and bail was set to $600.00 with the warrant being listed as executed on July 17, 2020 and later recalled on July 20, 2020; when bail was posted. Also on July 17, 2020, the Plaintiff was charged with possession of marijuana and possession of drug paraphernalia. Surveillance efforts were fruitless as Plaintiff was not observed on either date. The Discovery End Date in this matter was February 15, 2021 and a Settlement Conference was scheduled by the Court to be conducted on April 13, 2021. Defense Counsel was ultimately able to negotiate the settlement of this matter for a payment to the Plaintiff in the amount of $45,000.00. A Stipulation of Dismissal as to the insured Defendants was filed with the Court on May 5, 2021.

Questions about employment issues? Call the New MEL Employment Practices Helpline

The MEL Safety Institute is pleased to announce the establishment of a NEW MEL Employment Practices Helpline (EPL), a dedicated resource to guide members on employment related issues.

The MEL EPL Helpline is staffed by attorneys that specialize in New Jersey employment law and understand the MEL JIF system. The three law firms staffing the EPL Helpline are affiliated with local Joint Insurance Funds (JIFs).

Who can use the EPL Helpline? MEL member municipalities will select and approve two individuals to use the helpline.

What hours is the EPL Helpline available? The helpline will be staffed during normal business hours, 9 a.m. – 5 p.m. Voicemail can be left afterhours for a callback.

What kinds of issues can be addressed? Any employment related topics or policies and procedures related to issues such as:

- Hiring
- Termination
- Harassment
- Discrimination
- Promotion/Demotion
- And more…

What are the MEL EPL Helpline numbers? MEL members can choose to call any of the MEL EPL Helpline firms listed below.

May Activities & Plans

ACM JIF Wellness:

Individual and/or Group Health Coaching: I'm continuing to offer my services as a Certified Health Coach to any municipal employee who would like to work on improving their health. Examples of areas to address include:

- Nutrition
- Physical fitness
- Weight management
- Stress management
- Long & short-term goal setting
- Building healthy habits & routines

If you or anyone is interested, please feel free to email or call me and we can set up a date/time that is most convenient for you. All sessions are virtual via Zoom.

Wellness Activity Idea – May Activity Challenge: The goal of this month's challenge is to workout 10+ days in May. Any type of workout counts, including biking, running, walking, strength training, swimming, etc. You have the chance to earn Bronze (10 workouts), Silver (15 workouts) or Gold (20 workouts). Have fun with this challenge! Compete against your colleagues and provide prizes at the end for those who complete 10 or more workouts this month.

Newsletter Question of the Month: Please email me with any health and wellness related questions you might have! I will research the answers and feature it in each monthly newsletter.

2021 Wellness Funds: Can you believe it?? We're almost halfway through the year!

- Planning wellness activities early in the year can help provide employees with creative and fun ways to focus on their well-being, and can eliminate the end-of-the-year rush/last minute brainstorming with spending of the wellness funds.
- **If you already have wellness activities planned for your municipality, please let me know so I can share at the monthly JIF meeting!**
- **If you need any assistance with implementing employee wellness activities, spending 2021 wellness money or if you have any questions, please don't hesitate to reach out! I'm here to help you!**

MUNICIPAL ACTIVITIES:

HOW NATURE BENEFITS YOUR HEALTH

A growing body of research points to the beneficial effects that exposure to the natural world has on health, reducing stress and promoting healing. Now, policymakers, employers, and healthcare providers are increasingly considering the human need for nature in how they plan and operate.

In a study of 20,000 people...

Found that people who spent 2 hours a week in green spaces (local parks or other natural environments) - either all at once or spaced over several visits - were substantially more likely to report good health & psychological well-being than those that don't.

Research done in hospitals, offices, and schools has found that even a simple plant in a room can have a significant impact on stress and anxiety.

It has been shown that time in nature is an antidote for stress: It can lower blood pressure and stress hormone levels, reduce nervous system arousal, enhance immune system function, increase self-esteem, reduce anxiety, and improve mood.

The studies point in one direction...

"Nature is not only nice to have, but it's a have-to-have for physical health and cognitive function."

Businesses are increasingly aware of the desire among employees for access to green spaces. “It’s needed to attract a skilled work force,” said Florence Williams, author of The Nature Fix.

Tips To INCORPORATE NATURE INTO YOUR WORKSPACE

Enhancing your office space with natural elements can make a big difference, elevating your mood and enhancing your productivity. Here are some tips on ways you can bring nature into your office space.

BRING PLANTS INTO YOUR OFFICE:

- Watch out for heavy pollinators: you don't want to set off your allergies, or those of your colleagues.
- Don't pick plants that are high maintenance: you need to be able to miss watering over the weekend or if you're on a vacation.
- Consider your available space: Hanging baskets or window sill potting can be good options if you're constrained by space.
- Pick your plants based on the amount of light they need to thrive. Even if you don't have a well-lit space, there are still plant options (like bromeliads and philodendron) that can help you keep your space green and your productive thoughts flowing.

HARNESS THE POWER OF WATER:

According to Feng Shui, water represents free flowing of ideas, and thus helps promote office communication. If you deal with many different people, having a small water fountain or perhaps even a fish bowl will help aid with your communication with them. If you are not able to use an actual water feature, glass can be used as a good substitute.

FIND SOME OUTDOOR SPACE:

If you can't bring the outdoors in with you, find a place where you can escape frequently and find a moment of respite during a busy or stressful day. Even finding a spot nearby where you can take a lunchtime walk can make a world of difference in your outlook.

FAKE IT:

Obviously, actually interacting with natural elements is best, but if it's not an option, you can still find a few workarounds that could create an oasis in your office space. Some of our favorite ideas include using relaxing, nature-based artwork in your office spaces; using mirrors or glass to create optical illusions of additional space; and cutting down on harsh, fluorescent overhead lighting.
If you have any outdoor or shared space available near your office, making it accessible to employees and encouraging breaks in these areas can give your team members a much-needed refresh and reset during a long workday.

THE BEST LOW-LIGHT Office Plants

SPIDER PLANT:

Extremely low maintenance, thrives in partial light/shade, and purifies the air.

SNAKE PLANT

Very hardy and hard-to-kill, require little to no sunlight, can go multiple days without watering, purify the air.

CACTUS

Needs lots of direct sunlight, require very little water, come in many different styles & varieties.

BAMBOO PALM

Needs very little sunlight, only needs to be watered once a week, provide lush green addition to your office space.

GERBERA DAISY

Needs very little sunlight, needs to be watered daily, come in a wide range of colors and they are small/can fit anywhere.

LEMON BALM

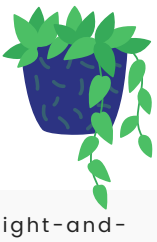
Does well in direct sunlight or low-light areas, needs to be watered daily, hardy, gives off a lemon scent that can boost your mood.

ALOE

Does well in direct sunlight, needs to be watered every 3 weeks, purifies the air.

POTHOS

Requires very little sunlight, only needs to be watered when soil is dry, has a lush green look.



Healthy Gardening

Gardening is one of the most popular pastimes for Americans, but doing it incorrectly can lead to back pain, joint aches, and muscle strains. Gardening can also be difficult for people with health conditions that limit movement (such as arthritis) or cause fatigue. But with a few easy strategies, gardening can be a pleasurable and safe activity for all.

Developed by occupational therapy practitioners, the following tips will help decrease the aches, pains, and strains that often occur during gardening.

IF YOU WANT TO:	CONSIDER THESE ACTIVITY TIPS:
Plant & weed without pain	Start with a small garden that you can manage easily. The garden should be located near your house and water supply to reduce time spent hauling the hose or watering can. Self-coiling hoses are lightweight and easy to use. Use a kneeler seat, which is a combination kneeling platform and seat. Many kneeler seats fold for easy storage. Make sure that the folding mechanism is easy to operate and does not cause stress on your hands.
Avoid back pain from heavy lifting	Bags of mulch, soil, and fertilizer are heavy. Instead of lifting the whole bag, divide it into smaller loads, and use a two-wheeled garden cart to move materials, as it is more stable than a wheelbarrow. When lifting a bag, use your leg muscles (not your back). Ask for help or consider hiring someone to assist with heavier tasks.
Conserve energy to be able to garden longer	Sit while gardening to decrease stress on your back, knees and hips. Task rest breaks every 15 minutes and stop work before you become overtired. Vary your tasks to avoid overstressing one part of your body. Change your position frequently to avoid becoming stiff. TIghtly gripping or pinching a tool for a long time can lead to swelling in your hands and arms, and prolonged hunching can cause back strain and knee pain. Resist the urge to focus on just one area of the garden at a time, and instead move around doing various tasks.

Healthy Gardening

IF YOU WANT TO:	CONSIDER THESE ACTIVITY TIPS:
Protect your joints and avoid awkward positions while using pruners and other garden tools	Select garden tools that have padded and curved handles to protect the joints in your hands and fingers from excess pressure and strain. If you have a weak grip, use pruners and clippers that have racheting or spring-action self-opening features. Avoid twisting and reaching while planting or pruning.
Spend more time enjoying the fruits of your labor	Carefully consider how much maintenance your garden will need. When possible, use native plants. Plant groundcovers to keep weeds to a minimum. Once established, perennials require less work than planting annuals every year. Think about how large each plant will get, and the amount of pruning that will be required.

Planting & Weeding

Kneeling without cushioning and with your back arched strains your knees and back. Keeping your body straighter, using a kneeler, and kneeling with one leg up reduces the strain.

Lifting

Lifting from your waist strains your neck, shoulders, and back. Lifting with your knees bent uses the much stronger leg muscles.

5 SUBTLE EMPLOYEE BURNOUT SIGNS

The fact is: burnout is a big concern. In a recent survey, Deloitte found that 77% of people had experienced burnout at their current job, while 69% felt their employers weren't doing enough to prevent or alleviate burnout.

Here are some of the less visible signs of burnout that you may be overlooking. Alone, none of these are guaranteed symptoms, but—taken together—they form a pattern that may signal someone is in need of support.

Loss of confidence...

If somebody suddenly seems to lose confidence in their abilities, it could be a sign that they're experiencing burnout. This could manifest as an employee who's convinced their work will always be rejected, or who becomes more tentative than usual. And it's not just in the office; this loss of confidence can also leech into personal lives, with people believing that they're incompetent, disliked, or unwanted.

A change in socializing at work...

Burnout can sometimes mimic symptoms of depression, leading people to feel lethargic and disconnected. If someone is suddenly exhausted all the time and skipping plans or turning down favorite activities, it could be a sign of burnout. Burnout could also be the reason why an employee suddenly becomes cynical about their work relationships or their perceived place in the company.

A change in general behavior...

If an employee or colleague suddenly has a drastic dip in energy—for example, if they seem disinterested and unspirited compared to how they usually are—it could be a sign of them becoming disengaged, which is a marker of burnout. Likewise, a sudden change in eating habits—either in terms of suddenly eating more or eating less—could also signal impending burnout. That's because individuals suffering from burnout may try to fill the serotonin gap through eating sugary junk food and carbs. (It's called stress eating for a reason!)

Lack of care at work...

Another common sign of burnout is an employee who suddenly becomes a lot less careful at work—whether in terms of their attention to detail or their attitude. For example, there may be a rise in absenteeism, or a reckless, "devil-may-care" attitude. These could signal that an individual no longer cares about their job, which could be a result of an underlying issue like burnout.

Physical illness...

Finally, if you notice someone is off work more often, or is complaining about ailments, you should pay attention. Partially because burnout can cause actual physical symptoms (such as headaches, stomach trouble, body aches, and increased susceptibility to flu and colds.) But also because a sudden uptick in days off could be symptomatic of someone who is burnt out and unable to face work.

CANNELLINI CASHEW BREAKFAST BARS

Recipe From: https://foodandnutrition.org

ingredients

- Cooking spray
- 2½ cups old-fashioned oats
- ½ cup unsweetened coconut flakes
- ½ cup raw unsalted sunflower kernels
- 1 cup roasted unsalted cashews
- ½ cup dried cherries
- ¼ cup mini chocolate chips
- 1 teaspoon kosher salt
- 1 teaspoon ground cinnamon
- 1 cup pitted medjool dates
- ½ cup natural creamy cashew butter
- 1 cup canned cannellini beans, drained and rinsed
- ½ cup (131 milliliters) unsweetened applesauce
- 2 teaspoons (9 milliliters) pure vanilla extract
- ¼ teaspoon flaky sea salt, for topping

recipe preparation

- Preheat oven to 350°F (176°C). Lightly coat a 13-by-9-inch pan with cooking spray. Mix oats, coconut, sunflower kernels, cashews, dried cherries, chocolate chips, kosher salt and cinnamon in a large bowl.
- Place dates, cashew butter, beans, applesauce and vanilla extract in a food processor and blend until smooth. Add the blended ingredients to the bowl with dry ingredients and stir.
- Spread onto the prepared pan and sprinkle evenly with flaky sea salt. Bake for 20 minutes.
- Cool completely and slice into 12 bars. Wrap each bar with plastic wrap and store in an airtight container in the refrigerator for up to one week.

THE MONTHLY MOVE

MOST COMMON BICYCLE CRUNCH MISTAKES

PULLING YOUR NECK

- If your neck hurts during bicycle crunches, something is off with your form. Tugging on the neck is the most common mistake. It not only causes discomfort, but it makes your abs work less hard. How to fix it: Instead of 'holding' your neck, try resting your hands behind your neck and lead with your elbows.

CLOSING YOUR CHEST

- Closing your chest can lead to neck discomfort as well as spine curvature, which is not ideal in most core-based movements. This limits the range of motion. How to fix it: Interlace your fingers gently behind your head while rolling your shoulders back, creating an expansion in your chest.

YOU DON'T PRESS THROUGH YOUR HEELS

- Pressing through your heels allows you to activate the cross stabilization. Hot to fix it: Adding a two-second pause at the top of the contraction is a great reminder to drive through your heels and move your legs with intention

SPEEDING THROUGH THE MOVEMENT

- People tend to rush through bicycle crunches instead of developing a proper foundation for the movement. And when you sprint through, you rely on momentum (not muscle) and decrease time under tension. How to fix it: Pausing at the top of the movement or incorporating a tempo (for example, hold for 2 counts before switching legs) can remind you to slow down and activate your core muscles.

ARCHING YOUR LOWER BACK

- Does your lower back lift off the mat when you pump through bicycle crunches? This can place pressure and strain on your back and hips. And if you do it often enough, it can lead to back pain. How to fix it: Always think of driving your naval into your spine, which in simpler terms is tucking your belly button, adding that it's also important to press your lower back toward the ground.

The JIF has contracted with Pivot Point Security to provide technology risk management services to the members. These services include phishing tests, the development of, and training on, various cyber related policies and procedures, the development of third party cyber risk standards, as well as network vulnerability assessments. Over the next few months, members will begin to see the role out of different risk management services from Pivot Point. Please do not hesitate to contact the Executive Director's office if you have any questions.

P. 2022-2023 MEL EPL Risk Management Plan Update

In July 2020, the revised Model Employment Practice Policies and Employee Handbook were placed on the NJ MEL's website (NJMEL.org). Adopting the revised policies and handbook are one of steps required by all members to become/remain in compliance with the MEL EPL Risk Management Plan. The date for completing the necessary steps for compliance with the MEL EPL Risk Management Plan is November 1, 2021.

Q. Police Command Staff Training Invite (pgs. 84-85)

On or about April 29, 2021 an invitation was emailed to all Fund Commissioners and Risk Management Consultants for the upcoming Police Command Staff Training, asking them to please forward to their Police Department for review and action. Completion of this training by the members of your Police Department's Command Staff is a required element for compliance with the MEL's 2022-2023 Employment Practices Liability Plan of Risk Management. Please note that this training is being held in person. Each of the three (3) training dates will include AM & PM sessions. Each session is identical in the materials to be covered. Social distancing and the wearing of masks will be enforced. The training dates are as follows:

Thursday, June 3, 2021 @ Indian Springs Country Club, Marlton
Tuesday, June 8, 2021 @ Merighi's Savoy Inn, Vineland
Wednesday, June 23 @ Auletto's Catering, Deptford

R. Managerial & Supervisory Training Invitation (pgs. 86-90)

During the week of March 8, 2021, an invitation was emailed to all members for the Managers & Supervisor's Employment Liability Training. This trainings are being held via webinar and are presented by Armando Riccio, Esq. Participation in this training is required for compliance with the 2022-2023 MEL EPL Plan of Risk Management. Please note that participation in each session is limited to 100 participants. **Due to unforeseen circumstances, the May 12th sessions were postponed and rescheduled to June 9, 2021. All registrants for these sessions were notified of this change and sent a new link for the June 9th training**. Please contact the Executive Director's office if you have any questions.

S. Non-Supervisory EPL Employee Training (pgs. 91-96)

On November 23, 2020 & April 14, 2021, a memorandum was sent to all members notifying them of the availability of non-supervisory employee training through the MEL Safety Institute (MSI). A required element of compliance with the MEL's 2022-2023 Employment Practices Liability (EPL) Risk Management Plan, all members are required to notify their non-supervisory employees of the availability of this training. The training module is entitled Building a Safe Workplace: Anti-Harassment and Discrimination and is approximately 20 minutes in length. The memorandum provides specific directions on how to access the training module in the MSI. All members should document the notification of the availability of this training to their employees. The notification

should go out as soon as possible. The deadline to comply with this aspect of the EPL Risk Management plan is November 1, 2021.

T. Protection & Safe Treatment of Minors Training – Add'l Dates (pg. 97)

On or about March 1, 2021, a notice was sent to all Fund Commissioners and Municipal Clerks announcing the availability of additional training dates for the *Protection & Safe Treatment of Minors* webinars. It is strongly recommended that all Managers & Supervisors complete this training as soon as possible if not already completed. Completion of this training will assist in defending the municipality and their employees should they be named in a SAM claim. Please remember that this training is separate and distinct from the Managers & Supervisors employment training that must be completed for compliance with the MEL EPL Risk Management Plan.

U. Land Use Training Certification (pg. 98)

Attached for your review is a list of members that have provided a certification to the Fund Underwriter indicating that they have completed the Land Use Training process for at least some of their Board Members. Land Use Board members that complete the training process will be eligible for enhanced coverage should they be personally named in a Land Use claim. Please note that only these Board members that have completed the training are eligible for the enhanced coverage. If you would like additional copies of the Land Use Liability Training Booklets, please contact the Executive Director's office. If you have any questions regarding the individuals that have completed the training, please do not hesitate to contact Ed Cooney, Fund Underwriter at 973-659-6424 or ecooney@connerstrong.com.

V. Financials Disclosure Statement Filing

In 2014, the Division of Local Government Services implemented a new "on line" process for completion and submission of Financial Disclosure Statements (FDS). Each Fund Commissioner has a unique PIN # for which to file for their position of Fund Commissioner with the JIF. Newly assigned Fund Commissioners receive their Filing PIN # from the Executive Director's office once we are notified of their assignment. On or about April 29, 2021, an email, including instruction and a copy of Local Finance Notice 2021-8, was sent to all Fund Commissioners and Fund Professionals, required to complete the FDS process, notifying them of their responsibility to include their role with the JIF on their FDS. **All FDS must be submitted by June 30, 2021**. Any newly appointed Fund Commissioner that has not yet received their PIN# from the Executive Director's office should contact Kris Kristie at 856-446-9136.

W. Website (www.acmjif.org)

In early 2019 the new ACMJIF website was launched. Please take a moment to explore the new site, which contains a plethora of information in an easy to read format and navigate site. If you have any questions, comments, or feedback, please contact Megan Matro at 856-446-9141 or Megan_Matro@riskprogramadministrators.com.

---

Good Afternoon Folks,

The MEL Cyber Task Force has released Version 2 of the MEL Cyber Risk Management Program. A tremendous amount of effort went into updating this Program, but a very special thanks goes to Ed Cooney, Fund Underwriter, Lou Romero, Technology Risk Services Director, BURLCO & TRICO JIFs, Marc Pfeiffer, Rutgers University, and Bob McQueen, Director of Information Technology for the Township of Franklin, Somerset County, NJ, who all went above and beyond to get this Program into the great shape it is in today.

Attached is a memorandum that summarizes the changes since version 1 as well as other documents required to be in compliance with the Program. Please be sure to review this memorandum along with all other attached documents with your IT Professionals. These documents as well as additional resources to assist you in updating your program is available on the MEL website:

https://njmel.org/mel-safety-institute/resource-center/public-officials/public-officials-cyber-risk-control/#model

A couple of reminders:

1. Reimbursements

The following amounts are what will be reimbursed to the member by the MEL if found to be in compliance at the time of the claim.

Year	Member Deductible	Reimbursement		
		Tier 1	Tier 2	Tier 3
2021	$25,000	$20,000	$22,500	$25,000
2022	$25,000	$10,000	$20,000	$25,000

2. Reimbursement Policy

The MEL Cyber Deductible Reimbursement program is a *reimbursement* program whereby the member is reimbursed for deductible amounts actually spent by the member if they are in compliance with the applicable Tier at the time of the incident.

3. Grandfather

All members in compliance with version 1 of the MEL Cyber Risk Management Program as of 3/5/2021 will receive grandfathered status until January 1, 2022. At that point in time, those grandfathered members will need to recertify. Any members not grandfathered must comply with version 2 to be eligible for reimbursement.

If you have any questions, please do not hesitate to contact me.

Thanks.

This Month's Two Key Developments On Jurisdiction Of Medical Claim Petitions And Orders To Compel Reimbursement Of Costs Of Medical Marijuana

We are two weeks into April, and already the New Jersey Supreme Court has considered two extremely significant issues for workers' compensation practitioners, employers and carriers. The first decision was announced on April 1, 2021 when the Supreme Court decided not to take certification in the matter of Anesthesia Assocs. of Morristown, PA v. Weinstein Supply Corp., 2021 NJ LEXIS 286. This means that the unreported Appellate Division decision stands dealing with jurisdictional issues in medical claim petitions.

There are many hundreds of medical claim petitions in New Jersey where the only contact with the State of New Jersey is the location of the medical procedure. Anesthesia Associates of Morristown involved two consolidated cases. In the first case, the petitioner lived in, worked in and was injured in Pennsylvania and even filed a claim petition in Pennsylvania. The medical procedure took place in New Jersey, and the medical provider filed a medical claim petition in the New Jersey Division of Workers' Compensation seeking additional charges.

In the other case, Surgicare of Jersey City v. Waldbaum's, all contacts were in the State of New York, but the medical procedure again occurred in New Jersey. The medical claim petition was thereafter filed by the provider in the New Jersey Division of Workers' Compensation seeking the balance of its original charges of $252,000.

In both cases the respective judges of compensation found that there was no jurisdiction in New Jersey because the State of New Jersey had no jurisdiction over the worker's underlying workers' compensation claim. The judges dismissed the medical claim petitions. The Appellate Division affirmed: "Applying these considerations to the two cases before us, we agree with the two judges of compensation that there was no cognizable claim for a work-related injury in either case. Therefore, the Division did not have jurisdiction over AAM's or SJC's claims and they were appropriately dismissed, substantially for the reasons expressed by the two judges of compensation.

The medical providers next sought certification from the New Jersey Supreme Court. The action of the Supreme Court in denying certification in effect is an affirmance of the unreported Appellate Division decision. The problem is that unreported decisions are not technically precedential. They do not have to be followed by other judges. It seems clear that the New Jersey Supreme Court agrees with the reasoning of the judges of compensation and the Appellate Division. Frankly, the Appellate Division decision needs to be reported by the Committee on Publications because it resolves a hotly contested issue within the Division and will avoid further appeals.

On April 13, 2021, the New Jersey Supreme Court released its decision in Vincent Hager v. M&K Construction, (A-64-19) (084045). The facts of this case will only be dealt with briefly, as the undersigned has written extensively about Hager in prior blogs. The issue concerned whether an

employer can be ordered to reimburse the petitioner for the ongoing costs of medical marijuana under the New Jersey Compassionate Use Act. The Judge of Compensation found in favor of petitioner and ordered the employer to make reimbursement. The Appellate Division affirmed in 2020. The Supreme Court has now affirmed the Appellate Division decision in a very lengthy opinion.

The Supreme Court found as follows:

The Compassionate Use Act cannot require a private health insurer to reimburse a person for costs associated with the medical use of cannabis, but the term "private health insurer" does not include workers' compensation coverages. Therefore employers and carriers in workers' compensation are not exempt from the reimbursement requirement by statute.

The Court found that there is competent medical evidence to support the argument that medical marijuana can restore some of a worker's function or, as in Mr. Hager's case, relieve symptoms such as chronic pain and discomfort. For this reason the Court said that medical marijuana may be found to constitute reasonable and necessary care under the New Jersey Workers' Compensation Act.

The Court devoted most of its decision to the conflict between the Controlled Substances Act, which lists marijuana as a Schedule One drug, and the Compassionate Use Act. The issue more precisely was whether the federal law preempts state law in respect to requiring reimbursement for costs of medical marijuana. The Court focused heavily on recent Congressional appropriations riders. "Congress has, for seven consecutive fiscal years, prohibited the DOJ from using funds to interfere with state medical marijuana laws through appropriations riders." The Court said, "We conclude that the CSA, as applied to the Compassionate Use Act and the Order at issue, is effectively suspended by the most recent appropriations rider for at least the duration of the federal fiscal year." The Court added, "Qualified patients may continue to possess and use medical marijuana, and related compensation orders may be entered while federal authorities continue to enforce the CSA to the extent Congress permits."

The Court rejected the argument that employers which are ordered to reimburse employees for costs of medical marijuana amount are violating federal law by aiding and abetting under 18 U.S.C. section 20. To be more precise, M&K contended that the company was being forced to break federal law. The Court concluded that there can never be aiding and abetting when actions are taken pursuant to a court order, including an order in the Division of Workers' Compensation.

Some other state courts, such as in Maine and Massachusetts, have gone in a different direction from the New Jersey Supreme Court on the preemption issue. The New Jersey Supreme Court acknowledged that there is no consensus on this issue among all the states that have addressed it. Eventually this issue may find itself before the United States Supreme Court.

NJ Governor Signs S2476 Supplementing Benefits For Surviving Dependents Of Essential Employees

On Tuesday, April 20, 2021, New Jersey Governor Phil Murphy **signed into law** a bill co-sponsored by Senators Troy Singleton and Dawn Addiego. The bill will provide weekly supplemental benefits to surviving dependents of essential employees who contracted COVID-19 through work. The benefits will be paid by the New Jersey Second Injury Fund.

The prerequisites for a dependent to receive this supplemental benefit are that the decedent must have been an essential employee under New Jersey law, and there must be a court order in the form of a

dependency award in the Division of Workers' Compensation. While the law itself does not mention the need for a dependency award, the Office of Special Compensation Funds advised Capehart partner Stephen Fannon, Esq. that dependency judgments must first be entered before the Second Injury Fund can pay the supplemental benefits. This is similar to the public safety law, N.J.S.A. 34:15-95.6.

The Office of Special Compensation Funds also advised that the petitioner must fill out several documents which are listed on the Office's website before the supplemental payments will be made. The expectation is that counsel for petitioner will fill out the calculation sheet also located on the website of the Office of Special Compensation Funds. None of this is in the actual law.

The formula for the supplement requires that one should use the workers' compensation weekly dependency benefit initially awarded as the numerator and use the state's maximum workers' compensation death benefit as the denominator. In 2021 the maximum death rate is $969. Consider then a hypothetical case where an essential employee dies in 2021 from COVID-19. The employee's wage was $830.57 giving rise to a dependency rate of $581.40, which is 60% of the maximum death rate of $969. Every year as the maximum death rate rises, a supplemental payment will be made to the dependent so that the dependent's benefits never drop below 60% of the maximum death rate in effect for subsequent years. Without that supplement, the dependent's rate would remain the same every year, as it does for almost all other dependents in New Jersey.

The notice provision of the law was not well thought out. The new law states that the Second Injury Fund must be notified by the insurance carrier or self-insured employer of the need to have the Second Injury Fund make supplemental benefit payments. That notice must be completed not later than the 60th day after the *"date on which it is determined that the payment of supplemental benefits is required pursuant to this section*." That date clearly will be the date of the dependency award entered by the Judge of Compensation.

But the Office of Special Compensation Funds has already advised that petitioner's attorney must complete certain forms on their website before payments will be made. It would seem then that the notice will be coming from petitioner's attorney. Yet the law goes on to provide ominously, "*If the insurance carrier or self-insured employer fails to notify the division and that failure results in the payment of an incorrect amount of benefits, the liability for the payment of the supplemental benefits shall be transferred from the Second Injury Fund to the employer until the time at which the insurance carrier or self-insured employer provides the required notice."*

The penalty language imposed on the carrier or employer makes absolutely no sense since the forms that need to be completed will be executed by petitioner's attorney, who will be providing notice through those forms, and no payment can be made until the Fund receives those forms. One may surmise that

there was a communication failure between the bill sponsors and the Office of Special Compensation Funds. If delays are occasioned by the failure of petitioner's attorney to submit those forms, why would

the insurance carrier or employer be penalized for not giving timely notice? Given this legislative snafu, employers, self-insureds and their counsel will be well advised to provide notice to the Fund in writing by certified mail immediately after a dependency award has been executed by the Judge — even though the employer and carrier have no control over the submission of the necessary forms that will trigger the supplemental payments.

What about all the cases that have already been accepted in the past year involving essential employees but have never gone through court? The Office of Special Compensation Funds advised my partner, Steven Fannon, that court orders will need to be entered for dependents to receive the supplemental payments. Claim petitions will need to be filed to convert the voluntary tender of dependency benefits into a dependency order.

This Month's "Security with a Smile" (Because Life is Too Short...)

This Month's Advice: Protect Your Privacy With a VPN

What Is a VPN, and How Does It Work?

Have you ever connected to a public Wi-Fi network and wondered if someone is watching you? It's a legitimate concern and they very well could be! But you can protect your online activity with a VPN (Virtual Private Network).

For those of you not familiar, a VPN is a simple software that was created to protect your online privacy and make life harder for hackers by anonymizing your traffic and location. When you switch it on, a VPN creates an encrypted tunnel between you and a remote server operated by a VPN service. Your Internet traffic is routed through this tunnel, so your data is secure. And because your traffic is exiting the VPN server, your true IP address is hidden, masking your identity and location.

Here are some of the benefits of installing a VPN:

Added Privacy & Security: One of the biggest benefits of using a VPN is to keep your data secure and online activity private. Consider the public Wi-Fi network in an airport or coffee shop. While it might feel safe to connect, somebody might actually be watching the traffic on that network. Internet service providers (ISPs) and some organizations have ways to keep track of everything you do online. If you think "going incognito" in your browser is all you need to do, you couldn't be more wrong!

Protect multiple devices at once: Most paid VPNs* provide multiple simultaneous connections, allowing you to protect your computer, smartphone, tablet, smart TVs and other devices at the same time. The number of connections VPNs allow vary depending on the service (most provide 3-7), so choose one that best suits your needs.

Beat censorship: Many countries around the world censor the Internet because certain content doesn't align with political or religious beliefs. If you're living in or traveling to a country with Internet restrictions, a VPN can allow you to freely and securely browse online. Without a VPN, simple tasks like Googling or updating your social media can be nearly impossible.

*While there are a number of free VPNs that allow you to try before you buy, be cautious of using a non-user funded VPN. The necessary infrastructure to run a VPN, including servers, doesn't come cheap, so free tools are often supported by selling your information to third party companies in order to maintain the VPN.

Police Command Staff
Risk Management Seminar

As part of their continuing commitment to Police Command Staff Training the Atlantic, Burlington, and Gloucester, Salem, Cumberland Counties Municipal Joint Insurance Funds are jointly sponsoring a seminar on Police Risk Management. **The seminar is intended for all Command Staff who manage or supervise other officers within your municipality. This includes, but is not limited to, Chiefs, Deputy Chiefs, Lieutenants, Captains, Sergeants, and Corporals. Attendance at bi-annual employment practices training is mandatory for Police Command Staff in order to comply with the MEL's 2022-2023 Employment Practices Liability (EPL) Plan of Risk Management**. Failure to attend training can lead to costly litigation and may result in higher co-pays and deductibles for EPL.

The field of employment law remains perhaps the most rapidly evolving area of law both in the State of New Jersey and nationally. As legislators and the courts afford greater protection to more groups of employees, the nature and frequency of claims against employers increase proportionately. Public employers are not immune from this trend. Your knowledge of basic legal and administrative employment principles will help keep you out of trouble. **In fact, the Courts have determined that training of Police Command Staff is an essential part of an affirmative defense in an employment related claim.**

Topics

Among a myriad of topics of importance to Police personnel, this year's training will touch upon legislation regarding Sexual Abuse & Molestation and Police personnel's responsibility in this regard. Also, common employee/employer issues including discipline and discharge, promotion procedures, hostile work environment, and discrimination and harassment including the Conscientious Employee Protection Act (CEPA). In addition, information will be provided on immunities available for police operations under Title 59, how to protect your agency against liability claims, and managing these claims when they occur. Time will also be spent discussing workers compensation and liability coverage afforded police officers as well as various safety and risk management programs implemented to manage the risk associated with police operations.

Subject: Managers & Supervisors – Employment Practices Liability Training

---

Beginning in April, the Atlantic County, Burlington County, and Gloucester, Salem Cumberland Counties Municipal Joint Insurance Funds are sponsoring Employment Practices Liability Training for all member Managers & Supervisors. The Courts have determined that training of Managers & Supervisors is an essential part of an affirmative defense in an employment related claim. Completion of this training is mandatory for a member municipality to be in compliance with the MEL's Employment Practices Liability Risk Management Program. Member municipalities in compliance with the Risk Management Plan are eligible for lower claim deductibles and coinsurance.

Due to the ongoing social distancing requirements brought about by the pandemic, this training is being conducted virtually using the Zoom conferencing platform and the MEL Safety Institute. The training will be conducted by Armando Riccio, Esq. and will focus on, among other subjects: harassment and discrimination, implicit bias, addressing employee complaints, your role and obligations as a manager, and the enforcement of municipal policies and procedures.

Attached, please find a listing of the available training dates and times with a hyperlink that can be used to register for the session you wish to attend as well as instructions on how to register. Please note that each session will be the same in the materials covered and each session is limited to 100 participants. An application will be made to the Department of Community Affairs for Continuing Education Units.

Please note that this training is in addition to the *Protection & Safe Treatment of Minors Program* that all Managers & Supervisors were strongly urged to complete this past Fall/Winter.

About Zoom Training:

- A Zoom account is not needed to attend a class. Attendees can log-in and view the presentations from a laptop, smartphone, or tablet.
- Registration is required. Once registered you will receive the webinar link for your class, be sure to save the link on your calendar to access the day of training.

Re: 2022-2023 MEL EPL Risk Management Program
Non-Supervisory Employee Training Announcement

****

As you are aware, every two years, the New Jersey Municipal Excess Liability Joint Insurance Fund (MEL) requires its members to update their compliance with the MEL's Employment Practices Liability Risk Management Program. One element of the compliance process requires that each member offer anti-harassment training to all non-supervisory personnel. While it is recommended that all non-supervisory employees take this training, employers are only required to make the training available to their employees.

The 2022-2023 non-supervisory training is being completed using the MEL Safety Institute (MSI). The training course is entitled *Building a Safe Workplace: Anti-Harassment and Discrimination*. This online course discusses the right of each employee to a workplace free of harassment and each employee's duty to respect the rights of all other employees.

Again, this year's program is being offered exclusively online through the NJ MEL's Safety Institute (MSI). Instructions on how to access the MSI and complete the course are attached to this memorandum. The course runs approximately fifteen (15) minutes in length and completion of the course will be tracked automatically by the MSI; however, employees who want a certificate showing completion of the course can navigate to the "Student Center" tab to print your Certificate of Completion. All training should be completed by June 1, 2021.

Please feel free to contact my office if you have any questions regarding this program.

Questions regarding accessing the MSI can be directed to the MSI Helpline during normal business hours at 866-661-5120.

Thank you for your attention to this matter.

Subject: Protection & Safe Treatment of Minors Webinar – Additional Training Opportunities

---

As you may recall, in the Fall and Winter of 2020, the JIF and MEL held more than a dozen webinars pertaining to the recently amended child sexual abuse and molestation statute and corresponding *Protection and Safe Treatment of Minors Program*. Participation in this training by Municipal Managers & Supervisors was **strongly recommended** as it could assist member municipalities and their employees from potential liability resulting from a future claim of sexual abuse or molestation. Over the past several weeks, it has been brought to our attention that some Managers & Supervisors might not have had an opportunity to participate in these webinars. As a result, nine (9) additional webinars have been scheduled as follows:

MSI LIVE

MSI LIVE features real-time, instructor-led classes and virtual classes. Experienced instructors provide an interactive experience for the attendee on a broad spectrum of safety and risk control topics. Most MSI LIVE offerings have been awarded continuing education credits for municipal designations and certifications. The MSI LIVE catalog provides a description of the course, the intended audience, and available credits.

The MSI LIVE schedule is available for registration through the MEL website at www.NJMEL.org by clicking **MSI LIVE**. Please register early, under-attended classes will be canceled.

To maintain the integrity of the MSI classes and our ability to offer CEUs, we must abide by the rules of the State agency that issued the designation. Chief among those rules is the attendee of the class must attend the whole session. Attendees who enter the class more than 5 minutes late or leave early will not be awarded CEUs for the class or receive a certificate of completion.

For webinars, the MSI utilizes the Zoom platform to track the time each attendee logs in and logs out. Also, we can track participation, to demonstrate to the State agency that the student also participated in polls, quizzes, and question & answer activities during the live, instructor-led webinar. The MSI maintains these records to document our compliance with the State agency.

If you need assistance using the MSI Learning Management System, please call the MSI helpline at 866-661-5120.

NOTE: We need to keep our list of MSI Training Administrators up-to-date. If there are any changes, deletions, or you need to appoint a new Training Administrator, please advise Andrea Felip afelip@jamontgomery.com.

Realized Gain/Loss estimates are preliminary, are reliant upon accurate cost basis information, and may not reflect all cost basis adjustments. Corporate actions and income reclassifications will alter a holding's basis and subsequent gain/loss values. Gain/Loss estimates include results for both Taxable and Tax-exempt accounts. This is not a tax document and should not be used for tax preparation.

Management and advisory fees charged through accounts not listed under the Market Value Summary will not be shown in this schedule. Transactions classified in Other (Receipts, Fees, and Disbursements) categories are identified in the Transaction Activity Detail.

Market Appreciation reflects your Closing Market Value w/Accrued Income, less the net of contributions, withdrawals, and income earned, less your Opening Market Value w/Accrued Income.

Realized Gain / Loss Detail

Transaction Description	Disposition Date	Quantity	Cost	Proceeds	Short Term Gain/Loss	Long Term Gain/Loss	Realized Gain/Loss

There are no realized gain/loss transactions to report for this statement period.

Realized Gain/Loss estimates are preliminary, are reliant upon accurate cost basis information, and may not reflect all cost basis adjustments. Corporate actions and income reclassifications will alter a holding's basis and subsequent gain/loss values. Gain/Loss estimates include results for both Taxable and Tax-exempt accounts. This is not a tax document and should not be used for tax preparation.

Statement Disclosures

Statement Review; Limitations on Actions
Please carefully review your statements and retain them for your records as they may contain notices, disclosures and other important information in addition to the summary of the transactions in your account for the reporting period, including contributions, distributions, transfers, and purchases and sales of securities. Summary data is also provided for off-setting investment option transfers or other transfers made between accounts.

Please report promptly any material inaccuracy or discrepancy in this information to your Relationship Manager. If revised data becomes available to Wilmington Trust after these reports are generated, we may update our records accordingly; however, revised data typically will not result in the generation of a new report.

Fee Arrangements
Wilmington Trust and its affiliates may earn additional compensation from uninvested cash in the form of earnings, which Wilmington Trust expects will be generated at the prevailing federal funds rate. Such earnings may be generated between the time the moneys are received by Wilmington Trust and actually forwarded to implement investment instructions, or between the time a distribution is issued and presented.

Affiliated Advisers
"Wilmington Trust" is a service mark encompassing the trust and investment business of Manufacturer's & Trader's Trust Company ("M&T Bank") in providing services to this account, and of some of M&T Bank's subsidiaries and affiliates, serving individual and institutional clients. Subsidiaries and affiliates include, but are not limited to, Wilmington Trust Company (operating in Delaware only); Wilmington Trust, N.A., a national association; and Wilmington Funds Management Corp., Wilmington Trust Investment Advisors, Inc., and other registered investment adviser affiliates. For additional information regarding the Wilmington Trust brand, underlying entities, and products and services offered, please visit our web site at www.wilmingtontrust.com.

In performing discretionary investment services for an account, M&T Bank or an affiliate may invest account assets in one or more mutual funds, including mutual funds ("Affiliated Funds") advised by investment management affiliates of M&T Bank, including Wilmington Funds Management Corporation ("WFMC") and Wilmington Trust Investment Advisors, Inc. ("WTIA") ("Affiliated Advisers").

The Affiliated Advisers, M&T Bank, and M&T Securities, Inc., another affiliate of M&T Bank (collectively "M&T") may also provide administrative and shareholder services, and services under Rule 12b-1 plans to the Affiliated Funds, and may receive compensation for those services. If M&T provides additional services to the Affiliated Funds, it would be entitled to receive additional compensation from those funds. The compensation for services provided to the Affiliated Funds is determined by the Board of Trustees that governs each Affiliated Fund, and is subject to change from time to time in the discretion of such Board of Trustees.

Currently, WFMC, in its capacity as investment adviser to the Affiliated Funds, is entitled to receive annual advisory fees between 0.45% and 0.95%. WFMC compensates WTIA directly for sub-advisory services provided to the Affiliated Funds. In its capacity as co-administrator of the Wilmington Funds, WFMC is currently entitled to receive annual co-administration fees from the Wilmington Funds as follows: 0.04% on the first $5 billion; 0.03% on the next $2 billion; 0.025% on the next $3 billion; and 0.018% on assets in excess of $10 billion. All fees are calculated based on average daily assets.

M&T Bank may be entitled to receive an annual shareholder services fee of up to 0.25% with respect to the assets of certain accounts invested in the Wilmington Funds. If M&T Bank or an affiliate has investment discretion over an account, then an account may receive a credit against the account-level fiduciary (or investment management) fee for all or some portion of the foregoing fees when account assets are invested in an Affiliated Fund. Alternatively, the value of account assets invested in an Affiliated Fund may be excluded from calculation of the account-level fiduciary (or investment management) fee.

Please consult a current prospectus, available at www.wilmingtonfunds.com, for the relevant Affiliated Fund or contact your Relationship Manager for additional information.

WTIA maintains updated disclosure information on Form ADV Part 2, the Disclosure Brochure. The Disclosure Brochure contains information about WTIA, including a description of WTIA's programs, fees, trading practices, conflicts of interest, key personnel, and other business activities. The Disclosure Brochure is available to all clients of WTIA upon request by contacting WTIA at (410)

Investment products, included affiliated offerings, are not insured by the Federal Deposit Insurance Corporation or any other governmental agency, are not deposits of or other obligations of or guaranteed by Wilmington Trust, M&T, or any other bank or entity, and are subject to risks, including a possible loss of the principal amount invested.

Pricing and Valuation
Details of transaction charges and commissions are displayed on transaction confirmations, which have been mailed or made available separately to you. Wilmington Trust will also send you this information upon request. To the extent Wilmington Trust has custody of assets but no investment authority over your account, you have the right at any time to receive, at no additional cost to you, written confirmations of securities transactions that occur in your account. These confirmations will be mailed to you in the timeframe required by applicable regulations. Even if you previously waived your right to receive these confirmations, you may at any time ask to receive such confirmations going forward. Please contact your Relationship Manager if you wish to have written trade confirmations mailed to you.

If we are managing the assets in this account, please contact your Relationship Manager if there have been any changes to your financial situation or investment objectives, or if you wish to impose any reasonable restrictions that might affect the management of this account, or reasonably change any existing restrictions.

The investment values and estimated income information reported herein reflect the securities in your account on a trade date basis as of the close of your statement period. Pricing may reflect market price quotations, closing price, mean bid / ask price, or estimated market values obtained from various third-party quotation services which we believe to be reliable and which were available when the report was prepared. If an investment did not have a readily determinable value, then reported values are based on the last valuation available to us at the time the report was generated. For assets not custodied at Wilmington Trust, prices and values are provided by the custodian, the issuer or their administrator, and Wilmington Trust is not responsible for this information, nor can Wilmington Trust guarantee its accuracy or timeliness. Valuation for Private Equity, Private Real Estate and Other asset classes reflect the most recent information available, but are typically illiquid and may have irregular reporting. Consult your Relationship Manager for details regarding valuations for your illiquid holdings.

Reported values may not equal market value or fair value and may include accruals. Asset values will fluctuate. This report should not be used to prepare tax documents or financial statements. Information for tax reporting purposes will be reflected in your annual Wilmington Trust Tax Information Letter. Please contact your Relationship Manager if you have any questions.

Basis and limitations on use for Cost, Gains, and Losses. This is not a tax document. This information is being provided for your review of transactions and balances in your account for the reporting period. For tax reporting, you should rely on your official tax documents. Transactions requiring tax consideration should be reviewed with your tax advisor. Unrealized Gain and Loss data is reliant upon accurate cost basis information and represents the current value of a security less the adjusted cost basis for that security. If the current value is greater than the adjusted cost basis, that position has an unrealized gain. Conversely, if value is less than cost, the position carries an unrealized loss.

The cost basis of record for securities transferred into your Wilmington Trust account may have been provided to us by a delivering firm, a transfer agent, or another adviser on a best efforts basis. Cost basis data provided through delivering firms is relied upon for this report but should be reviewed for accuracy by each client. Cost basis on fixed income securities are adjusted for amortization, accretion, or principal paydowns and the method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. Where no cost basis is available for a security as of the last day of the reporting period, that security will reflect zero as the cost basis.

Glossary

Accrued Dividend represents dividends declared by the issuer which have not yet been paid.

Accrued Income represents income payments accumulated with a security (i.e., "priced in" to the security value) since the last payment date but not yet received. Income accrues daily and is reset every time accruals are paid.

Cost represents the reported original value of an asset adjusted for corporate actions, including stock splits, dividends, and return of capital distributions. Tax cost basis on fixed income securities are adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. This information is used to estimate capital gains and losses; however, this is not a tax document. This information is being provided for your convenience and is for informational purposes only. For tax reporting, you should rely on your official tax documents. Transactions requiring tax consideration should be reviewed with your tax advisor.

Securities acquired before 2011 are generally not subject to the new cost basis reporting rules set forth by the Internal Revenue Service Code in the Emergency Economic Stabilization Act of 2008 and are, therefore, considered "noncovered" under the new cost basis reporting rules. All other securities in this section are securities which are "covered" under the new cost basis reporting rules. Securities which are "covered" under the new cost basis reporting rules are defined as securities which have been acquired on or after their applicable dates at which they are subject to the cost basis reporting rules and the adjusted basis will be reported to the IRS on form 1099-B for the applicable tax year in which the security is disposed.

Credit ratings are used to evaluate the likelihood of default by a bond issuer. Independent rating agencies, such as Moody's Investors Service, analyze the financial strength of each bond's issuer. Moody's ratings range from Aaa (highest quality) to C (lowest quality). Bonds rated Baa3 and better are considered "Investment Grade". Bonds rated Ba1 and below are "Speculative Grade" (also "High Yield"). The **Weighted Average Credit Rating** reflects a portfolio-weighted average of ratings on individual rated bonds – non-rated bonds are excluded – it does not represent a rating of the portfolio as a whole. The weighted average is intended only as an aggregate illustration of the portfolio holdings rather than as an indication of their respective risks, as certain risks –including the risk of default of individual issues– may be underrepresented by this measure.

Duration is a measure of a bond's sensitivity to changes in interest rates and is calculated as the average percentage change in a bond's value under parallel shifts of the yield curve. Thus a bond with duration of 4 would be expected to lose 1% in value (price) in the event of a 25 basis point (0.25%) increase in market rates, represented by the yield curve. Conversely, that bond would be expected to appreciate 1% in value with a 25 basis point decrease in market rates.

Estimated Annual Income is an indication of income return expected from security positions over the next 12 months assuming that the position quantities, interest /dividend rates, and prices remain constant. For U.S. government, corporate, and municipal bonds it is calculated by multiplying the coupon rate by the face value of the security. For common stocks, ADRs, REITs and mutual funds it is calculated using an indicated (projected) annual dividend. They are provided for illustrative purposes only, are not a forecast or guarantee of future results, and they should not be relied on for making investment, trading, or tax decisions.

Estimated Yield compares the anticipated earnings on investments (Estimated Annual Income) to the current price of the investments. Changes in the price of a security over time or in the amount of the investment held in your account will cause the estimated yield to vary. The actual yield may be higher or lower than the estimated amounts.

Net Interest represents the receipt of interest earned less the purchase of accrued interest on securities.

Taxable versus **Tax-exempt** status is determined at the security level, and not at the account type level. Thus accounts that carry a tax exemption, such as IRAs or various charitable trusts, often have holdings that are categorized as Taxable for this report. Conversely, securities classified as Tax-exempt for this report are held in taxable account types. Securities may be deemed Tax-exempt based on a tax-advantaged treatment, typically for interest payments on municipal bonds, which may not be available equally to all investors. Additionally, alternative tax treatments may mitigate or offset tax advantages reflected in this report. This report is not a tax document and should not be used for tax preparation.

Term (Long or Short) reflects the holding period of the security. Long term indicates a holding period one year or greater, while Short indicates a holding period less than one year.

Trade Date accounting is used throughout this report, unless otherwise identified, and records the purchase or sale of an asset as of the date on which an agreement to purchase/sell was entered, or a market trade executed, rather than on the settlement date (the actual delivery of the asset in exchange for payment). Thus, trades executed but pending settlement are treated as already present in the account in reliance upon successful settlement. Trade date treatment serves as a better

Glossary *(continued)*

reflection of actual decisions to buy/sell than settlement date, which can occur days later.

Unit Cost is the reported cost per share of an equity position, or cost per bond for debt securities. It reflects the price paid, adjusted for corporate actions such as stock splits and return of capital distributions. It is used to estimate capital gains and losses; however, you should rely only on your official tax documents for tax reporting purposes. All cost basis information is derived from transactions in the account or information supplied by you or other sources and is provided for your convenience and is for informational purposes only. There is no guarantee as to the accuracy of third-party cost basis information and it is not intended for tax reporting purposes. Please inform us in the event that a cost basis is not accurate.

Unrealized Gain/Loss is the difference between the current value of a security and the adjusted cost basis of that security. If the current value is greater than the original cost, that position has an unrealized gain. Conversely, if the current value is less than the original cost, that position has an unrealized loss.

Yield to Worst assumes the "worst case" yield to investors within the terms of the issue's provisions, such as use of prepayment, call, or sinking fund options that may be available to the issuer on some bonds.
