CLAIMS REVIEW COMMITTEE REPORT – OPEN SESSION ITEMS

Mr. Forlenza noted that there was nothing to report for open session.

CLAIMS ADMINISTRATOR'S REPORT

Lessons Learned from Losses – July

Mr. Roselli reported that the *Lessons Learned from Losses* this month focuses on Comorbidities. He reminded the members that comorbidities are one or more additional conditions occurring at the same time as the primary condition. He noted that in November 2019 Qual-lynx began tracking comorbidities to show the cost differential and time out of work between a claim where the person has comorbidities such as high cholesterol, diabetes, obesity, etc. versus one where they do not. He referred to page 17 of the agenda where it details the following:

Claims	Claim Count	Total Incurred	Average Total Incurred per Claim	Average Lost Time/Days per Claim
With Comorbidity	109	$6,436,691	$59,052.21	80.6 Days
W/O Comorbidity	220	$7,607,382	$34,579.01	48.3 Days

**This chart is based on 18 months of data.*

Mr. Roselli reminded the members to review his newsletter and share it with their employees. He reminded members to work with Jordan Simone, Wellness Director, to try and reduce these numbers. He asked that his *Lessons Learned* be placed where your employees can see it in hopes they read the bulletin.

The remainder of the Claims Administrator's report was provided in Closed Session.

Ms. Beatty stated that she included transitional duty jobs broken out by job, title, injury type, and what the transitional duty assignment was on page 22.

COVID-19

Ms. Beatty stated that there are 211 COVID exposures reported to date in 2021 for the ACMJIF members.

Ms. Beatty asked if there were any questions at this time. No questions were entertained.

SOLICITOR'S REPORT

Mr. DeWeese presented the following reports:

Closed Claims
Mr. DeWeese noted that there were two (2) cases closed in July; both closed with little or no payment to the Plaintiff.

MEL EPL Helpline
Mr. DeWeese stated that there is a reminder regarding the MEL EPL Helpline in the agenda. He again urged members to review the MEL EPL Helpline authorized contact list and make certain that the individual listed is accurate as he noted he recognizes several individuals that retired and/or should not be on this list.

Mr. DeWeese entertained any questions. Ms. Canesi questioned if she can contact him regarding a public official issue. Mr. DeWeese stated that Ms. Canesi is welcome to contact him. No other questions were entertained.

COMMITTEE REPORTS

Joint Coverage Committee meeting – June 22, 2021
Mr. Miola noted the minutes from the Joint Coverage Committee meeting that was held on June 22, 2021 via zoom and are included in the agenda packet beginning on page 31. He noted that 2021 renewal process was discussed and difficulties due to the hardening of the insurance markets. He stated that the MEL assumed more risk "in house" to save more costs. He reported that the Fund Underwriter, Mr. Cooney, discussed the current state of the insurance market, the increases and how it relates to the renewal challenges for 2022. He noted that the fire fighter cancer presumption, sexual abuse and molestation, pension offset, COVID -19, and recreational marijuana are some items affecting the increases. He reported that there are JIF programs in place (listed on page 36-37) to help control some of these costs. These are cyber risk management program, repair shop program, workers' compensation initiatives, return to work program, police initiatives, EPL/Land Use training, SAM training/background checks, inter-local agreements, exposure data, etc. He further stated that rental reimbursement limits for certain vehicles was also discussed. They also discussed that the ACM JIF does not have Environmental Impairment Liability coverage and should be obtained through the individual risk management consultants.

Mr. Miola entertained any questions. No questions were entertained.

WELLNESS DIRECTOR REPORT
Ms. Simone stated that her report is included in the agenda packet and encouraged the members to read through her material beginning on page 58. She noted that the July challenge is a walking challenge and discussed the benefits of it.

Ms. Simone also stated that she has reached out to all the municipalities regarding their Wellness Incentive funds for 2021. She noted that Cape May City hosted two Employee Farm Markets; Deerfield Twp is hosting weekly wellness walks; Folsom purchased e-readers and is hosting a summer book club; and Sea Isle City purchased fresh fruit and veggies trays for their employees.

Ms. Simone noted that Mr. Roselli and Qual-lynx explained how comorbidities affect workers' compensation claims and how wellness can be a big part of minimizing them.

Ms. Simone noted that the newsletter focuses on Skin Health issues; protecting yourself from ticks, the sun; mindful moments including 3 mid-work exercises; and recipes. She asked that all members share the newsletter with their employees.

Ms. Simone asked if there were any questions. No questions were entertained.

EXECUTIVE DIRECTOR'S REPORT

2021 3rd Installment – Mr. Forlenza commented that earlier this week it was discovered that there was an issue with some members receiving their JIF 3rd quarter installment bills due to integration of Microsoft 365 and it potentially "black listing" the "@AJG.com" exchange. Please check with your CFO and if you have not gotten your bill, please reach out to Tracy Forlenza in our office as we did not get any notification.

Certificates of Insurance -Mr. Forlenza noted that the certificates of insurance are included in the agenda. He asked members to review and please make sure that these were requested by your municipality and issued properly. If you have not received your certificates, please reach out to Ed Cooney at the Underwriter's office.

Safety, OSB, Wellness and EPL/Cyber Reimbursement- Mr. Forlenza stated that all SIP, OSB, Wellness and EPL/Cyber funds are available for use at this time. He noted that the official letter stating all the SIP amounts were emailed to members. He asked members to please review the program requirements and contact Jordan, Tracy or Rob Garish prior to purchases if unsure if it is an approved purchase. He stressed that all members should claim their reimbursements as they are spent and not wait until the end of the year.

MEL Cyber Risk Management Plan Compliance/Grandfathered Status – Mr. Forlenza reported that there are two checklists on pages 86-87. He noted it shows the members' current status in regards to version 1 and version 2 of the Cyber RMP. He encouraged members to work with their IT personnel to implement these guidelines to protect their municipality, assist the JIF in getting cyber coverage and reduce their deductibles. If you feel your report is inaccurate, please contact Ed Cooney at the Fund Underwriter's office. He noted the deadline is October 1, 2021. He also stated that members already in compliance with tier 1 or tier 2 as of March 5, 2021 are grandfathered until October 1, 2021. He stated that the Underwriters are going to review these standards going into 2022 as the market for cyber coverage is unstable.

Statutory Bonds - Mr. Forlenza noted that there are statutory positions that require individual bonds so please review the checklist on pages 88-89 as it is the individual, not the position, which is bonded. With retirements at June 30th being popular, please make certain you complete the application for any change in a bonded position. Any changes require a completed application, which can be found on the MEL website (linked from the JIF website), and submitted to the MEL Underwriting Office for approval. Please contact Ed Cooney with questions.

2022-2023 MEL EPL Risk Management Plan Update – Mr. Forlenza noted the revised Model Employment Practice Policies and Employee Handbook were placed on the NJ MEL's website (NJMEL.org) in July 2020. Adopting the revised policies and handbook are one of steps required by all members to become/remain in compliance with the MEL EPL Risk Management Plan so he encouraged members to begin this process. He stated the date for completing the necessary steps for compliance with the MEL EPL Risk Management Plan has been extended from June 1, 2021 to November 1, 2021. He noted that there is a revised Safe Treatment of Minors policy updated to include background check resources. He noted that if you have already adopted the policy before the revision, the MEL will accept the old policy.

Police Command Staff Training – Mr. Forlenza stated that a component of the MEL EPL Risk Management Program is Police Command Staff training. He reported that the in-person training for Chiefs

were held June 3, June 8 and June 23 and sign in sheets were on the JIF website until there was a concern with police officers signatures being posted. Mr. Forlenza noted that you may reach out to our office and we can provide you the information.

Managerial & Supervisors Training – Mr. Forlenza noted another aspect of the MEL EPL Risk Management Plan is Managers and Supervisors training. The Employment Practice piece of the training was held via webinar with Armando Riccio. He noted that twenty (20) different sessions were held and close to 1,000 have completed this training. The individuals that have participated are listed on the JIF website www.acmjif.org. He noted that no additional training has been planned, but if you are still in need, please send an email to Paul_forlenza@AJG.com.

Non-Supervisory EPL Employee Training – Mr. Forlenza noted non-supervisory employee training - *Building a Safe Workspace: Anti-Harassment and Discrimination* is available on the MEL website through the MSI. He noted that his office sent notification with REVISED instructions on April 14, 2021 to access that video through the MSI. He commented that this course must be offered to employees as a requirement of the program, but the employees are not required to complete it. He noted that the process of offering them the program must be **documented**.

Protection & Safe Treatment of Minors – Mr. Forlenza reminded members that the MEL launched the *Protection and Safe Treatment of Minors Program* last fall. He noted that training was held, but additional dates were released and can be found on page 103 of the agenda. He stated that this assists the JIF in defending claims against the municipality and the individual named in the cases as well. He asked members to follow up with their personnel regarding this 2 hour webinar. He strongly recommended all the members to take this training.

Renewing Members – Mr. Forlenza noted that there are eleven (11) members who are up for renewal 1/1/2022. Mr. Miola and he are meeting with their governing bodies and answering questions they may have regarding the JIF. The presentations are being well received.

2022 Exposure Renewal Process – Mr. Forlenza stated that on July 8, 2021 members were notified of the process from our office and followed up with a link from the Origami system. The exposure renewal process needs to be completed by August 31, 2021.

2021 Property Reports – Mr. Forlenza commented that 25% of the members were physically appraised and completed reports were sent to members July 8, 2021. He asked that members review the report and notify our office with any concerns.

Quarterly Attendance – Mr. Forlenza reminded members that the quarterly attendance report can be found in the agenda on page 105. He stated that any discrepancies should be directed to Tracy Forlenza.

Mr. Forlenza asked if there were any questions. No questions were entertained.

MEL/RCF REPORTS

Mr. Hirsch noted that the MEL has not met since June 2, 2021. He asked members to review the MEL cyber task force update on pages 106-108. He stated the MEL meets September 1, 2021.

Mr. Hirsch asked if there were any questions. No questions were entertained.

SAFETY DIRECTOR'S REPORT

Mr. Garish stated that the Safety Director's Report begins on page 109. He stated that the report is self-explanatory.

He stated the bulletins sent out this month are listed in his report. He noted that 26/41 members have police agencies; 25/26 are using the Police One platform; 18/25 are actively taking Police One courses with approximately 5,069 courses completed as of June 14, 2021. He noted that anyone who would like to know

where they stand with Police One training to please contact him. He thanked Megan Matro from the Executive Director's office for providing this information.

Mr. Garish noted that there are four (4) different platforms for training now. He stated that they are: MSI LIVE training (which includes the MEL media library video rentals); the MSI NOW (streaming videos added this year due to COVID); the traditional videos for streaming on MSI; and webinar trainings with live instructors for CEUs (this can be accessed from MSI). He noted the virtual MSI training directory is in the handout. He reported that an updated MSI website was recently updated and easier to navigate. He reminded members that to offer CEUs, the attendee MUST be present for the entire session.

Mr. Garish asked if there were any questions. No questions were entertained.

Resolution 2021-34 Authorize Contract with WIZER for Cyber Hygiene
Chair Seib entertained a Motion to Authorize the Fund Chair and Secretary to Execute Contract with WIZER to Provide Cyber Hygiene training to employees of the members of the ACM JIF from August 1, 2021 to December 31, 2021 with cost NTE $8,398.

Mr. Forlenza commented that the current vendor providing cyber hygiene training, Media Pro, and one of their primary vendors, was purchased by a competitor and is unable to provide the reports and services contracted. He reached out to the Ed Cooney seeking an alternative source for this training. Mr. Cooney referred him to the Excess Cyber carrier′s cyber hygiene vendor, Cowbell. He noted Cowbell is in contract with WIZER to provide discounted cyber hygiene programs to its insureds of which the MEL is one. Mr. Forlenza contacted WIZER and received a proposal for 10,000 employees for a 5 month period across all three JIFs with which he works. He also reported that the authorization was also just granted to issue an RFP for Technology Risk Management Services for 2022 and beyond which includes Cyber Hygiene training.

Motion by Ms. Vitelli, seconded by Mr. Picard to Authorize the Fund Chair and Secretary to Execute Contract with WIZER to Provide Cyber Hygiene training to employees of the members of the ACM JIF from August 1, 2021 to December 31, 2021 with cost NTE $8,398, as presented.

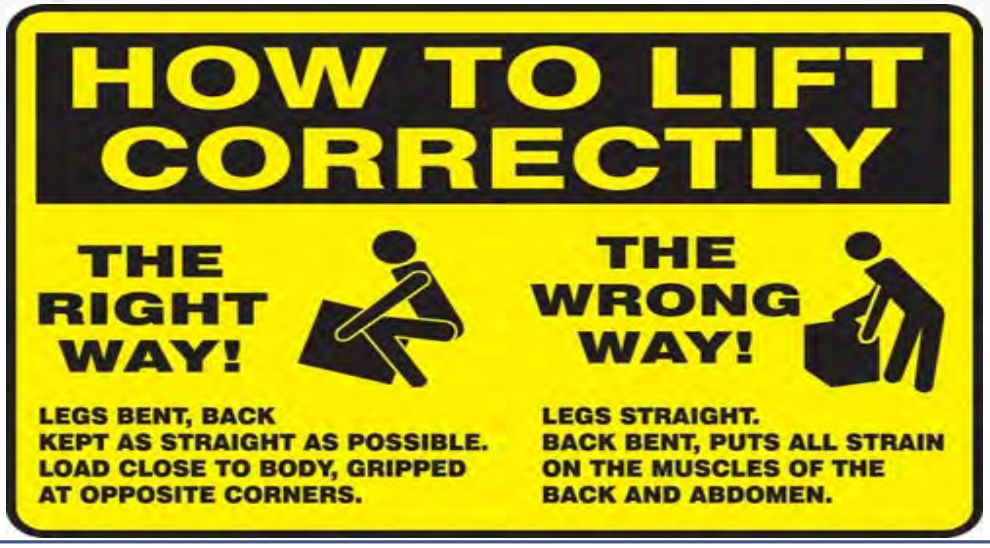
LESSONS LEARNED FROM LOSSES

September 2021- SAFE LIFTING



It is one of the most common causes of injuries to employees, but proper technique and taking a moment to determine the best way to lift or move something, or asking for help, will greatly reduce the numbers and severity of these claims. Employees should use "**S.MA.R.T**." lifting techniques.

Size up the load.
Move the load closer.
Always bend your knees
Raise the load with your legs
Turn your feet in the direction you want to move

Example 1: EMT assisting with lifting of patient and immediately felt pain in the upper back Conservative treatment has failed and a 2 level cervical fusion surgery is being scheduled. The total incurred on the file is $130,000.00

Example 2: Employee was lifting a trash bag to be thrown into a dumpster and strained their shoulder and upper back. Conservative treatment has succeeded on the back, but the shoulder required arthroscopic surgery. The total incurred on the claim is more than $85,000.

ATLANTIC COUNTY MUNICIPAL JOINT INSURANCE FUND

SEPTEMBER 2021

CLOSED CASES

1.) Clark v. City of Wildwood-This matter involved the Plaintiff's allegations in a Superior Court of New Jersey, Cape May County Complaint arising from an incident which occurred on August 3, 2018. The Plaintiff, Linda Clark, alleged that she was walking along the Boardwalk in the area located between East Spencer and East Spicer Avenue, in the City of Wildwood, when she was caused to trip and fall as a result of an alleged dangerous and/or hazardous condition, specifically, a significant deviation and/or elevation between the cement walkway and the Boardwalk. The Plaintiff alleged that as a result of the incident, she had suffered serious and permanent injuries. The Plaintiff further alleged that the City of Wildwood was negligent in allowing the dangerous condition of the boardwalk to exist. The case was assigned to Erin R. Thompson, Esquire on April 2, 2020. Defense Counsel accepted the assignment and she filed an Answer to the Complaint with the Court on behalf of the insured on April 13, 2020. Defense Counsel continued with the exchange of Discovery and the completion of Depositions. The parties proceeded to an Arbitration Hearing on June 10, 2021 and the Arbitrators found 100% liability against the insured and awarded the Plaintiff damages in the amount of $80,000.00. Defense Counsel subsequently filed a *Trial de novo* on June 23, 2021. Defense Counsel filed a Motion for Summary Judgment on June 17, 2021 based upon the fact that the City did not have actual or constructive notice of any defective condition existing on the Wildwood Boardwalk. In addition, it was argued that the Plaintiff's injuries did not meet the permanency requirements for maintaining a cause of action under Title 59. On August 31, 2021, Judge Pickering entered an Order and Memorandum of Decision granting Defense Counsel's Motion and dismissing the Plaintiff's Complaint with prejudice.

Questions about employment issues? Call the New MEL Employment Practices Helpline

The MEL Safety Institute is pleased to announce the establishment of a NEW MEL Employment Practices Helpline (EPL), a dedicated resource to guide members on employment related issues.

The MEL EPL Helpline is staffed by attorneys that specialize in New Jersey employment law and understand the MEL JIF system. The three law firms staffing the EPL Helpline are affiliated with local Joint Insurance Funds (JIFs).

Who can use the EPL Helpline? MEL member municipalities will select and approve two individuals to use the helpline.

What hours is the EPL Helpline available? The helpline will be staffed during normal business hours, 9 a.m. – 5 p.m. Voicemail can be left afterhours for a callback.

What kinds of issues can be addressed? Any employment related topics or policies and procedures related to issues such as:

- Hiring
- Termination
- Harassment
- Discrimination
- Promotion/Demotion
- And more…

What are the MEL EPL Helpline numbers? MEL members can choose to call any of the MEL EPL Helpline firms listed below.

MEL EPL HELPLINE:
732-583-7474
Jodi Howlett
Cleary Giacobbe Alfieri Jacobs LLC
955 State Route 34, Suite 200
Matawan, NJ 07747955

MEL EPL HELPLINE:
609-522-5599

2021 Changes in Premiums

Ms. Palmeri reminded the Committee that there is an approximate $2 million unfunded liability for Fund Year 2021 at the MEL layer. She noted that the ACM JIF's share is approximately $195,000 with $98,398 pertaining to excess premiums and the remaining balance resulting from changes to the cyber liability funding for the 2021 renewal. She stated that the JIF needs to account for the $98,398 in Excess in the 2022 budget, plus the rate increases, as well as the $95,899 in unfunded cyber coverage funding. She explained that the cyber liability coverage was not finalized until late November after the JIF budgets were already developed. As a result, the MEL helped fund a layer of coverage by borrowing money from its own budget ($2,098 per money) plus an adjustment to its operating expense accounts ($241 per member) and now the local JIFs must repay the MEL. She noted that the MEL only invoiced the JIF at $3,695 per member for cyber premiums; however, the actual cost of coverage per member was $5,793; a difference of $2,098 per member plus the $241 for cyber totaling additional cost of $2,339 per member. Ms. Palmeri stated that $2,339 per member, plus the rate increases for 2022 will need to be budgeted for 2022.

Mr. Forlenza stated that the Cyber coverage had a $25,000 deductible per member, $175,000 retention by the MEL, and then the excess insurer picks up after that. He explained that the excess layer plus the premiums needed to be funded. He also noted that the actuary then detailed the difference per member as the liability to be funded.

MEL Retrospective Program

Ms. Palmeri reported that the MEL cancelled the *MEL Retrospective Program*, retroactively, so there will not be a *Program* for 2022 nor any responsibility for claims exceeding the maximum funding requirements for Fund years 2016-2021. She stated that for 2021, the JIF was invoiced 85% of their loss funding for WC and Liability and contractually bound for the additional differential up to the contract max of 125%. She reminded the Committee that the MEL created the *MEL Surplus Floor Program*, which generates automatic invoices to member JIFs if the ratio between the total of Claims Reserves and IBNR to MEL Surplus falling below 12.5%. She noted that the JIF was invoiced for the first time this year following the release of the 12/31/20 MEL Financials. The MEL realized that with the *Surplus Trigger* in place there was no need for the *Retrospective Program*. She then directed the members to page 1 of the agenda. She noted that in 2018, only 115% of the maximum loss funding obligation for the MEL Retrospective Program was funded instead of 125%; however, in 2019 and 2020 the full obligation was budgeted. She noted that in addition to the $2,334,700 budgeted for the differential between the 85% paid and the maximum obligation, the Fund authorized an additional $259,473 in funding be transferred to this account. She noted that the Fund did pay the $228,743 2020 MEL Surplus trigger from this account resulting in $2,365,430 in unencumbered funding. She recommends using this money to offset future MEL Surplus trigger needs. Ms. McLaughlin questioned if this funding is being held at the MEL level. Ms. Palmeri noted that it is held at the JIF level and receives interest. Mr. Forlenza added that the MEL still has an experience rating component built into the loss funding premium noting that the JIF has been a poor performer at the MEL level, hence, the 125% retro max. Ms. Palmeri reminded the Committee that the JIF has already exceeded the 2019 125% Program maximum; however, the MEL will not be collecting these additional funds. She noted it is likely that the MEL Surplus trigger will be activated in the future as the claims deteriorate.

Interim Financial Summary June 30, 2021

Ms. Palmeri reviewed the Historical Operating Results Summary valued as of June 30, 2021. She reviewed each line of coverage for Fund Years 2017 through 2021 and made the following observations:

All Fund Years – Ms. Palmeri noted that as of 06/30/21 there was a total of $493,258,440 in contributions. The Fund has paid $427,141,969 in Claims and Payments, including excess insurance. Investment income totals $23,473,928 with a return surplus of $42,609,680, leaving the JIF with a Cash Position of $46,980,717. The Fund currently maintains $16,130,428 in Case Reserves in the open years with $10,204,930 in IBNR for a Net Current Surplus of $22,607,420 which is an increase of $2,613,177 since 03/31/21 which is the result from the removal of the MEL Retrospective Program liability of $2,334,700.

Fund Year 2021 – Ms. Palmeri noted there was $11,537,391 in total contributions which represents 50% of the total anticipated contributions for the year and $6,532,416 in Claims and Payments, including excess insurance. There is investment income of $3,185. This leaves the Fund Year with a Cash Position of $5,008,159. Ms. Palmeri stated that the MEL JIF EPL/POL line item is showing a deficit due to the financials only depicting 50% of anticipated contributions and a full year of EPL/POL payments being made. She stated that an intra-fund transfer is usually recommended when there is a deficit in a cash line; however, since this is only

a partial year, no transfer is recommended at this time. There are Case Reserves of $1,990,059 and $3,566,707 in IBNR, for a Net Current deficit position of $548,607, which deteriorated by $347,670 since 3/31/21. There were 585 claims through 6/30/21. She stated that at 06/30/20, Fund Year 2020, had a deficit of approximately $697,000 and 478 claims for the period. At this same time in 2019, there was a deficit of $411,000 and 543 claims so 2021 is consistent with past years.

Fund Year 2020 – Ms. Palmeri noted there was a total of $22,812,727 in contributions to date. The Fund has paid out $13,747,052 in Claims and Payments, including excess insurance. Investment income totals $58,284, resulting in a Cash Position of $9,123,959. She stated that the MEL Retro Liability for this Fund Year was $592,207. The Fund currently maintains $3,188,118 in Case Reserves and $3,791,873 in IBNR for a Net Current surplus position of $2,143,968, which improved by $503,011 since 03/31. There were fifteen (15) new claims reported in the period.

Fund Year 2019 – Ms. Palmeri noted there is a total of $22,645,085 in contributions to date. The Fund has paid out $16,954,913 in Claims and Payments, including excess insurance. Investment income totals $372,910, resulting in a Cash Position of $6,063,083. She stated that the MEL Retro Liability transfer for this Fund Year was $494,988. The Fund currently maintains $5,046,464 in Case Reserves and $2,043,950 in IBNR for a Net Current deficit position of $1,027,331 which has deteriorated by $461,671 since 03/31/21. She noted that the deterioration is being driven by two (2) WC claims. Ms. Palmeri then referenced a claims activity report outlining the deterioration. She stated that IBNR figure seems high, so Mr. Forlenza and Ms. Palmeri questioned the figure. She reminded the members that in 2018 they increased the SIR to $500k. The losses by layer analysis by fund year indicates that the total net incurred were almost the same. She pointed out that the difference between the 2018 surplus and the 2019 deficit is driven by the IBNR so she is hoping the fund year develops better. They also analyzed if the change in SIR would have made a difference and determined that the JIF loss ratio would have improved, but the MEL loss ratio would have deteriorated. For example, Mr. Forlenza reminded the Committee that the JIF absorbed an additional $200k for a bad WC claim in Weymouth, however, he still believes increasing the SIR was the correct move. Ms. Palmeri noted there were five (5) new claims reported in the period.

Fund Year 2018 – Ms. Palmeri stated there is a total of $22,598,554 in contributions to date. For this year, the Fund has paid out $18,167,056 in Claims and Payments, including excess insurance. An intra-fund transfer was previously authorized moving $310,000 from the deductible line to the property line. Investment income totals $597,432 resulting in a Cash Position of $5,028,931. She stated that the MEL Retro Liability transfer for this Fund Year was $257,584. The Fund currently maintains $4,035,992 in Case Reserves and $713,777 in IBNR for a Net Current surplus position of $279,162, which has improved by $299,541 since 03/31/21. There was one (1) new claim reported in the period.

Fund Year 2017 – Ms. Palmeri stated there is a total of $23,408,517 in contributions to date. For this year, the Fund has paid out $19,095,200 in Claims and Payments, including excess insurance. Investment income totals $526,231 resulting in a Cash Position of $4,839,548. She stated that the MEL Retro Liability transfer for this Fund Year was $617,601. The Fund currently maintains $1,869,144 in Case Reserves and $88,623 in IBNR for a Net Current surplus position of $2,881,781, which has improved by $245,739 since 03/31/21. There were two (2) new GL claims reported in the period to which she is inquiring with Qual-Lynx. She noted that Qual-lynx does a great job to account for closing claims and accurately reserving claims prior to transferring the Fund Year to the RCF. She reminded the members that this Fund Year will be transferred to the RCF valued as of 12/31/21. Ms. Palmeri also noted that any surplus from this Fund Year cannot be released until next year.

Closed Years Contingency Fund – Ms. Palmeri noted that for the Closed Years Fund (1987-2016) there were $390,256,166 in Total Contributions, $352,645,333 in Total Payments, and $21,813,335 in Investment Income. She noted that the $651 Case Reserves was from a 2016 property claim and will be removed following the 2021audit. She stated that $42,609,680 has been returned in surplus. She stated the RCF surplus trigger assessment of $403,369 is accounted for in this account. The total surplus is $16,410,468 in the Closed Years Fund. The only development since last review is investment income.

MEL JIF Retrospective Contingency Fund– Ms. Palmeri stated that attached is the MEL JIF Retrospective Account summary which will be renamed the Closed MEL Retrospective Account. She noted that the total collections of $2,594,173, include $2,334,700, for the MEL Retrospective contract terms plus the overfunding of $259,473. Investment Income is $102,549 resulting in a cash position of $2,696,722. Removal the MEL Retro liability of $2,334,700 and the $228,743 payment for the MEL Surplus trigger liability, which the Fund authorized to pay from this account, results in a surplus position of $2,467,979.

A copy of the 06/30/21 Historical Operating Results are attached and incorporated herein.

Intra-fund Transfers

Ms. Palmeri noted that no intra-fund transfers are recommended at this time.

Return of Surplus

ACM Dividend Release Scenarios

Ms. Palmeri then directed the Committee to surplus release scenarios of $3,500,000; $3,750,000; $3,875,000; and $4,000,000 included in the agenda packet. She noted that last year the Fund released $3,750,000. She highlighted that each scenario has an accompanying per member allocation for the Committee to see the overall impact of each scenario on each member.

Mr. Hansen, Fund Treasurer, questioned the percentage of unencumbered surplus in 2024. Ms. Palmeri noted that percentage increases because of the deficit in the newer years that would be rolled into Closed Years Account. She reminded the members that the Fund does not issue additional assessments for deficit years, instead the JIF will liquidate other Fund Years that are in a surplus position to address the deficits.

After reviewing the budget, a brief discussion ensued regarding the amount to release. The Committee discussed the release and felt comfortable with recommending the release of $3,750,000 which is 22.9% of the overall unencumbered surplus. The Committee asked the Executive Director to prepare the resolution authorizing the surplus release of $3,750,000 for the September Executive Committee meeting.

Second Surplus Release

Mr. Forlenza reminded the Committee that they could release additional surplus in November as a direct credit to help offset any increase in the member assessments.

JCMI Update

Ms. Palmeri directed the members to page 20 of the agenda and turned over the discussion to Mr. Hansen, Fund Treasurer. Mr. Hansen reported that he moved $15 million to the JCMI approximately three (3) months ago with a total return of slightly more than 1%. He noted that breakout in overall funding is $15 million in JCMI (30% of portfolio); long term investments with Wilmington Trust are $23 million (46% of portfolio); Investors $20 million with .40% interest (24% of portfolio). He stated that when long term investments mature, he has not been

reinvesting in long term vehicles. He asked the Committee if they were in agreement for moving $5 million more into the JCMI as he noted his ultimate goal is 33% across all venues. The Committee agreed.

Mr. Forlenza directed the members to agenda pages 20-22 which depicts detailed interest earnings. He noted that Mullica Township had some of their short term debt purchased by the JCMI and Ms. Stollenwerk reported to him that it had worked very well.

2021 Retrospective Member Analysis – 06/30/21

Ms. Palmeri provided the Committee with an update as to the performance of the members participating in the Retrospective Program valued as of 06/30/21. She reminded the members that no members qualified for the program in 2017 or 2018. Ms. Palmeri highlighted that the 2021 Minimum Loss Funding represents 50% of the Loss Funding as it is valued as of 06/30/21. She noted that the members participating in the program are sent quarterly updates to inform them of any potential additional assessments.

Dennis Township

Ms. Palmeri reviewed Dennis Township noting their participation in the Program in 2021. She explained that they have no losses at this time.

Margate City

Ms. Palmeri reviewed Margate City noting their participation in the Program in 2019 and 2020. She explained that their loss ratio for 2019 is (54.7%) and 2020 is 77.7% so there are no concerns at this time.

North Wildwood City

Ms. Palmeri reviewed North Wildwood City noting their participation in the Program in 2019. She explained that their loss ratio for 2019 is 201.4%. She stated that the claims paid has not exceeded the minimum loss funding obligation, so the City has not yet been invoiced. She did note that they have been notified of their potential liability to the JIF.

Finance Committee Workbook – Fund Year 2022

Calendar of Events

Ms. Palmeri stated that all processes are on target.

Loss Funding and Draft Budget

Ms. Palmeri then directed the Committee to Tab 1 of the Finance workbook that includes the 2022 Loss Funding Projections from the Fund Actuary. She reminded the Committee that the Actuary provides a low, central, and high loss funding recommendation based upon various confidence levels.

Ms. Palmeri asked the Committee if they were still comfortable utilizing the “central” loss funding recommendations, which is a 2.8% increase over 2021 which does not include additional perils funding. The Committee agreed to continue utilizing the central loss funding projection for 2022.

Ms. Palmeri noted that this year the Actuary included 2021 budgeted loss funds and indicated 2022 loss funds. She noted that the impact to the 2021 budget vs the impact to the projections changed when the budget was adopted because of additional exposures being added to the

budget including boardwalks for two municipalities so the loss funding needed to be increased as well.

Ms. Palmeri outlined the "additional perils" funding on Tab 1, page 1 with the members. She noted that the funding for the Workers' Compensation Firefighter Cancer Presumption, Workers' Compensation Pension offset, General Liability Sexual Abuse & Molestation, and General Liability Title 59 Erosion totals $1,685,000 at the "Central" confidence. She commented that the additional perils are not required to be funded, but the Committee can opt to fund these potential liabilities or any percentage thereof.

Ms. Palmeri reviewed Tab 1, page 2 where 85% of the actuarial projection was applied to all lines with the remaining 15% placed into the deductible line. She reminded the Committee that this allows intra-fund transfers across lines of coverage should cash deficits arise. She also noted that the annualized 2021 figures are inclusive of the *proposed* September budget amendment.

Ms. Palmeri then reviewed the 2022 Draft Budget Option A which is the standard renewal not including additional perils funding. She then highlighted a proposed loss funding increase of 2.83%, 2.05% increase in the operating expenses and 16.37% increase in the member benefits. She noted that Police Risk Services line item was created from the Police On-line training. She stated that on page 27 of the agenda is a proposal for a Police Law Enforcement Consultant.

Police Law Enforcement Consultant

Mr. Miola reviewed an excerpt from a recent Safety Committee meeting along with a proposal from Chris Winters. He informed the Committee of ongoing internal discussions regarding the difficulty in defending police liability claims. In discussions with Mr. DeWeese and members of the Defense Panel, it appears there are a few key policy areas that need improvement. Mr. Miola also noted that police departments are having difficulty becoming accredited or re-accredited. The Defense Panel pinpointed about 10-12 policies that can have a significant impact on defending cases. To assist the departments in developing and implementing these policies, Mr. Miola reached out to retired Lieutenant Chris Winter from Lower Township who has worked with agencies in getting them accredited and worked with Lower Township to get them accredited. Mr. Winters would work with police agencies to have them update, adopt, and train officers on policies deemed important by the Defense Panel, prepare and distribute Risk Management bulletins, and conduct training as determined. Chief Hummel surveyed some Chiefs and they were on board with the idea of having a consultant assist them in this area. He noted that it would be an offset to the current Police One training budget and believes this would be a better use of the Fund's resources since not all agencies were using Police One. The Safety Committee liked the idea.

Ms. Mahon stated that Mr. Winters has been working as a consultant for Wildwood Crest assisting them with police accreditation for the past 5 years. She asked if he would be providing these same services. Mr. Forlenza noted that he would not be working with members to accomplish accreditation, but instead to find key areas for potential exposure and address them. Members who need assistance getting accredited would still need to contract with Mr. Winters directly. Ms. McLaughlin inquired if Lower Township was accredited while he was there. **After the meeting it was determined that Lower Township was accredited while Mr. Winters was Chief.* Mr. Spoltore inquired if there were any other applicants. Mr. Miola answered there were no other candidates for this position.

Ms. Palmeri noted that Cyber Risk Services is also being renamed in the budget as it was Cyber On-line training. This would now include the Technology Risk Management Services line item. Mr. Forlenza stated that a RFP for these services would be issued next week.

Ms. Palmeri stated that Technology Risk Services Director is a proposed new line in the budget. She directed the members to an excerpt from the EPL/Technology Risk Management Committee on page 30 of the agenda and a proposal from Lou Romero on pages 32-36. Mr. Forlenza commented that everyone is aware of the ever increasing risk the members have to a cyber-related incident. He stated that the BURLCO and TRICO JIFs have been using Mr. Romero to help manage this risk for a few years. He noted that Mr. Romero works with the members of these two JIFs to adopt the guidelines in the MEL Cyber Risk Management Program and assist with any breaches. He stated that the EPL Committee discussed the issue at their two meeting earlier this year and have recommended funding this position in 2022, however, they were unsure if Mr. Romero could handle taking on the ACM JIF at this time with his limited staff. Mr. Forlenza suggested funding the line item in the budget and seeking a candidate for this position. He noted that there are no issues with Mr. Romero's performance, he just is in need of additional staff to be able to service the ACM JIF in addition to the other JIFs. Ms. Palmeri noted that we are recommending to reduce the Contingency line by $15,889 and fund the Technology Risk Management Services line by that same amount to help temper the $85,690 proposed line item. The Committee agreed to fund this line item and have Mr. Forlenza and seek a candidate for this position.

Budget - Excess Premiums

Ms. Palmeri then directed the Committee to the Excess Premium section of the draft budget to discuss 2022 excess premiums. She commented that for Workers' Compensation & Liability, she is budgeting a 15% increase plus the unfunded 2021 liability of $98,398 in addition to the $2,290,070 at 100% which brings the MEL Excess WC & Liability line to a 5.3% increase. Ms. Palmeri noted that the Excess Property line item is budgeted at a 20% increase over $1,422,574 paid in 2021 and fidelity can remain flat at $25,013.

Ms. Palmeri stated that the Fund's EPL/POL/ loss ratio is 34.4% and the carrier considers a 55% loss ratio a breakeven point due to the fact that the premium is inclusive of operating expenses, surcharges, taxes, profits, etc. She noted that 2.5% increase was budgeted for EPL/POL/Land Use premiums. She reported that a 25% increase was budgeted for Cyber in addition to the $2,339 per member unfunded liability from 2021. She stated that the overall impact is an increase of 8.16% in excess premiums and 2.9% in commissions for Conner Strong. She reminded the Committee that Connor Strong does not receive commissions on the land use coverage, the MEL loss funding portion of cyber coverage, and excess portion of cyber. She commented that all members are currently compliant with the EPL/Pol Risk management Program so there is no EPL surcharge effective 1/1/21. Anyone non-compliant for 2022 will be surcharged 20% of their EPL/POL portion of their premium.

She noted that the Total JIF budget increase would be 4.24% assuming no funding for additional perils. She then directed the Committee to page 4 of Tab 1, to another draft budget noting the only difference between this budget and that which she just reviewed, was funding 50% of the additional perils in the Loss Fund Contingency line resulting in an overall budget increase of 8.0%. Mr. Spoltore inquired if any claims have developed from these additional perils. Mr. Forlenza stated that some fire fighter cancer claims have begun to surface and the pension offset change is hitting the MEL and RCF. Mr. Forlenza also noted the increasing number of Workers Compensation claim re-openers. The Committee discussed funding some the proposed costs associated with the additional perils and decided to fund 25% of the "central" figure as

determined by the Fund Actuary. Ms. Palmeri will prepare the changes for the November meeting. The Committee approved the other changes to the budget.

Factors Impacting Excess Reinsurance Budget

Mr. Forlenza then directed the Committee to page 37 of the agenda to discuss factors that are affecting the excess reinsurance market. He noted that the Fund Underwriter presented this information at the recent Coverage Committee meeting. He stated that insurers are restricting coverage types and limits. He noted page 41 has property claims highlighted and page 44 has loss development trends outlined. He reported that settlement amounts of claims are increasing. He also added that page 45 includes a bulleted list of new risks and cyber coverage, which is very difficult to obtain, as there are fewer insurers and an increasing number of claims and claims costs.

Mr. Forlenza stated that these factors are impacting the budget and how we are trying to manage these risks. He noted that the MEL budget is increasing approximately 10% due to these factors. He reported that the MEL will be restructuring coverage layers again this year. He reminded the Committee that in November these MEL numbers will be refined further. Mr. Miola added that we will see increases in deductibles especially in cyber. Ms. McLaughlin inquired if there were member towns who do not have IT professionals. Mr. Forlenza stated that several members, especially some of the smaller members, do not have contracts with technology professionals. Mr. Miola noted some recent hacking claims. The Committee agreed that these risks are very concerning, especially cyber-attacks. Mr. Forlenza noted that some towns do not report these attacks as the deductible is sometimes higher than the original ransom. Ms. McLaughlin inquired if there is cyber training for tax collectors. Mr. Forlenza noted that the TCTA may be offering training for these individuals. Mr. Hansen suggested having a cyber-expert speak at the TCTA or Clerks Conference.

MEL Experience Rating

Ms. Palmeri reminded the Committee that the MEL will still be experience rating members based upon the 10 year loss ratio comparing the member JIF results to the MEL results. She noted that the ACM JIF was experience rated 15% on its WC and Liability loss funding.

Budget Paid Reports

Ms. Palmeri directed the Committee to three spreadsheets included in the workbook depicting the Fund's Budget Expenditures for Fund Years 2019, 2020 and 2021 through 06/30/21. She explained this is a simple overview showing expenditures per line item. She added that these sheets are a good indicator of the expenditure of the Fund's operating budget and are utilized during development of the operating budget for the upcoming year.

Performance Evaluation

Ms. Palmeri reviewed the performance evaluation for the Actuary and the Auditor. She noted a matrix was compiled of the summary of responses and can be found on pages 50-53 of the agenda. Mr. Forlenza noted all reviews for both positions were very positive. The Committee agreed there are no changes needed to the Actuary and Auditor.

Service Provider Comparison and 2022 Fee Request Letters

Ms. Palmeri then directed the Committee to a spreadsheet included in the workbook depicting the fee history of each Fund Professional from 2017 up to and including their fee requests for 2022. She stated that behind Tab 4 is a letter from each professional explaining their 2022 fee

request if any. Ms. Palmeri reviewed each vendor's request in more detail. The Committee decisions regarding the fee requests for 2022 are noted below.

Ms. Palmeri stated the Actuary requested a 2.0% increase. *(The Committee approved the 2.0% increase for the Actuary.)*

Ms. Palmeri noted that the Administration/Executive Director is in year 3 of the RFP with a 2.0% increase. *(The Committee approved the 2.0% increase for the Administration/ Executive Director as noted in the third year of their response to the RFP.)*

Ms. Palmeri noted that the Administrative Consultant is requesting 3.5% increase. *(The Committee approved a reduced increase of 2.0% for the Administrative Consultant.)*

Ms. Palmeri noted that the Attorney is requesting a 2.0% increase. *(The Committee approved the 2% increase for the Attorney.)*

Ms. Palmeri noted that the Conflict Attorney, Lou Greco, has retired. Mr. DeWeese recommended Joe Nardi, Esquire and we are awaiting the proposal. Mr. Forlenza noted that Mr. Nardi is the current solicitor for the Camden JIF. Ms. Palmeri budgeted for $170/hour. *(The Committee approved the hourly fee of $170/hour for the Conflict Attorney.)*

Ms. Palmeri noted that the Subrogation Attorney is not requesting any change in his rate structure.

Ms. Palmeri noted that the Auditor is requesting a 2.0% increase. *(The Committee approved the 2% increase for the Auditor.)*

Ms. Palmeri noted that the Claims Administrator is seeking an increase of 6.0% in their claim rate as their rate is not in line with the cost of services. Ms. Palmeri stated the justification can be found in their letter, Tab 4, pages 10-14. She also reviewed Tab 3, page 4 where the Claims Counts are estimated for 2021 and terms are compared. She noted that the 2021 proposal is a minimum claim count of 1,500 with max of 1,600 with a rate of $548.25 and 2022 minimum claim count of 1,450 with max of 1,550 with a rate of $578.50. Ms. Palmeri reviewed last year's claims and fees paid.

She noted that Qual Lynx are not asking for any changes to the EPL Advocacy Fee of a NTE of $10,000 nor Catastrophic Occurrence Hourly fee of $65 nor the new member fee of $1,350. She stated the net impact on the minimum obligation is 1.98% and on maximum is 2.2%.

Ms. Palmeri reviewed the claims count history in Tab 3, page 4 with the Committee. She noted that she does not think the claims counts will be as high as predicted due to the skewed numbers from the pandemic. *(The Committee approved the requested increase in rates and lowering the min/max for the Claims Administrator.)*

Ms. Palmeri stated that the Cyber Online Employee Training is pending RFP, but will still be budgeted.

Ms. Palmeri noted that the JIF Website Administrator is requesting a 4.0% increase, equating to $200 more yearly. *(The Committee approved the 4% increase for the Website Administrator).*

Ms. Palmeri noted that the Managed Care fee is pending RFP and is an allocated file expense.

Ms. Palmeri reported that the Payroll Auditor has requested a 2.0% increase. *(The Committee approved a 2.0% increase for the Payroll Auditor.)*

Ms. Palmeri stated that the Police Online Training is pending RFP, but will still be budgeted.

Ms. Palmeri noted that the Property Appraiser is not requesting an increase in their rate. She noted that the fee for 2022 is anticipated at $49,086. She noted that she increased the budget by $1,000 for unanticipated properties. *(The Committee approved the Property Appraiser budget increase.)*

Ms. Palmeri stated that the Recording Secretary is requesting a 2.0% increase. *(The Committee approved the 2.0% increase for the Recording Secretary.)*

Ms. Palmeri stated the Safety Director is requesting a 2.0% increase. *(The Committee approved the 2.0% increase for the Safety Director.)*

Ms. Palmeri stated that the Technology Risk Management Services is pending RFP, but will still be budgeted.

Ms. Palmeri stated the Treasurer is requesting a 1.98% increase. *(The Committee approved the 1.98% increase for the Treasurer.)*

Ms. Palmeri stated the Underwriting Manager is requesting a 2.0% increase. *(The Committee approved the 2.0% increase for the Underwriting Manager.)*

Ms. Palmeri stated the Wellness Director is requesting a 1.7% increase. *(The Committee approved the 1.7% increase for the Wellness Director.)*

Scope of Service Requested Changes

Safety Director, New Member Fee -Mr. Forlenza stated that the Safety Director is requesting a change to their New Member Fee, Tab 4, page 23. He informed the Committee of his discussion with the Safety Director's office regarding the costs when completing a new member application loss control survey. He stated that the application fee ($600 or $1,500), which is meant to offset the costs of the Fund Actuary in developing loss funding for a new applicant and the costs associated with the Safety Director's review of the applicant's exposures, has not been increased in years and does not cover the costs of these services. He explained that no potential new member will ever pay an application fee of $3,000 to $4,000. As a result, Mr. Forlenza proposed that if the new member joins the Fund, the Safety Director will be paid the full amount of the cost associated with completing the new member's analysis, building the fee into the new member assessment. He noted that if the new applicant does not join the Fund, the Safety Director will only receive the balance remaining in the application fee ($600 or $1,500). The Committee agreed to this proposal.

Wellness Director **-** Ms. Palmeri stated that the Wellness Director proposed a few changes outlined on Tab 4, page 27. Mr. Forlenza noted these will be reviewed with the Safety Committee: however, there is no concern with any of the items.

OPRA Requests

Mr. Forlenza directed the Committee to page 54 of the agenda to the excerpt from the Claims Review Committee meeting. He reiterated that over the last year, there has been a significant increase in OPRA requests being made to the members. He noted that some municipal clerks are forwarding them directly to Qual-Lynx and/or AJG to complete instead of requesting specific information or reviewing their own files for documents responsive to the request. He also noted that Mr. DeWeese's office has also been inundated as he must review the document before being released to the member. He reminded the Committee that this type of work is not contemplated in the existing contracts between the Fund and Qual Lynx or Mr. DeWeese and they should be compensated for this work. Mr. Forlenza has asked Qual-Lynx and Mr. DeWeese to track their hours to process OPRA requests over the past few months.

Mr. Miola explained that during the Claims Review Committee discussion, there was pushback noting that the members cannot readily access the information being requested and they would rather pay Qual-Lynx and the attorney to do the work. He asked both vendors to submit proposals for these extra fees which can be found on pages 57 and 58, noting their proposals are $170/hour for Mr. DeWeese and $90/hour manager and $60/hour for clerical staff not subject to NTE. Ms. Mahon noted that many clerks are also the claims coordinator and should have these documents in their possession. Mr. Miola stated that OPRA guidelines were reviewed with the Claims Coordinators in March 2021. Mr. Forlenza noted that Mr. DeWeese will also be reminding the Defense Panel members to ensure they are sending completed files once they are closed to the appropriate member for future requests. A discussion ensued regarding who should pay the costs associated with this additional work. Following a lengthy conversation, the Committee agreed for the JIF to pay these fees for one year (2022) and then make the costs associated with an OPRA request the responsibility of the individual member beginning in 2023. The attorney will be paid from Contingency line and Qual-Lynx will be paid against contract maximum.

Six Year Loss Ratio Summary as of June 30, 2021

Ms. Palmeri directed the Committee to the Loss Ratio Summary spreadsheets contained in the agenda. She indicated that these reports are for Fund Years 2015-2020 valued as of 06/30/21. She noted that the JIF Six Year Average Loss Ratio is 84.4% and the Five Year is 85.5% which is what ACM JIF utilizes in developing assessment strategies. She then reviewed the individual years, by line of coverage with the Committee.

Ms. Palmeri then presented the MEL Loss Ratio Reports valued as of 06/30/21 for Fund Years 2015-2020. She noted that the Six Year Average Loss Ratio for the MEL is at 77.4%. She stated that the Auto Liability claims information is rolled in the General Liability coverage so we are only looking at three lines of coverage. Mr. Forlenza noted that these numbers would have been higher if the SIR was not increased to $500,000.

Next, Ms. Palmeri reviewed the EPL/POL Six Year Average Loss Ratio report valued as of 06/30/21 for Fund Years 2015-2020. She noted that they use the Five Year Average Loss Ratio for EPL/POL is at 34.5%; and the Six Year Average Loss Ratio is 37.5%. She noted that the carrier considers a 55% loss ratio a breakeven point due to the fact that the premium is inclusive of operating expenses, surcharges, taxes, profits, etc.

Assessment Strategy Scenario
Actuarial Valuation

Ms. Palmeri directed the members to Tab 6. Ms. Palmeri noted that each year the Actuary prepares a spreadsheet that outlines the allocation of the loss funding budget based upon a member's losses; allocating the change in the loss funding budget to each member equally; their loss funding assessment if they were a new member (credibility); and a mixture of loss experience (70%) and credibility (30%).

Ms. Palmeri explained that page 1, columns 1-3 details the budget increase as recommended; columns 4 & 5 utilizes the exposures and performance; columns 6 & 7 show the weighted assessments and columns 8 & 9 show the assessment change from prior year. She noted the Actuary uses 7 years, not 6, more heavily weights recent Fund Years over older Fund Years, and does not take anomaly losses into account (one claim which accounts for at least 50% of the overall net incurred over the six year period).

Impact of Renewing Members on Budget

Ms. Palmeri briefly reviewed the snapshot of the individual renewing members (beginning on page 3) with the Committee detailing the loss ratio, the claims incurred and differential between them. She noted this process provides the Fund with an opportunity to adjust a member's loss funding premium so that all members are accurately priced. She further reviewed what the impact would be if the good performing members did not renew for 2022 and the amount of loss funding that the remaining members would need to absorb. She pointed out that the members are more accurately assessed compared to years ago.

Ms. Palmeri reviewed the Renewing Member Snapshot with the Committee. She noted that the member is broken out by loss funds, claims incurred, and loss ratio per Fund Year. She noted the exposure section of the Snapshot details changes in the members' exposure data over time.
**Ms. Palmeri noted that page 13 contains Wildwood City information and not Wildwood Crest.*

2022 Retrospective Program Candidate Analysis

Ms. Palmeri then directed the Committee to page 15 of Tab 6 of the workbook. Ms. Palmeri reminded the Committee that the Fund has utilized the same criteria over the past several years to determine if a member is a candidate for the *Retrospective Program*. This criterion includes a negative impact on the Fund's surplus of $200,000 or more over the preceding three (3) year period and the member is 15% or more underpriced according to the Actuary. She asked the Committee to review pages 16-22. The Committee discussed the candidates and based upon this criterion, agreed Dennis Township is a candidate for the *Retrospective Program.* Ms. Palmeri recommended that the increase for Dennis Township, which had an underfunded Actuarial Valuation of 22.6%, should be capped at 15% with the minimum obligation to be determined by the selected Assessment Strategy. The Committee agreed to place Dennis Township on the *Retrospective Program* in 2022.

Assessment Strategy Scenario

Ms. Palmeri then directed the Committee to proposed assessment allocation scenario for renewing members assuming a $500,000 SIR, included on page 28 of Tab 6. She then briefly reviewed the option regarding the proposed reductions for the renewing members noting that anomalies were also identified. Ms. Palmeri asked if the Committee would like to continue the practice of considering anomaly losses. The Committee agreed to continue considering anomaly losses.

Ms. Palmeri noted Option 1a that does not include the additional perils in the Loss Fund Contingency line. Since the Committee wished to fund 25% of additional perils, she used Option 1b, but will revise the percentage of additional perils funded from 50% to 25%. She noted that the Retrospective member would have a minimum obligation as determined by the appropriate tier, which would be capped at 15% for Dennis Township. Non-renewing members above 180%, a 16% increase; non-renewing members between 140% - 180%, a 15% increase; non-renewing members between 120%-140%, would have a 12.5% increase; non-renewing members between 100%-120%, would have a 10.55% increase; new members less than 3 years' experience, a 9.39% increase; non-renewing members between 60% - 100%, a 9% increase; non-renewing members between 40%-60%, a 7.0% increase; non-renewing members between 20%-40%, a 5.0% increase; non-renewing members below 20%, 2.5% increase; renewing members between 40%-60%, a 2.5% increase; renewing members between 20%-40%, flat; and renewing members below 20%, a
-2.5% decrease.

After a brief discussion, the Committee indicated that would like to use Anomalies with funding 25% for perils in Option 1b on page 28. Ms. Palmeri stated that she will email the new Assessment Strategy with these changes. Mr. Forlenza commented that the reward/revaluation program is working.

Miscellaneous
MEL Fiduciary Disclosure

Ms. Palmeri reviewed a memo with the Committee, which will be attached to the minutes of today's meeting, explaining that the MEL, like the ACM JIF, is a self-insurance fund and is not an insurance entity subject to financial rating by A.M. Best's & Co. Furthermore, like the ACM JIF, should the MEL become insolvent, the Fund membership is subject to additional assessments to make up any shortfalls. In addition, the Executive Director's office also monitor's the MEL's financial performance and will advise the Fund of any concerns it may have regarding the MEL's financial performance. (*A copy of the MEL Fiduciary Disclosure is attached and incorporated herein by reference.)*

Environmental Impairment Disclosure

Ms. Palmeri stated that the Annual Disclosure noting that the ACM JIF has elected not to purchase Environmental Impairment Liability coverage for its members through the E-JIF is included in the agenda packet. Ms. Palmeri stated that the member's individual RMCs are responsible for determining whether the towns they represent want to purchase this coverage outside the JIF/MEL Program. She urged the members to discuss this with their RMCs. She noted that the disclosure would be attached to the minutes of today's meeting and was also distributed to all members with the Exposure Review Process on 7/08/21. Mr. Forlenza asked the members if they are interested in the E-JIF. The Committee noted they were not.

A copy of the Environmental Impairment Disclosure is attached and incorporated herein by reference.

MEL (3) Year Membership Renewal

Ms. Palmeri noted that the membership with the MEL JIF is expiring and a resolution to re-join effective 1/1/2022 is included in the agenda. The Committee agreed to renew and the resolution will be presented at the September Executive Committee meeting.

RCF (3) Year Membership Renewal
Ms. Palmeri noted that the membership with the RCF JIF is expiring and a resolution to re-join effective 1/1/2022 is included in the agenda. The Committee agreed to renew and the resolution will be presented at the September Executive Committee meeting.

Late Interest on 3rd Installment
Ms. Forlenza reported that when the 3rd installment was released to the members in late June, some member towns may not have received the invoices due to some issues resulting from the conversion to Microsoft 365. The Treasurer has been following up with members who have not paid yet and some are indicating that they never received the initial invoice. The Committee discussed waiving the late interest penalty and decided that all members who pay by August 31, 2021 will not receive a late interest penalty. The Treasurer will reiterate this to all members with outstanding payments due.

Proposed September 2021 Budget Amendment
Ms. Palmeri highlighted the upcoming 2021 budget amendment to be presented in September at the Executive Committee Meeting. She noted that the amendment includes EPL buy downs; Cyber; Optional Safety Budget; MEL and RMC adjustments.

Next Meeting Date – October 29, 2021 at 9AM
Ms. Palmeri noted the next meeting would consist of the final assessment allocation strategies, revised draft Budget with approved vendor fees and MEL & EPL assessments.

Seeing no other business, the meeting was adjourned at 11:10 am.

Atlantic County Municipal Joint Insurance Fund
Established in 1987
South Jersey Communities Securing Their Future

BUDGET HEARING NOTICE

Notice is hereby given that the Atlantic County Municipal Joint Insurance Fund (ACM JIF) will conduct a public hearing on the Fund's proposed **2021 Amended Budget**. The hearing will be held as part of the ACM JIF's **September** Executive Committee meeting. RE: Coverage Reminder – Environmental Impairment Liability

****

This memo serves as an annual reminder that the **Atlantic County Municipal Joint Insurance Fund** (ACM JIF) does **not** provide Environmental Impairment Liability (EIL) coverage to its members.

Each year, the Executive Director's office reviews the availability of this coverage with the ACM JIF Finance Committee to determine if the Fund would like to entertain proposals for this coverage through commercial insurers or membership in the New Jersey Environmental Risk Management Joint Insurance Fund (E-JIF).

The E-JIF is a risk sharing pool that provides EIL coverage and risk management services to member municipalities. The coverage and services for the E-JIF are provided at a rate of approximately $0.96 per capita. The ACM JIF is eligible to join the (E-JIF) and has received several proposals to become a member of the E-JIF since its inception; however, the ACM JIF has decided **not** to accept the proposal of membership.

As a result, Risk Management Consultants are urged to assess the environmental risks of their clients who are members of the ACM JIF and make arrangements for environmental coverage and other coverage that may be necessary to supplement the coverage afforded by the ACM JIF.

After your review of this information, should you have any questions or comments, please do not hesitate to contact our office.

Thank you.

RESOLUTION NO. 2021-

RESOLUTION OF THE EXECUTIVE COMMITTEE OF THE ATLANTIC COUNTY MUNICIPAL JOINT INSURANCE FUND AUTHORIZING REFUND OF CLOSED YEAR ACCOUNTS (2011 - 2016) SURPLUS

WHEREAS, N.J.A.C. 11:15-2.21 provides that a municipal joint insurance fund may seek approval from the Commissioner of Banking and Insurance for a refund of excess monies from any fund year upon compliance with certain requirements; and

WHEREAS, the Atlantic County Municipal Joint Insurance Fund, hereinafter referred to as "FUND" has obtained a calculation from its Actuary and Executive Director as to the amount of money which is available for distribution consistent with the aforementioned regulations and the financial integrity of the FUND; and

WHEREAS, the Executive Committee of the FUND has determined that it would be in the best interest of the FUND and its member municipalities to make certain refunds;

NOW, THEREFORE, BE IT RESOLVED by the Executive Committee of the FUND, as follows:

1. Section B of N.J.A.C. 11:15-2.21 provides that the FUND may seek approval for refunds from any claim fund that has been completed for not less than twenty-four months. Based upon this requirement, and the closure of Fund years **2011 through 2016**, surplus monies in Closed Year Accounts are eligible for refunds at the discretion of the FUND, the Department of Banking and Insurance and the Department of Community Affairs.
2. The Executive Committee has balanced the interests of the member municipalities in obtaining the benefit of such monies as are available for refund against the need for the FUND to protect and preserve its financial integrity. Because the reserve figures and the IBNR figures utilized by the FUND's actuary are conservative, and because the Department of Banking and Insurance and the state regulations require a thirty-five percent margin of error, and since the Fund transferred its liabilities to the Residual Claims Fund, it is the conclusion of the Executive Committee that **$3,750,000** representing closed years surplus can be refunded at this time.
3. The Executive Director is, therefore, authorized and directed to submit such documents as the regulations require to the Departments of Banking and Insurance and Community Affairs for the approval of the refunds in the amounts set forth above.

4. This authorization is based upon the Auditor's Report of the Historical Operating Results as of **December 31, 2020**. The aforementioned refund monies shall be allocated, as required and necessary, from the various loss and contingency funds for the respective years, all in accordance with the Actuary's analysis of available monies.

5. The FUND's Treasurer is authorized to prepare and execute checks for the pro-rated amount of the aforementioned refunds due to each member municipalities for the year in question, upon receipt of written documentation of approval or acquiescence of these refunds from the Departments of Banking and Insurance and Community Affairs. Said refunds shall be made to the municipalities that were members of the FUND for the years in question in the same ratio as said municipalities were assessed for the years in question.

I. EPL/POL Loss Ratio Reports

FY 2015-2020 valued as of 3/31/21

Mr. Forlenza reviewed the EPL/POL Loss Ratio Reports for Fund Years 2015-2020 valued as of March 31, 2021 that were included in the agenda packet. He noted the EPL/POL Six Year Average Loss Ratio for the ACM JIF is 37.4% and the Five Year Average Loss Ratio is 34.4%. Mr. Forlenza reminded the Committee that the carrier uses a 55% loss ratio as a "breakeven" point for determining the JIF's performance. Mr. Forlenza then referenced a spreadsheet that depicted the incurred EPL vs. incurred POL results over the same six year period valued as of March 31, 2021 by member. He then briefly reviewed the individual performance in each of the Fund Years currently being tracked. He further noted that there will be development in the most recent years as the claims begin to mature and eventually settle out.

Mr. Forlenza stated that the Loss Ratio Snapshots, inclusive of JIF, MEL, and EPL/POL are uploaded into Origami and reviewed the format and location of the reports within Origami. He noted the March 31, 2021 reports were distributed via Origami on June 14, 2021.

II. EPL/POL Claims Filed – XL Insurance

A. All Open XL Files

Mr. DeWeese reviewed the status of all open EPL/POL claims files with XL. He noted there is only one (1) pre 2016 active/open files still being handled by XL and is pending in the Appellate Division. He then discussed the case in greater detail with the Committee.

B. Open QBE Files

Mr. DeWeese reviewed the open cases with QBE. Mr. DeWeese stated that there are currently fifty (50) open claims; thirty (30) are awaiting coverage determination; twenty (20) are in Litigation and twenty-one (21) have Defense Counsel assigned

C. Closed QBE Files

Mr. DeWeese stated that from March 2021 – July 2021: nine (9) claims closed, with one (1) due to coverage denials; four (4) closed due to inactivity; one (1) dismissed without payment to the Plaintiff; and three (3) settled with payment to the Plaintiff.

III. Members of Concern

Mr. Forlenza referenced an excerpt in the agenda from the Committee's last meeting on March 17, 2021 in regards to ongoing concerns with Estell Manor. Mr. Forlenza then asked Mr. DeWeese if he still has concerns with Estell Manor. Mr. DeWeese responded that he has significant concerns with Estell Manor due to the turnover in key positions. Mr. Forlenza stated that Jud Moore is still the Fund Commissioner and the Municipal Clerk until new personnel is appointed. Mr. DeWeese stated that with the recent settlement of a difficult claim, he is hopeful that this will have an effect on future actions by the Governing Body as they are contributing to the overall settlement. Mr. Forlenza noted we will be looking at deductible and co-insurance requirements as part of the renewal this year with QBE. Mr. DeWeese noted he will report back with any additional information.

Mr. Forlenza asked Mr. DeWeese if he felt there were any other members of concern at this time, and Mr. DeWeese stated there are none.

IV. MEL EPL Plan of Risk Management Program

A. *2022-2023 MEL Plan of Risk Management Program*

Mr. Forlenza stated that the MEL extended the compliance date from June 1, 2021 to November 1, 2021. He reminded the committee that the new model EPL Policies & Procedures and Handbook were posted on the MEL website in July 2020 and the format of the documents has changed significantly. Specifically, the Handbook will now reference policies that are included in the municipality's Policies and Procedures; however, a full copy of the policy language will not be included in the Handbook. Mr. Forlenza stated that the MEL sponsored two webinars last Fall that provided an overview of the changes. A recording of the webinar is on their website and is approximately an hour long. He noted this webinar is well worth the time.

Mr. Forlenza stated that last November a memorandum was sent to all members notifying them of the availability of non-supervisory employee training through the MEL Safety Institute (MSI). A required element of compliance with the MEL's 2022-2023 Employment Practices Liability (EPL) Risk Management Plan, all members are required to notify their non-supervisory employees of the availability of this training, though employees are not required to take the training. On April 14, 2021 a revised memorandum was released due to a change in the format of the website. This is included in the monthly agenda packet. All members need to document the notification of the availability of this training to their employees. .

In regards to Managerial & Supervisory Training, the registration, training, and participant tracking was done through the MSI platform. Mr. Forlenza noted the Employment Practice training was presented by Armando Riccio. Participation in this training is also required for compliance with the MEL's EPL Plan of Risk Management. There were 20 sessions completed from April 15 – June 9, with approximately 978 Managers and Supervisors trained. At this time, no additional trainings have been scheduled; however, this will be revisited after the summer.

Mr. Forlenza reminded the committee that last September the decision was made to split the Managers & Supervisor's Sexual Abuse & Molestation Training and Employment Practices Liability related training. The Sexual Abuse training has been conducted via webinars by Paul Shives, J. A. Montgomery, since last Fall. In March, the MEL decided to release another 8-10 training dates for the Spring/Summer 2021.

Lastly, Mr. Forlenza noted the Police Command Staff Training covered SAM, EPL, Cyber and Legal updates. He stated that they did manage to hold one session in person prior to the COVID restrictions; however, the remainder of the sessions had to be postponed. Since the COVID restrictions have been eased, the remaining sessions were able to be rescheduled and held in person, with two (2) sessions per day, for a total of six (6) in person sessions as follows: June 3, 2021 -126 total attendees; June 8 – 195 total attendees; and June 23 – 156 total attendees. Mr. Forlenza noted the sign-in sheets were posted to the JIF websites; however, at the request of the officers, the sign in sheets were removed as they feared their signatures could be forged from the websites. Any member that wants to know which officers attended the training should contact his office.

V. EPL/POL Policy

Mr. Forlenza reminded the Committee there was a statewide increase of 2.2% for this Policy for 2021; however, the ACM JIF is seeing a premium reduction in individual member assessments due to continued good claims history and the reallocation of the statewide premium across all MEL JIFs. The 5 year EPL/POL Loss Ratio valued as of June 30, 2021, which the carrier used for adjusting the 2021 premium, was 34.4% and the 6 year was 37.4%, noting again the carrier uses the 5 year figure when considering premium adjustments. He noted that the ACM JIF results were below the carrier's breakeven point of approximately 55%. He also reminded the Committee that the MEL instituted a five year phase in of premium adjustments based upon member exposures and loss history. 2022 is year 3 of the 5 year process.

VII. MEL EPL Helpline

Mr. Forlenza referenced a report included in the agenda which depicts the current authorized users. He stated our JIF has had tremendous success in utilizing this program.

Mr. DeWeese reminded the members to please review the list of authorized contacts for the *MEL Employment Practices Helpline* included in the monthly agenda packets each month, and be sure they are updated with who you want to be able to contact the Helpline. Mr. Forlenza noted he had sent out an email in January to all members asking them to review and advise his office of any changes to the listed users we currently have on file, and commented he would continue to mention it at each monthly meeting.

DeWeese stated of the three attorneys on the MEL Helpline panel, he continues to receive the most calls, thought the volume has come down since the COVID claims have slowed up. He noted everyone he has spoken with in regards to the *Helpline* has been pleased with the results and have followed the advice of the Attorneys, thus he believes the conversations are helping to prevent future claims, which is the ultimate goal. Mr. DeWeese stated from March 2019 to present, he

has received 170 calls across all three JIF's, with 38 calls in 2021, and 5 calls in the last two months. He noted he has also sent out numerous Bulletins via email on employment related issues. He is hoping the reduction in calls means there are not many employment related issues.

Mr. DeWeese reminded the Committee any calls he receives are kept in a log managed by Fred Semrau. He further stated that a memorandum recapping the question and the suggested direction is sent to the member. Mr. DeWeese also noted he also may direct the member to Labor Counsel or members of the defense panel, to address a question.

Lastly, Mr. DeWeese noted him, along with Ms. Stienmiller, Ms. Howlettt, and Mr. Semrau meet to review the effectiveness of the Helpline and are continuously working on future webinars to be conducted on employment related issues for all members. Ms. Howlett heads up the webinars and Mr. Semrau works on producing generic memos in regards to the most frequently asked questions. Hopefully, the webinars and generic memorandums will start to be distributed to the general membership in the not too distant future.

VIII. Elected Officials Training

Mr. Forlenza reminded everyone that a memorandum including detailed directions on how to access this training through the MSI was emailed to Municipal Clerks, Fund Commissioners, and Risk Management Consultants in November 2020. Elected Officials had to register through the MSI were there is a record of them having completed the training and their town will receive credit. The deadline for completing this training was May 14, 2021, and the list of those that completed the training are posted on the JIF websites, so please check to be sure you received the proper credit. Mr. Forlenza stated there were 167 Elected Officials from the ACM JIF who completed the training and the credit will be applied to your 3rd installment billing so be sure to watch for it.

XI. Land Use Liability Risk Management Program

Mr. Forlenza referenced a report in the agenda which depicts those member municipalities that have had at least some of their land use board members complete the training. This report is also included in the monthly agenda packet and he reminded the Committee that only those land use board members that complete the training process are eligible for enhanced coverage should they be named personally in a Land Use claim and also stated the certification is for the individual, not the position. Mr. Forlenza noted that should anyone need additional training materials to please contact his office; especially as new members might have been appointed to these land use boards.

X. Police Online Training

Mr. Forlenza stated that there are 26 Police Departments in the ACM JIF. To date, 19 departments have enrolled in the Police One platform, with 18 departments actively taking courses with 5,069 classes completed to date, and 7 members with no activity at all. Mr. Forlenza noted that Chief Hummel has a committee of Police Chiefs that constantly review the availability of courses through Police One Academy and Chief Hummel is continually pushing to get the remaining police departments registered and actively participating in the Program. Mr. Forlenza stated the Fund is in the final year of the 3 year contract, which expires on August 31, 2021. His recommendation at this point, after collaborating with Chief Hummel and Mr. Miola, is to allow this training to lapse.

Mr. Forlenza then explained that in reviewing the materials, it seems we have run through the best trainings we wanted to get out to our members and feel that this training is not the best use of the JIF's resources at this time. Mr. Forlenza explained that his office has been working for many years to get Police Departments Accredited. This has been done by offering incentives and local

assistance to Police departments to undertake this process. Unfortunately, many members continue to indicate that they do not have to the time or local resources to undertake the difficult process of becoming and staying Accredited. As a result, after discussions with Chief Hummel, Mr. Miola, and Mr. DeWeese, Mr. Forlenza is recommending that the JIF look to hire a Police Law Enforcement Consultant.

The idea is to have a Police Professional visit our member's Police Departments and speak with them about the policies they have in place and concentrate on those areas of need. The areas of greatest importance would be identified with the assistance of the JIF's Defense Panel. Mr. DeWeese has reach out to those Defense Panel members who are involved in our Police related claims and ask them to tell us where our members are lacking in their policies, procedures and practices, and concentrate our efforts in these areas.

A potential candidate for this position is Chris Winters who is a retired Lt. with the Lower Township Police Department. Mr. Forlenza then referenced a proposal from Mr. Winters in the agenda. He continued to explain the money currently being used to pay for Police One would be redirected to engage Mr. Winters as soon as this Fall so he may start visiting our members and working with them to implement and train officers on the policies of greatest need within each department. In addition, Mr. Miola would like to see a training on the *Management of Aggressive Behavior*, in hopes this training would help in the defense of alleged excessive use of force claims. Chief Hummel stated he is aware that a lot of mandatory training directives are going to be released later this year by the Attorney General and he believes this will be a good resource in helping the agencies complete these tasks.

Mr. Forlenza noted that this will be discussed at the Executive Safety Committee Meeting on August 5, 2021 and the additional funding to support this initiative will be included in the draft 2022 Budget. Ms. Seib asked if there would be any pushback from the departments as Mr. Winters is an outsider. Chief Hummel believes it will be well received as most agencies are asking for sample policies and assistance with policy implementation and training. He further stated that he will be accompanying Mr. Winters at first to familiarize him with our towns and introduce him to our departments.

Lastly, Mr. Forlenza stated the Police One platform was also used for Cyber Trainings for our Police Officers, so now we will incorporate Police cyber training into the RFP for Technology Risk Management Services when we issue an RFP in the next few months for these services. The Committee agreed.

IX. Technology Liability

Mr. Forlenza briefed the Committee on issues his office is having with MediaPro, the new owners Knowb4, and the database. Mr. Forlenza stated MediaPro/Knowb4 is no longer able to track the completion of training for each individual employee, which prevents the JIF from notifying a town what employees have or haven't completed the training. Last July, the Executive Committee authorized the final year of Media Pro's three (3) year contract, which was effective September 1, 2020. At about this same time, the Report issues began to materialize. It seems Litmos, who was originally contracted with MediaPro to provide data base functions and report capabilities to the JIFs, pursuant to this contract was purchased by SAP. SAP made changes to the database program and those reports could no longer be generated.

With that said, Mr. Forlenza explained that Mr. Romero, Technology Risk Services Director for the BURLCO & TRICO JIFs, and Ms. Matro from his office were working with Media Pro to determine what happened in regards to changes to the database module, while Media Pro was in the process of being purchased by Knowb4, one of Media Pro's competitors. Once he was made aware of the purchase, Mr. Forlenza engaged in conversations with MediaPro/Knowbe4, but it seemed to fall on deaf ears. As a result, Mr. Forlenza spoke with Mr. DeWeese who has sent a letter on the Fund's behalf canceling the contract with Media Pro/Knowb4 requesting a reimbursement of payments made since they are not providing the services required under the

contract. He then referenced the correspondence in the agenda. Mr. DeWeese noted he has heard from them, and if the money is not refunded, then he will file suit, though he is hoping to hear something from them again in August. In the meantime, Mr. Romero has drafted an RFP for a number of Technology Risk Management Services based on his experience working with the JIF over the last several years and we will be looking to authorize release of an RFP to include Phishing exercises, Cyber Hygiene Training, Penetration testing and other key elements of a solid Risk Management Program effective January 1, 2022 at today's Executive Committee Meeting.

Mr. Forlenza then explained his concern with not providing ongoing cyber hygiene training to member employees for the next several months while the results of the RFP are determined. He explained that following the cancellation of the contract with MediaPro/Knowb4, he reached out to the Ed Cooney seeking an alternative source for this training. Mr. Cooney referred him to the MEL Excess Cyber carrier's cyber hygiene vendor, Cowbell. He noted Cowbell is under contract with WIZER to provide discounted cyber hygiene programs to its insureds of which the MEL is one. Mr. Forlenza contacted WIZER and received a proposal for 10,000 employees for a 5 month period across all three JIFs with which he works. A resolution authorizing a contract with Wizer for a 5 month period is on the Executive Committee's agenda for later today.

In regards to PivotPoint, Mr. Forlenza noted we are in our final year of the three (3) year contract that expires on August 31, 2021. For the last three (3) years, PivotPoint has been providing phishing emails to the members along with network of public facing IT address. After discussing the potential of extending this contract for a four month period pending the outcome of the RFP, it is recommended that we end our contract with PivotPoint effective August 31st.

In regards to the MEL Cyber Risk Management Plan, Mr. Forlenza referenced a Grandfathered report in the agenda depicting 24 members who remain compliant for 2022 as they are in compliance with both Tier 1 & 2 standards. As far as the new version of the MEL Cyber Risk Management Plan, there are no members compliant with the new Tiers (1, 2, & 3); however, that is not unexpected.

XII. Technology Risk Services Director

Mr. Forlenza reminded the Committee of their discussions at their last meeting regarding securing a proposal from Mr. Romero to act as the Fund's Technology Risk Management Director is the same capacity as his role with the BURLCO, & TRICO JIFs. Following the meeting, Mr. Forlenza emailed a proposal to the Committee for their review. Mr. Romero's proposal generated numerous questions, so it was decided to discuss the proposal at today's meeting. Mr. Forlenza then referenced a copy of the proposal in the agenda packet

Mr. Forlenza explained that since becoming involved with the BURLCO & TRICO JIFs, Mr. Romero's workload has increased. His role has both broadened and changed over the last several years. For example, he is now a member of the MEL Statewide Cyber Risk Task Force; works with vendors in developing the cyber hygiene courses for all three of the Funds with which he works and he is usually the first person contacted should there be a cyber-related incident in a member of BURLCO & TRICO.

Mr. Forlenza reiterated that Mr. Romero has been a real asset to the BURLCO and TRICO JIF's. This includes assisting the members with becoming compliant with the MEL Cyber Risk Management Program, talking with members' IT people, develops Policies and Procedures, and conducts training. He is also the "interpreter" between the members and the Breach Hotline, among many other tasks.

Mr. Simone asked if engaging Mr. Romero would help lower our premiums, if in turn we were able to see a decrease in potential liability. Mr. Forlenza stated that Cyber Liability premiums will continue to increase for the foreseeable future. What it will do is assist our members in controlling their exposure. Each member has a $25,000 deductible, and hopefully in utilizing Mr. Romero's services, this will help in minimizing claims, thus saving on deductibles and improving the JIF's overall performance.

Ms. Seib noted the Fund currently has MediaPro and Pivot Point providing certain services to the member, could Mr. Romero provide the services of MediaPro and Pivot Point something the Technology Risk Director could do, to save on costs. Mr. Forlenza stated Mr. Romero does not currently have those capabilities; however, Mr. Romero is currently the point of contact for both of these firms with the BURLCO and TRICO JIF. Ms. Seib asked if this person would be available to each members IT Department to assist in any problems or in becoming compliant with the MEL Cyber Risk Management Plan. Mr. Forlenza noted that Mr. Romero created the Model Policies for all of the Tiers in the new Mel Cyber Risk Management Program, and made them available to the BURLCO and TRICO JIF members to utilize in becoming compliant.

He has also created a webinar for them which walks them through each step in complying with the new Cyber Risk Program. Ms. Burke stated she likes having an IT person working with/speaking to another IT person, as she feels things are better understood and work better. Mr. Simone asked how Mr. Romero interacts with member towns. Mr. Forlenza explained that it depends upon the situation. Sometimes he needs to be at the town to sit with the IT Department and the Fund Commissioner, especially so they know what exactly needs to be done in order to become compliant in Tiers 1, 2 and 3. Other times, he will meet with the town virtually. Ms. Burke asked if a "response" clause could be added into the contract, to protect the ACMJIF if he didn't meet a response time. Mr. Forlenza stated if there was a breach, and you reached out to him, the response would be immediate, however as far as meeting with towns, a clause could be built into the contract if it was wanted.

A discussion ensued and Ms. Seib voiced great concern, as did other committee members, on Mr. Romero being able to handle the needs of the membership of all three JIF's as he is a "one man" operation. The Committee raised concerns in regards to his response time if he was needed for a breach as he is handling over 100 towns on his own. Ms. Seib stated there are some towns who do not have an IT Department and will need quite a bit of assistance. She stated she understands he has the knowledge, but does he have the capability to handle the demands of all of these municipalities. Mr. Forlenza noted that is his concerns well, but Mr. Romero is in the process of executing a contract with another professional to work with him. Mr. Forlenza noted he can only take him at his word right now, however if the ACMJIF is seriously considering hiring Mr. Romero, it can be expressed to him that another employee is a necessity. Mr. Forlenza suggested securing a letter/memorandum from Mr. Romero outlining how he intends to handle the additional responsibilities with bringing on another 41 towns.

Ms. Seib asked Mr. DeWeese if the JIF can simply appoint Mr. Romero or whether a formal RFQ process is required. Mr. DeWeese stated that the JIF can appoint Mr. Romero as they currently do with other Fund Professionals utilizing a Non-Fair and Open process negating the use of an RFP or RFQ. Following a brief discussion, it was agreed by all to secure a memorandum from Mr. Romero outlining how he would manage the workload and responsibility involved with the addition of 41 towns. Mr. Forlenza stated he would get this information from Mr. Romero and email it to the Committee for their review.

XIII. Cyber Liability Renewal

Mr. Forlenza reminded the Committee that statewide, the MEL JIFs have not performed well in regards to cyber related claims. As a result, the 2021 Cyber renewal included a 100% increase in the base and excess cyber premiums, which equates to a 2021 rate of $3,865 per member. He noted; however, that compared to coverage on the open market, this is a fraction of what would be paid if you were to acquire this coverage on your own. Mr. Forlenza then explained that fewer insurers are offering cyber related coverage due to the number of claims and their associated costs. In addition, Mr. Forlenza noted that the overall insurance market is currently "hard" resulting in less coverage and higher premiums overall. As a result, the MEL had to accept changes to the cyber coverage terms and limits for 2021.

Mr. Forlenza stated that prior to January 1, 2021, individual JIF's picked the coverage limits they wanted to purchase in their base programs and excess policies. The MEL has now put all JIF's at the same coverage limits. Mr. Forlenza explained that the Cyber coverage now provides on a per JIF basis $3 million for 1st party & third party losses subject to a $6 million per JIF Aggregate. The MEL is also providing an additional $6 million per claim limits subject to a $9 million Statewide Aggregate limit. In addition, there is a $25,000 Deductible per claim and the MEL is self-insuring the next $175,000 of each claim. Any losses that exceed $200,000 go to the insurer.

Mr. Forlenza stated there is also a portion of the deductible being reimbursed by the MEL based upon compliance with the Cyber Risk Management Plan at the time the claims occurs.

In regards to the 2022 Renewal, Mr. Forlenza foresees continued pressure on premiums, and continued curtailment of coverage limits, which is why having the Risk Management Program pieces in place is key for our members. We want to be sure we have as many members in compliance as possible as that will help us as the Underwriter has discussions with the Cyber liability market.

XIII. *Next Meeting*

The remainder meeting schedule is as follows: November 2021 at 1:00 pm prior to the Executive Claims and Executive Committee Meetings. The Committee agreed.

Seeing no other business, the meeting adjourned at 2:48 PM

I. MINUTES OF MARCH 31, 2021

Mr. Miola indicated that a copy of the March 31, 2021 Executive Safety Committee Meeting Minutes were emailed to the Committee along with the notice for today's meeting.

Mr. Miola asked if there were any questions. No questions were entertained.

II. 1st & 2nd QUARTER SAFETY DIRECTOR'S LOSS CONTROL REPORT- (E-mailed)

Mr. Garish referred the Committee to a copy of the 1st & 2nd Quarter Safety Director's Loss Control Report that was emailed yesterday for the Committee's review. He briefly reviewed the Report with the Committee.

Mr. Garish mentioned that the MEL Safety Institute has added three (3) main training platforms that are available to the membership.

- MSI Live
- MSI Now; and
- MSI DVD

Mr. Garish asked if there were any questions. No questions were entertained.

Mr. Miola commended all of the J. A. Montgomery staff for the services they provide to our members and for the very through report as it provides an overview of the safety programs.

(The 1st & 2nd Safety Director's Loss Control Report is attached to the minutes of today's meeting).

III. SAFETY INTERVENTION/MONITORING

Mr. Miola asked if there were any candidates for *Safety Intervention or Monitoring* at this time. Mr. Garish responded that there are no candidates for *Safety Intervention or Monitoring* at this time.

Estell Manor
Mr. Garish mentioned that Estell Manor is an active member of the Safety Program. Although they have new employees, he is happy to report they continue to move in the right direction.

IV. MEMBERSHIP RENEWALS

Mr. Miola announced that 11 member municipalities are up for renewal effective January 1, 2022. The Safety Director is tasked with conducting surveys for each renewing member during the normally scheduled Loss Control Visit.

Mr. Garish reported that visits with 7 out of 11 renewing members have been completed. He then reported on the following towns:

- Brigantine City – they have an excellent 6-year loss ratio. Mr. Doring their Public Works Superintendent is very involved with the Safety Program. During the visit eight (8) locations were visited. They have over 65 lifeguards they oversee and a Jr. Lifeguard Program. Their Jr. Lifeguard program is a well-versed program.
- Middle Township – their 6-year loss ratio is higher than the JIF average; however, they continue to perform at a good level. Their LTAF is 2.5% vs. 1.97% Loss Ratio. They continue to trend in the right direction with their involvement in the Safety Program.
- Millville – their loss ratio is 81.2%; which is below the JIF average for a large member town. Even though 2018 was a bad year, they continue to trend in the right direction. They have had a recent spike in Workers Compensation Claims due to Police related injuries. Millville is aware of these claims within the Police Department. Thirteen (13) locations were visited to complete the member renewal visit. There were concerns with two (2) of their facilities, those being:
    - Old Dallas Air Motive Airport – it has since been abandoned and there have been arson, theft, break-ins. The Police continue to monitor this location.

- Wheaton Glass Factory – this location is an abandoned large facility. A walk through was conducted a few years back and since then deterioration to the building is very bad. Millville is trying to develop a plan to remove the facility and keep the perimeter safe, signage, etc. This location has had a recent problem with arson and the suspects were charged.

- Lower Township – their 6-year loss ratio is well below the JIF average. Five (5) locations were visited for their membership renewal. Leadership is on board with the Safety Program.
- Sea Isle City – Seven (7) locations were visited recently. They have an excellent loss ratio history; their 3-year LTAF is at 2.43%. There have been a few issues with their Lifeguards; however, it is not a lack of the Safety Program. The Fund Commissioner is involved with the Safety Program.
- West Cape May – For a small member they have an exceptional 6-year loss ratio. They had a bad 2018 fund-year that resulted from flooding in their Municipal Building. Overall, they are trending in the right direction and strong supporter of the Safety Program.
- Woodbine Borough – Seven (7) locations were visited, their three-year loss ratio is 0%. They continue to trend in the right direction.

Renewal Resolutions and Agreements

Mr. Miola indicated that the Renewal Resolutions and Agreements were sent to all renewing members on June 1, 2021. He reported that we have received renewal paperwork from Lower Twp., Margate City, Middle Twp., Millville City, North Wildwood, Stone Harbor, West Cape May and Wildwood Crest. A follow up will be sent to the remaining members asking them to submit their paperwork by mid-August.

Mr. Miola mentioned that Member Updates are provided to the members during meetings with the town's governing body. Most of the meetings have been in person with some held virtually.

Mr. Miola stated that Member Updates for non-renewing members will be distributed in late Summer/Fall.

V. ACM JIF LOSS RATIO REPORTS – June 30, 2021

Mr. Miola directed the Committee to a copy of the *JIF Six Year Average Loss Ratio* reports valued as of June 30, 2021. The report reflects a six-year period for Fund Years 2015-2020. Mr. Miola noted that the six-year average loss ratio for the ACM JIF is 84.4%. He noted that these ratios represent incurred losses, which is paid claims and money set aside in reserve to be paid on known claims, versus loss funding in each members assessment to pay claims within the JIF's self-insured retention. Mr. Miola briefly reviewed the reports with the Committee.

Mr. Miola noted that the Loss Control Consultants use these reports to monitor member trends.

Mr. Miola asked if there were any questions. No questions were entertained.

VI. MEL LOSS RATIO REPORTS – June 30, 2021

Mr. Miola then directed the Committee to a copy of the *MEL Six Year Average Loss Ratio* reports that were included in the agenda packet. The report reflects a six-year period for Fund Years 2015-2020 with the average loss ratio for the ACM JIF at 77.4%. He indicated that this is money that the MEL uses to fund their self-insured retention for Workers Compensation, Property and Liability losses above the JIF layer versus that portion of the member's MEL assessment set aside to pay claims within the MEL's self-insured retention.

Mr. Forlenza mentioned that the MEL will be doing away with the MEL Retrospective Program beginning January 1, 2022. He went on to inform the Committee that the MEL will continue to experience rate member JIFs and the *Surplus Trigger Program* will remain in effect which ties in local JIFs to the MEL's financial position. If the MEL surplus falls below a certain level, local JIFs will be asked to make up the difference. These programs are covered in detail with the Finance Committee.

Mr. Miola mentioned that the Loss Ratio Snapshots are now being distributed via Origami. Each member receives a notification when the reports are available.

Mr. Miola asked if there were any questions. No questions were entertained.

VII. REGIONAL TRAINING SCHEDULE

Mr. Miola reviewed the remaining Training Courses as follows:

- **Designated Employee Representative Training:** a session was held on April 22, 2021 and 3-ACM members attended. A virtual training is scheduled for September 23, 2021. Currently, two (2) ACM members are registered as of 6/30/2021. A follow-up announcement will be sent to the members.
- **Health & Wellness – Stress Management:** This training has been scheduled for Tuesday, November 9, 2012. This will be a collaborative effort between Ms. Simone and Lt. Walsh.

2022 Regional Trainings

Mr. Garish asked the Committee for their input as to what topics they would like to see as a Regional Training. He noted that his office is prepared to conduct trainings virtually in lieu of the pandemic. Mr. Garish indicated that Mr. Hummel has prepared a *2022 Lifeguard Program* for the membership in person or virtually. The goal is to have three (3) Regional Trainings for the ACM JIF in 2022; however, his office is open to any suggested topics the members bring to their attention.

Mr. Forlenza asked if there are any significant changes from PEOSHA that would impact the members in the next 12-months. Mr. Garish responded that the PEOSHA Advisory Board has not advised us that they are focusing on something specific. However, he noted that PEOSHA might go back to no visits because of COVID. He noted that PEOSHA has been conducting inspections of the Right to Know Program due to COVID.

Mr. Henry suggested having a training that would focus on "Dealing with Difficult" clients regarding wearing mask and their vaccination status, etc. Mr. Miola responded that Lt. Walsh's presentation will discuss "Dealing with Difficult" people. He noted that he will schedule a meeting with Mr. Hummel and his team in the next few weeks to discuss the Regional Training Schedule. Mr. Forlenza suggested using some of the Wellness Topics from "Alias Experiment".

Mr. Hummel mentioned that there is a program called *Implicit Bias* that members may be interested in for a Regional Training. He indicated that this program was presented to our company and good feedback was received. Mr. Hummel stated that he will send the information to Mr. Miola and Mr. Forlenza to review for a potential Regional Training.

VIII. SAFETY DIRECTOR'S BULLETINS

Mr. Miola stated that the Safety Director's office has been very busy distributing Safety Bulletins during COVID-19 including several from the MEL.

A. April is National Distracted Driving Awareness Month
B. Fire Department Training in Acquired Structures
C. Join Us in Observing National Safety Stand-Down to Prevent Falls
D. Workplace Violence Prevention
E. Fall Protection at Treatment Plants, Pump Stations, and Wells
F. Re-Opening New Jersey – As of May 4, 2021
G. Executive Order No. 239 and New Reopening Restrictions
H. Preparing for the 2021 Hurricane Restrictions
I. Off-Leash Dog Parks – Risk Control Best Practices
J. 2021 Firefighter Safety Stand Down to Focus on Rehab
K. Summer Safety Tips for Pets
L. New Jersey's Daniel's Law; Requirements and Challenges
M. Additional bulletins in Planning?

Mr. Miola mentioned that during a recent renewal visit a Mayor commented that the Safety Bulletins are a great tool, especially those referencing COVID-19.

IX. SAFETY DIRECTOR'S MESSAGES

Mr. Miola mentioned that the following correspondence was e-mailed to members since the Committee's last meeting:

- National Stand-Down to Prevent Falls
- Youth Summer Camps – June 2021
- New CDC Mask Recommendations

X. SUPERVISOR INVESTIGATION REPORTS

Mr. Miola mentioned that he meets with Qual-Lynx about every six-weeks to review various issues involving claims. He explained that he reviews the PARS (Payment Authorization Requests) on a monthly basis and recently noticed that the Supervisor Investigation Reports are not always being completed. As a result, he asked Qual-Lynx to prepare a monthly report that lists workers compensation claims for the month and identifies whether reports have been submitted. He shares these with J. A. Montgomery to use as a coaching opportunity during their visits.

Mr. Garish mentioned that he has followed-up with those towns that have not completed the reports. In meeting with members, there are instances where a member completed a Supervisor Investigation Report and the report still shows they did not complete it. The member town provides confirmation from Qual-Lynx that the report was completed. He stated that he will then follow-up with the Qual-Lynx Claims Adjuster in this regard. Mr. Garish stated that he will continue to work with those towns that do not submit Supervisor Investigation Reports.

XI. MEL SAFETY INSTITUTE

Mr. Garish provided a brief review of the activity within the MEL Safety Institute during his report earlier in the meeting:

- MSI LIVE (Instructor Led) – 1/1/2021 through 6/30/2021 – 652 Learning Events
- MSI NOW(Online) – 1/1/2021 through 7/30/2021 – 3023 Learning Events
- MSI Streaming Videos – 1/1/2021 through 7/30/2021 – 194 Learning Events
- MSI DVD – DVD's Rented – 1/1/21-7/30/21 – 33 DVD Rentals (5 Members)

XII. S:ERVE

Mr. Garish mentioned that S:ERVE is available to Police, Fire, Public Works and EMS personnel. He noted that instructions on how to access the new platform were included in today's agenda packet. Instructions are also included on the MEL JIF and the ACM JIF website for the members.

XIII. POLICE TOPICS

Police Bulletins

Mr. Hummel reviewed the Police Bulletin that was released since the last meeting.

- Law Enforcement Bulletin 2021-1 | Use of Force Risk Analysis – Worksheet
- Law Enforcement Bulletin 2021-2 | National Police Week
- Law Enforcement Bulletin 2021-3 | National "Click It or Ticket" Campaign is an Opportunity to Educate Your Officers on the Importance of Wearing Their Seatbelts
- Law Enforcement Bulletin 2021-5 | Duty to Render Medical Assistance – Use of Force Directive – Core Principle 6
- Law Enforcement Bulletin 2021-6 | COVID-19 Delta Variant Considerations for Law Enforcement

Mr. Hummel mentioned that 30-40% of the Police Officers are not receiving the vaccine, as they seem reluctant. He noted that his office will continue to encourage the vaccine.

Police Ad Hoc Committee

Mr. Miola indicated that the April 27, 2021 Police Ad Hoc Committee Meeting minutes are included in the agenda packet. Mr. Hummel indicated that the next Police Ad Hoc Committee meeting is scheduled for December 7, 2021. If the meeting can be held in person, it will be at our Camden office.

Police One Academy

Mr. Forlenza reported that 19 out of 26 Agencies are currently enrolled in the online Police One Academy. 18 out of the 26 Agencies are actively taking training courses; with 5,069 courses completed as of June 14, 2021, 30 new courses were completed by Absecon, EHT, and Wildwood Crest since last month.

He went on to explain that our current contract with Police Once Academy ends on August 31, 2021. In discussions with Mr. Miola, Mr. Hummel, and himself, they have questioned whether it makes sense to continue the contract with Police One Academy. He stated that the JIF has decided that we will no longer utilize Police One Academy effective August 31, 2021. We will use these funds for different initiatives to manage our risk associated with police agencies. Mr. Forlenza questioned if we need to send out a notification advising the police that they will no longer have access to Police One Academy effective August 31, 2021. Mr. Hummel responded that his office will send out a notification to all police agencies.

Mr. Hummel mentioned that new directives from the Attorney General's office will require an overabundance of training requirements.

JAM Law Enforcement Initiative

Mr. Miola referred the Committee to an email that discusses new Law Enforcement Initiatives. Mr. Hummel explained that they have expanded their reach with the Law Enforcement community with the following tools:

- Law Enforcement Page on NJMEL.COM
- Law Enforcement Video Toolbox Talks
- Law Enforcement Bulletins
- Law Enforcement Messages
- Law Enforcement Alerts

New Law Enforcement Initiative

Mr. Miola explained that in discussions with Mr. Forlenza, Mr. Hummel, and Mr. DeWeese they learned that most police agencies do not see the value in the Police Accreditation Program. The time, energy, and effort they are putting into this program does not seem to be yielding the result they would hope for. Mr. Miola asked Mr. DeWeese to reach out to our Defense Panel to research the issues that most affect our police liability claims. Mr. DeWeese did so and received feedback from a number of our defense attorneys.

Mr. Miola stated that there appears to be a need to assist member police agencies with policy development, implementation, and training geared towards the mitigation of liability claims. In discussions with Mr. DeWeese and Mr. Hummel there appeared to be a need for a Police Risk Management Director who would essentially act in a similar fashion to our Wellness Director by personally visiting with police agencies to assist with policy development, implementation, and training geared towards the mitigation of liability claims. He noted that this would be an offset to what we are currently paying for the Police One Academy Program. He referenced a proposal from a retired police Lt. indicating a fee of $26,000 per year. The consultant services would include but are not limited to the following:

- Conduct an agency facility tour and meeting respective commanders
- Review current written directives to determine if they require revisions and when identified, custom write policies for an agency subject to agency approval
- Guide agencies with identified potential risks that are determined to be a future liability
- Prepare and distribute Risk Management Bulletins
- Conduct training as determined

Mr. Miola asked the Committee for their feedback in regards the proposal for a Police Risk Management Director for the ACM JIF. Discussion ensued.

Following a brief discussion, the Committee agreed to recommend the engagement of retired Police Officer, Christopher J. Winter, Sr., as the Police Risk Management Director. Mr. Miola thanked the Committee and he will add this to next Finance Committee Meeting agenda asking them to incorporate the Police Risk Management Coordinator into the 2022 budget.

XIV. MEL SAFETY & EDUCATION COMMITTEE MEETINGS

Mr. Miola referred the Committee to a copy of the MEL Safety & Education Committee Minutes from the April 30, 2021 meeting. He noted that the minutes are self-explanatory and are included so the members are aware of the statewide initiatives. The meetings are currently being held virtually and the Safety Chair of each JIF is invited to participate.

The last MEL Safety & Education Committee meeting was held on July 16, 2021 and minutes are pending.

XV. PEOSHA ADVISORY COMMITTEE UPDATES

Mr. Garish referred the Committee to pages 96-99 of the agenda packet to a copy of the PEOSHA Advisory Committee Meeting Notes. The next Advisory Board meeting was held virtually on July 22, 2021.

Mr. Garish noted that PEOSHA has hired several new inspectors and are conducting visits. He added that PEOSH has been contacting members giving advance notice of their visit. They are specifically reviewing the training and policies of each member during their visits. He stated that he will continue to keep the members informed of any updates they receive in regards to PEOSHA.

XVI. SMALL MUNICIPALITIES REGIONAL JOINT SAFETY COMMITTEE MEETINGS

Mr. Garish reported that the Small Municipalities Regional Joint Safety Committee Meetings are held four times per year. He noted that Ron Carrol from Weymouth coordinates the meetings with Corbin City, Estell Manor, Deerfield Twp., and Folsom Borough. So far these small municipalities

held two meetings this year; March 26th virtually and June 25th in person. They have great support with the member towns and the RMCs that service those towns. Mr. Garish stated that they are operating at a high level for small member towns.

XVII. WELLNESS INITIATIVE

Mr. Miola stated that two years ago he asked Qual-Lynx to identify worker's compensation claims where employees have comorbidities such smoking, obesity, diabetes, hypertension, etc. in order to track whether there is a difference in outcomes between employees with comorbidities vs. non-comorbidities. Past studies have demonstrated that healthy employees are less likely to be injured on the job and recover from their injuries more quickly. Mr. Miola wanted to see if our experience tracks this model.

Mr. Miola stated that he reviewed the data from June and noted that the results are astounding. They demonstrate that injured employees with comorbidities have significantly more expensive claims and are out of work longer than healthy employees. He then reviewed those numbers with the members beginning on page 100.

Mr. Simone noted that this is something we have been preaching for a while and lends credence to our efforts. She indicated that employees with comorbidities are spending more time recovering from injuries and less time at work. Whereas, healthy employees are at work picking up the responsibilities of those employees that are out of work recovering from a health issue.

Ms. Simone briefed the Committee on her recent activities with the membership. Over the past few months, she has conducted member visits via phone with a few in person. She noted that she in the process of scheduling 4th Quarter activities with members. Ms. Simone mentioned that several municipalities have not spent their Wellness Incentive Funds. However, she is aware of several towns that have purchased wellness related items, but have not submitted a voucher for those purchases.

Pilot Program – Status

Ms. Simone reported that the *Transformational Leadership and Crisis Response* program piloted by Dr. Janine Elias. This was a six-week hybrid-coaching program for Law Enforcement Agencies in all 3-JIFs. This program began in May ending in July with the first round of participants.

Ms. Simone reported that the first pilot program had 15 participants that consisted of members of the BURLCO JIF and ACM JIF. Those members in the ACM JIF were Absecon and Wildwood Crest. Each municipality sent three (3) officers: Chief, Mid-Level Leaders, and Frontline Officers. She noted that the program received rave reviews from each group. Since no other town has shown interest in participating in the next part of the program, the current agencies will send additional officers.

Ms. Simone mentioned that Dr. Janine Elias is tentatively coming in to New Jersey in October and would like to host a formal certification for Chiefs to provide coaching to their frontline officers. Dr. Janine Elias also wants to provide a Leadership Group Program for frontline officers pending COVID restrictions. Ms. Simone will keep the Committee informed of any updates.

Wellness Incentive Program Budget

Ms. Simone directed the Committee to a copy of the 2021 Wellness Incentive Program Budget spreadsheet included in the agenda packet on page 103. She indicated that there are allot of towns that have not utilized their Wellness Funds. She reminded the Committee that the deadline to claim or encumber these funds is December 31, 2021. Ms. Simone noted that all encumbered funds must be claimed by February 1, 2022

Wellness Calendars

Mr. Miola mentioned that in the past the Fund has purchased Wellness Calendars for our members to be distributed in December. He then asked the Committee for authorization to purchase Wellness Calendars. Mr. Wahl made a motion for the Executive Director's office to purchase Safety and Wellness Calendars; second by Ms. Samuelsen. All in favor. Motion moved to order Wellness Calendars.

XVIII. OPTIONAL SAFETY BUDGET

Mr. Miola directed the Committee to a copy of the 2021 Optional Safety Budget Balance spreadsheet in the agenda packet on page 104. He reminded the Committee that the deadline to claim or encumber these funds is December 31, 2021. Mr. Miola noted that all encumbered funds must be claimed by February 1, 2022.

XIX. SAFETY INCENTIVE PROGRAM

Mr. Miola directed the Committee to a spreadsheet on page 105 of the agenda packet depicting the 2020 SIP Award Balances. He noted that the deadline to encumber or claim these funds is December 31, 2021. The final date to claim encumbered funds is February 1, 2022.

Safety Calendars

Mr. Miola mentioned that in the past the Fund has purchased Safety Calendars for our members to be distributed in December. He then asked the Committee for authorization to purchase Safety Calendars. Mr. Wahl made a motion for the Executive Director's office to purchase Safety and Wellness Calendars; second by Ms. Samuelsen. All in favor. Motion moved to order Safety Calendars.

XX. 2022 SAFETY KICKOFF BREAKFAST

In the event we can hold an in-person event next year Mr. Miola asked the Committee if they had an objection to reserve Merighi's for the 2022 Safety Kick Off Breakfast. Hearing no objections, our office will reserve Merighi's in 2022 for the breakfast. Mr. Miola indicated that if the new COVID variant has an impact on holding the event in person, he will advise the Committee.

XXI. 2022 BUDGET PRESSURES

Mr. Miola explained that we will experience significant budget pressures as we move into 2022. The cost of excess insurance has continued to rise due to the current "hard market". Many factors are having an impact on this increase in costs including historic catastrophes, COVID-19, Sexual Abuse Claims, and increasing Cyber incidents. Recent legislation affecting WC benefits is also placing pressure on our budgets. He emphasized that it is more important now than ever for our members to embrace the JIF safety and risk management programs in order to control our budget increases.

XXII. BACKGROUND CHECKS

Mr. Miola told the Committee that the Sexual Molestation Policy requires background checks for those who work with/and around minors. He referred the Committee to pages 106-107 to a copy of the revisions made to the Model Policy for the Protection and Safe Treatment of Minors addressing issues. The bulletin was sent by the Safety Director's office on the *Procedures for Best* Practices in June 2021.

Mr. Miola indicated a list of several organization that can provide background check services are posted to the MEL JIF.

XXIII. NOMINATING COMMITTEE REPRESENTATIVE

Mr. Miola referred the Committee to pages 108-109 to a copy of the Nominating Committee Charter. Based on the Charter the Chairs of each Committee are made part of the Committee to prepare a slate of officers for the coming year. As a result, Mr. Picard, Chair of the Safety Committee will participate in a teleconference in the fall that will last approximately 45 minutes.

XXIV. 2021 PLANNING RETREAT

Mr. Miola mentioned that the Planning Retreat is scheduled for October 27-28, 2021 at the Flanders Hotel in OC. He noted that we are hopeful to hold the retreat in person, if not; we will hold the retreat virtually. Mr. Miola commented that the BURLCO JIF held their retreat virtually and it went very well.

Mr. Miola opened up the meeting to the Committee asking for their feedback in regards to holding the retreat in person and topics for the retreat agenda. He noted that the Strategic Planning Committee asked our office to release a survey in late August asking the members if they would attend the retreat in person or virtually. The dynamic of COVID is changing every day with the CDC. Ms. Samuelsen commented that she has no problem with attending in person. She stated that she sits on the *Municipal Clerks Association Board* and some municipalities are still not allowing members to appear in person.

Mr. Forlenza suggested discussing the Budget Pressures for 2022; Safety and Risk Management Programs, COVID-19 and Firefighters Cancer Presumption, etc.

Mr. Miola stated that a member asked a question in the "chat box" if the retreat could be held in a hybrid format. Mr. Forlenza responded that he would have to look into the logistics and technical issues at the Flanders Hotel. It would be difficult as it could be disruptive to put a presentation up via Zoom and conduct in person. He noted that a few towns have experienced disruptions during a hybrid meeting with sound, etc. Mr. Forlenza stated that he will have this discussion with the Strategic Planning Committee later this month in this regard, but in his opinion, a hybrid option may not work.

XXV. FUND PROFESSIONAL EVALUATION – WELLNESS DIRECTOR

Mr. Forlenza mentioned that he sent out the original notification approximately 2 ½ weeks ago requesting that members to review the *Scope of Services* for the Wellness Director pursuant to the Fund Professional Evaluation Policy. He asked the members to provide a scoring on whether the Wellness Director is doing a good job or not so good job in the areas outlined in their *Scope of Services*.

Mr. Forlenza referred the Committee to pages 110-111 to results of the Fund Professional Evaluation responses that were received. He then briefly reviewed the results with the Committee. Overall, the Safety Committee is happy with Ms. Simone's performance as the Wellness Director.

XXVI. 2021 MEETING SCHEDULE

Mr. Miola indicated that the next meeting is scheduled for October 28, 2021; however, this is a potential conflict with the Annual Planning Retreat. He noted that once we finalize the logistics of the retreat, we would then reach out to Mr. Picard to see if the meeting date needs to be moved.

There being no further business, the meeting adjourned at 12:45 PM.

ATLANTIC COUNTY
MUNICIPAL JOINT INSURANCE FUND

2021 FIRST & SECOND QUARTER
SAFETY DIRECTOR'S REPORT

A. GENERAL DUTIES – EXECUTIVE SUMMARY

The First & Second Quarter Safety Director's Report covers service activities from January through June of 2021. The 2021 Safety Director's contract calls for a minimum of 127 Loss Control Visits to the 41 the Atlantic County Municipal Joint Insurance Fund members. Service visits will include (10) Renewal Surveys, (7) Boardwalk Surveys, and (9) Law Enforcement Surveys.

The remaining service visits will include but are not limited to physical facility surveys, playground inspections, seasonal operations, Job Safety Observations, Safety Committee meetings, special training requests, PEOSH violation remediation assistance, and other services requested by the membership.

Ten members will be reviewed for renewal in 2021, including Brigantine City, Lower Township, Margate City, Middle Township, North Wildwood City, Sea Isle City, Stone Harbor City, West Cape May Borough, Wildwood Crest Borough, and Woodbine Borough. A summary of findings will be presented at both the August and November Executive Safety Committee Meetings. During the surveys, all municipal operations are reviewed. Buildings more than 50 + years old or of significant value are visited. The following elements are reviewed: SIP participation, progress on Suggestions for Improvement, any unusual exposures, and comments on their loss metrics.

Renewal surveys have been completed and reviewed for (6) of the (10) members that will be renewing in 2022 at this time. The remaining members will be completed during the third quarter of 2021. None of the current conditions found presented concerns with the desirability of these members for renewal.

The J. A. Montgomery Consulting Risk Control Team consists of our Safety Director, Chief Keith Hummel (Ret.), and Loss Control Consultants, Robert Garish, Liam Callahan, and Jonathan Czarnecki. We will be your primary contacts for all onsite visits, Safety Committees, and safety-related resources. Keith is also available to provide Law Enforcement Risk Control Consultation services as requested by the Joint Insurance Fund. The team is administratively supported by Danielle Sanders and Melissa Meccariello.

Training support is administered by the MSI Learning Management System staff, Susan Kopec, Andrea Felip, and Natalie Dougherty.

1. Executive Safety Committee

The Safety Committee will meet three (3) times in 2021. The Safety Director and staff will continue to attend Safety Committee meetings to help establish local safety programs and assist in the effectiveness of the overall safety program. The Safety Director reviews loss metrics (LTAF Rate, Loss Ratio Reports), training participation, and SIP involvement quarterly.

Any member who shows deterioration in their results is brought to the attention of the Executive Safety Committee. We are happy to report that no members of the Atlantic JIF are on Safety Monitoring or Intervention at this time.

2. Participation in Claims Process / Accident Investigation

Personnel from the Safety Director's Office attend the monthly Fund and Claims Committee meetings and offer technical and safety-related insight on claims under review. The Safety Director's Office is also available to conduct accident investigations related to claims against the Fund. The Safety Director's Office will work with the Third Party Administrator to help identify loss trends from claims to better focus on certain areas when needed.

3. Written Compliance Programs / Bulletin Updates

The Safety Director's Office has produced model safety plans to address regulatory compliance issues. These programs are available on the following website: https://njmel.org/mel-safety-institute/resource-center/ along with the Atlantic JIF website https://acmjif.org. Bulletins and notices are produced each month and are distributed to the membership. Bulletins are also available through the M.E.L. Mobile App. A listing of all Notices and Bulletins distributed during the prior month are listed in the Safety Director's Report of the monthly agenda packet.

B. PROGRAMS

1. Safety Incentive Program (SIP)

The theme for the Safety Incentive Program is a *"ZERO-HARM WORKPLACE."* The presence of safety versus the absence of safety. By changing the way we approach safety, we focus on avoiding Risk rather than relying on the lack of injury to determine how well our safety programs are working.

When we describe Zero Harm vs. Zero Incident, we have to start by identifying Risk and avoiding the hazards through controls.

We avoid Risk when we *Plan* to reduce or eliminate hazards wherever we can. We *Do* what is necessary to eliminate hazards each time. We *Check* to ensure it is being done and *Act* by following through with our plan.

Elements of the 2021 Safety Incentive Program include but are not limited to:

- Base Safety Program & Enhanced Safety Program. See the 2021 Safety Incentive Program (SIP) for additional details.

- Submit 2021 Safety Committee meeting dates (2/19/2021) and return the 2021 Safety Contract (3/31/2021).

- Each member is required to send a delegate to the Safety Coordinator/Wellness Coordinator Roundtable, which was held on March 5, 2021, via Zoom (Virtual).

- Each member is required to send a delegate to at least one half-day session of the Annual Planning Retreat (T.B.D.).

- Members will hold at a minimum quarterly Safety Committee meetings.

- Member towns are expected to participate in all aspects of the program. Safety records are kept at the workplace and maintained by the Safety Coordinator. Once or twice a year, the safety records will be reviewed onsite by the JIF Safety Consultants.

- Activities in the safety program are grouped into the "six (6) C's", Commitment, Controlling Hazards, Continuing Education, Communication, Coaching, and Claims Management. *See Best Practices of 2021 SIP.*

- JIF Safety Consultants are required to review program records. Safety Coordinators are encouraged to maintain these program records in a centrally located file. The file should contain the member's Safety Committee Minutes, Hazard Inspections, Training Records, Job Safety Observations, and any other documentation to objectively evaluate the member's program efforts. Maintenance of this file will ensure that the member receives full credit for their actions.

- During onsite record checks, all elements of the program will be reviewed. We will work with members to secure a commitment of participation for areas found to be lacking during the review. It is expected that written documentation will be available for review (Safety Committee Minutes, hazard inspections, training records, job safety observations, roadway, signs, and walkway logs, etc.).

- All safety elements are scored equally, and full participation requires activity and significant demonstration of commitment in all aspects of the program to qualify for a Safety Incentive Award.

- Members will either qualify or not qualify (Pass or Fail) for a Safety Incentive Award. There are no qualification tiers.

2. Road, Sign, and Walkway Program

The Road, Sign, and Walkway program is posted to the JIF website and includes written guidelines to help minimize incidents and reduce litigation costs. It's important to emphasize the need for this program as one of the key components in protecting Title 59 Immunities. Good inspection reports are often successfully used to help defend liability cases.

3. Law Enforcement Services

Police Ad Hoc Committee meetings are held regularly throughout the year, depending on the need. Joint meetings with Atlantic, BURLCO, and TRICO JIFs allow for representation by agencies of various sizes to present and discuss Risk Management issues of interest to the members. Our first meeting for 2021 was held on April 27, 2021. The next meeting is scheduled for December 7, 2021.

Chief Hummel (Ret.) will provide Law Enforcement Consultative Visits to nine (9) agencies. The goal of these meetings is to provide an in-depth review of services and identify members' needs and requests. Special attention is directed to members with changes to their Command Staff. The Safety Director's Office will continue to build strong relationships with the Law Enforcement community.

Law Enforcement Training and Memorandums are distributed electronically and are listed in the monthly Fund Agenda packet and posted to the JIF website. The following memorandums were sent out in 2021 as of this report:

- Use of Force Risk Analysis (L.E. 2021-01)
- National Police Week (L.E. 2021-02)
- Seatbelts (L.E. 2021-03)
- Duty to Render Medical Assistance – Use of Force Directive (2021-04)

Police Command Staff Training was administered by Chief Hummel (Ret.) and Chief Earle (Ret.) There were (2) identical sessions (9:00 a.m. -11:30 a.m.) and (1:00 p.m. – 3:30 p.m.) held at the three training dates being offered to the membership in 2021.

- Thursday, June 3, 2021 – Indian Springs Country Club – Marlton, NJ
- Tuesday, June 8, 2021 – Merghi's Savoy Inn - Vineland, NJ
- Wednesday, June 23, 2021 – Auletto's Catering – Deptford, NJ

PoliceOne Training Academy is offered to the members to reduce the skyrocketing costs associated with police-related injuries and lawsuits. PoliceOne offers training in many different areas of importance to law enforcement personnel. All JIF Member Police Agencies are eligible to participate in this web-based training program. Courses will be reviewed by the Safety Director and the Police Ad-Hoc Committee representatives and identify additional courses annually. Courses include but are not limited to:

- Sexual Harassment
- Ethics
- De-Escalation / Minimizing Use of Force
- Officer Well Being
- Fitness & Nutrition
- Cultural Diversity
- Cyber Security Threats
- Protection from Ransomware and Phishing Attacks
- Anti-Bias Training for Law Enforcement
- The Risk o Social Media in the Workplace
- COVID 19
- Interacting With the Mentally Ill as a First Responder
- Guide to Temporary Traffic Control in Work Zones

User Activity:

- 19 of 26 Police Agencies enrolled as of 6/14/2021
- 18 of 26 Agencies actively taking courses
- 5,069 total uses as of 6/14/2021

Additional Police Services available to members in 2021 include but are not limited to:

- Police Risk Management Training
- Below 100 Training
- Career Survival
- S:ERVE & Distracted Driving (Updated 2019)
- Coaching the Emergency Operator (CEVO)
- Defensive Driving (State Approved Online Course)
- M.E.L. Safety Institute (MSI Live, MSI NOW, MSI DVD)
- Law Enforcement Video Toolbox Talks (NEW)

4. S:ERVE & Attention and Distracted Driving

S:ERVE - Safety: Emergency Responder Vehicle Education (S:ERVE) is an online driver simulation and curriculum that focuses on code three intersection negotiation scenarios created to educate law enforcement, firefighters, E.M.S. and other emergency responders. Courses are SCORM compliant and designed to stand alone with minimal instructor participation. Each course is divided into six short lessons of 20-30 minutes, presenting techniques, concepts, rules, and procedural knowledge necessary for emergency responders to drive safely and effectively in emergency response situations. The following modules make up the S:ERVE program:

- Intersection Approach
- Intersection Assessment
- Clearing the Intersection (Basic)
- Clearing the Intersection (Advanced)
- Intersection Departure
- Distracted Driving for First Responders

Attention and Distracted Driving - Distracted driving is emerging as a major cause of work-related vehicle accidents. This online driver simulation program provides targeted and convenient safe driving training for all fleet drivers, regardless of vehicle type. The course is SCORM compliant and designed to function independently with basic instructor participation in a brief 20-30-minute lesson. This course includes:

- The adverse effects of looking away from the road for more than two seconds
- Strategies for eliminating controllable distractions
- How to make necessary adjustments for distractions that the driver cannot control

5. Facility Checklist, Job Safety Observations, Toolbox Safety Talks

Facility Checklist- Routine inspections help you ensure that safety and health policies and procedures are being followed. Identify and correct safety and health hazards before they cause injuries or illnesses. Determine the need for safety training while promoting compliance and showing employees we care about their safety and everyone else's.

Job Safety Observations – Helps identify Safe or At-Risk Actions. Reaffirms safe actions through positive reinforcement while helping identify skill sets, knowledge, and potentially unsafe actions. Through coaching and corrective actions, these observations can be a helpful resource for increasing employee safety.

Toolbox Safety Talks – Quick, effective, and easy-to-use tool that front-line staff can use to share information about potential safety problems and concerns daily. They help promote and reiterate important information and best practices for the task at hand.

C. TRAINING

1. Regional Training Plan / Additional Training

The Safety Coordinators/Claims/Wellness Coordinator Roundtable was held on March 5, 2021, immediately following the Safety Breakfast.

DER Regional Training was made available to members via a virtual (Zoom) training environment on three separate dates for 2021:

- January 14, 2021
- April 22, 2021
- September 23, 2021

Health & Wellness – Stress Management – November 9, 2021

Annual Retreat – T.B.D.

2. MSI Training and Participation

As a result of the COVID-19 crisis in New Jersey over the last 18 months, the indefinite suspension of in-person M.E.L. Safety Institute (MSI) classroom training occurred. Our office worked together to ensure our members still received the highest level of training by creating various virtual environments/programs. Our office continues to conduct the vast part of our training in a virtual environment. However, with recent changes by the State of New Jersey and the lifting of restrictions regarding COVID 19, we have been conducting in-person training on a case-by-case / request basis to membership.

Traditionally there are 53 Instructor-led training courses available to the membership and 24 online training programs. Various safety topics from Accident Investigation to Snow Removal, Safety Orientation for New Employees, and a series on Camp Counselor Safety are available to the membership.

The Course Catalog and Class Request forms were made available on both N.J. M.E.L. website and the Atlantic JIF website. Available training for our instructor-led courses is routinely provided to the membership in the monthly Safety Director's Report.

https://melsafetyinstitute.org/the-catalog/

A "Training Needs Assessment Guide" is available to the membership on both the Atlantic JIF and M.E.L. websites. This "YES/NO Guide" is designed to assist members with determining safety training for each employee under various PEOSH and OSHA Standards and other occupational safety regulations.

Each MSI class has YES/NO questions concerning the duties or exposures that should be considered for each employee. A YES answer to a question would indicate that training or education on the topic is needed for that employee. Employers should

consider MSI LIVE classes as an option to provide the training identified from using the guide.

Training Administrators are an essential link for members to access the MSI Learning Management System. Administrators can run reports, register users, and update training records. All members are encouraged to check the accuracy of the Training Administrator list via the M.E.L. Safety Institute.

M.E.L. Safety Institute tutorials are available for "User" and "Administrator" level capabilities. Users can contact the M.E.L. Helpline Monday-Friday 8:30 a.m. – 5 p.m. (866) 661-5120 if they need further assistance.

The M.E.L. Safety Institute has (3) main training platforms offered to membership:

MSI LIVE: The MSI LIVE features real-time, instructor-led classes and webinars. Experienced instructors provide an interactive experience for learners on a broad spectrum of safety and risk control topics. Most MSI LIVE offerings have been awarded continuing education credits for municipal designations and certifications. The MSI LIVE catalog provides a description of the course, the intended audience, and available credits.

- **How do I know what courses are available?**
  The MSI LIVE Catalog describes the course, the intended audience, and available continuing education credits.

- **How do I register?**
  You can view the schedule and register by clicking on the date and topic of your choice on the MSI LIVE schedule.

- **What are the requirements to receive C.E.U. credits/certification of completion?**
  To maintain the integrity of MSI classes and our ability to offer C.E.U.s, we must abide by the State agency's rules that issued the designation. Chief among those rules is the attendee of the class must attend the whole session. ***Attendees who enter the class more than 5 minutes late or leave early will not be awarded C.E.U.s for the class or receive a certificate of completion.***

MSI NOW: MSI NOW provides on-demand streaming videos and online classes that can be viewed 24/7 by our members. Topics pertain to many aspects of safety, risk control, employment practices, and supervision and, most can be viewed in under 20 minutes. The library has over 150 available streaming videos. Periodic reviews of this platform will occur to ensure the content is current and relevant. This will include the removal/addition of courses made available to the membership.

- To access the streaming videos, log in to the Learning Management System (L.M.S.), and select the MSI NOW and Online Training College on the bottom right side of the page. When the College is opened, the steaming videos are listed by ten categories on the page's right side.
  When a category is selected, a drop-down menu of the available titles is shown. Online classes are still listed on the left side of the College.

- Individuals who log into the L.M.S. and take an online class or view a video in the MSI NOW library will add the session to their learning histories. Group learning can be added to students' learning histories by the Training Administrator of the member.

MSI DVD: The MSI DVD includes a vast library of DVDs topics on many aspects of safety, risk control, employment practices, and supervision, and most can be viewed in under 20 minutes. The DVDs can be requested free of charge for M.E.L. members.

Member Participation:

Atlantic JIF members have participated in the following training courses:

- MSI LIVE: Members have participated in 652 Learning Events (1/1/21-6/30/21)

- MSI NOW: Incorporates our traditional online training and new streaming video platform
  - MSI Online – 3023 Learning Events (1/1/21-7/30/21)
  - MSI Streaming Videos – 194 Learning Events (1/1/21-7/30/21)

- MSI DVD: (5) Members rented a total of (33) videos (1/1/21-7/30/21)

Kwik Course Briefings – These video briefings are designed to focus on one limited topic in a short time (5 minutes). These video briefings are a great resource to be used as Toolbox Talks for employees.

- Asbestos Safety Overview (5 minutes)
- Fire Extinguisher Monthly Inspections (5 minutes)
- G.H.S. Pictogram Review (5 minutes)
- Investigating Slip and Trip Injuries (5 minutes)
- OSHA Record Keeping (5 minutes)
- Safely Backing Work Vehicles (5 minutes)
- Voluntary Use of Respirators (5 minutes)
- Responsibilities of an R.T.K. Coordinator (5 minutes)
- Confined Space Awareness (5 minutes)

Leadership Skills Training - The M.E.L. Safety Institute is excited to offer (3) new virtual leadership skills classes for 2021. The 2-hour, live, interactive courses offer insights and techniques to help supervisors deal with essential workplace issues such as conflict resolution, communications, and the supervision of employees.

- **Introduction to Management Skills**
  June 30, 1 p.m. – 3 p.m.
- **Introduction to Communication Skills**
  July 14, 1 p.m. – 3 p.m.
- **Introduction to Understanding Conflict**
  August 11, 1 p.m. – 3 p.m.

D. ATTENDANCE / REPORTS

1. Attendance at Meetings of the Fund

Paul J. Miola, Deputy Executive Director, **Arthur J. Gallagher Risk Mgmt. Svcs.**
Sheila Ortiz, Account Representative, **Arthur J. Gallagher Risk Mgmt. Svcs.**

I. 2022 Membership Renewals

Mr. Miola noted that all members up for renewal effective January 1, 2022 have submitted their renewal paperwork with the exception of Brigantine City, Sea Isle City and Woodbine City. Ms. Garrison indicated that Woodbine's renewal resolution and contract is placed on the September 2nd agenda for adoption. He noted that Member Updates were provided to the governing body at meetings with the towns. Most of the renewal meetings have been conducted in person with some being held virtually.

Mr. Miola said that Member Updates for non-renewing members will be distributed in early September.

II. Membership Growth

Mr. Miola noted that Egg Harbor City is the only potential prospect for next year as their membership in the Statewide JIF is expiring on January 1, 2022. He noted that there have been ongoing discussions with their Risk Management Consultant of the possibility of Egg Harbor City returning to the Atlantic JIF. Mr. Miola indicated that we sent paperwork to their Risk Management Consultant should they wish to complete the application for membership. Mr. Forlenza noted that he had a discussion with their RMC last week and a meeting is scheduled with the City's CFO later this week on their intentions regarding the JIF. He stated that he will keep this Committee informed on their status.

III. 2021 Conferences

Mr. Miola stated that most of the 2021 Conferences were held virtually due to the pandemic. He noted that the AGRiP Fall conference is scheduled to be held in person on October 3-5, 2021 in Minneapolis. Currently, no member has registered to attend the conference. He noted that he is unsure if the format of the conference will change due to the Delta Variant.

Mr. Miola advised that he will keep the Committee informed of any updates in this regard.

IV. Fund Commissioner Attendance

Mr. Miola referred the Committee to the 2021 ACM Meeting Attendance spreadsheet through August 2021. He noted that his office tracks attendance during the course of the year as state regulators do monitor member participation during their audits.

Mr. Miola stated that few members are below 50% participation by the Fund Commissioner. Our office will continue to follow up with the members that have not been following the attendance guidelines established by the JIF. He noted that attendance should be easier with the meetings being held virtually due to the pandemic. Mr. Miola then reviewed the attendance spreadsheet with the Committee focusing on the members that are below 50%. Overall, attendance in the ACM JIF for 2021 was good at 84%. He mentioned that his office will continue to monitor attendance throughout the year.

V. December Dinner Meeting

Mr. Miola pointed out that the December Executive Committee meeting and Dinner Meeting is scheduled to take place on December 15, 2021, COVID permitting. He stated that he is unsure as to what December will look like with regard to the pandemic. Therefore, he will continue to monitor the situation and advise if we are able to hold the Executive Committee Meeting and Dinner Meeting in person.

Mr. Hirsch commented that he would like the December Executive Committee Meeting and Dinner Meeting to be in person; however, he understands that it may be virtual. He noted that this discussion should be revisited by October to make a final decision.

VI. Elected Officials Training

Mr. Miola noted that the 2020-2021 *Elected Officials Program* is completed and credits have been applied to member premiums. He stated that the 2021-2022 Annual Elected Officials seminars will be held in conjunction with the BURLCO & TRICO JIFs as in the past. Mr. Miola commented as we are unsure what the future holds with regard to the pandemic. However, he would like to reserve facilities in case we are able to hold the training in person.

Mr. Miola then asked for authorization to reserve the facilities for the Elected Officials Seminars, if needed. Mr. Hirsch made a recommendation to reserve the facilities; motion made by Kirn; second by Barbagli. All in favor.

VII. Annual Reports

Mr. Miola reminded the Committee that the JIF has, in the past, had one copy of the Annual Report printed for each member municipality. A copy of the Report is mailed to each Municipal Clerk with a memo asking them to share it with their Governing Body. A copy of the Annual Report is also posted on the JIF website. He asked the Committee if they are comfortable with his office printing 75 copies of the Annual Report. Mr. Hirsh made a motion to print 75 copies of the Annual report for distribution; second by Garrison. All in Favor.

VIII. 2022 Executive Committee Meeting Dates and Times

Mr. Miola referred the Committee to a copy of the proposed 2022 Executive Committee Meeting schedule. He asked the Committee if they would like to continue holding the monthly Executive Committee meeting at the Community Center in Avalon and the Atlantic County Library in Mays Landing. These meetings will be held in person or virtual pending the pandemic. The meetings will be held at 3:00pm with no August meeting. Mr. Miola noted that the November meeting has been moved to November 14th due to the *League of Municipalities.* Mr. Hirsch made a motion to approve the 2022 Executive Committee Meeting Schedule; second by Garrison. All in Favor.

IX. Professional Performance Evaluations

Mr. Miola informed the Committee that the Administrative Consultant and Recording Secretary positions are due for performance evaluations in 2021. Mr. Forlenza referred the Committee to pages 3-4 to the results of the Fund Professional Evaluations responses that were received. Overall, the Strategic Planning Committee is happy with PERMA the Administrative Consultant and Tracy Forlenza as Recording Secretary.

X. OPRA Procedures

Mr. Miola reminded the Committee that at our last meeting we discussed updating the OPRA Policy as it has not been updated in several years. He noted that a lot has changed over that period of time. Specifically, there has been an increase in the number of OPRA requests during this past few years that has placed a tremendous burden on municipal clerks. Mr. Miola explained that many times the requestor asks for documentation that municipal clerks should have in their files as part of their records retention system. Instead of searching for the information these requests are often forwarded to Qual-Lynx and Sue Mooney asking for the responsive records. As a result, Ms. Mooney has been spending a great deal of time searching Qual-Lynx files which often calls for requisitioning files from off-site storage.

As a result of these recent developments we proposed an amended OPRA policy to reflect current circumstances and it was reviewed at our Claims Review Committee last week. Mr. Miola then referred the Committee to an excerpt from the draft minutes of that meeting.

Mr. DeWeese explained that Mr. Forlenza, Mr. Miola, Ms. Mooney and himself drafted updates to the OPRA policy to reflect current circumstances. The draft recommended that members of the defense panel make sure that municipal clerks receive all documentation at the conclusion of litigation. This will allow them to respond to OPRA requests by retrieving documents from their files and providing those documents to their Municipal Solicitor for review. After reviewing the policy at the August Claims Review Committee Meeting a lively discussion ensued. Mr. DeWeese went on to say that some of the members were not in agreement with the suggested updates. In particular, some members of the committee felt very strongly that municipal clerks need continuing assistance from the Fund with OPRA requests. The consensus of the Committee was that members are willing to pay the Fund Professionals for this support. Mr. DeWeese stated this changed the dynamic of the OPRA Request policy that was proposed meaning that members should continue to rely on Qual-Lynx to secure documents responsive to OPRA requests. Mr. DeWeese stated that this process requires him to review the documents and determine if they are responsive to the request and determine whether redactions need to be made. Those documents are then sent to the municipality by Ms. Mooney for release.

Mr. DeWeese explained that the consensus from the Claims Review Committee is that OPRA Requests are paralyzing municipalities because, in many cases, records that are being requested are not centrally located. Mr. DeWeese noted that Chief Riggin prefers a program where the municipality would compensate the Fund Professionals for assistance in responding to these requests.

Mr. DeWeese stated that the current contract for his firm and Qual-Lynx do not contemplate this additional work in their Scope of Services. Thus, the proposed amendments to the OPRA Policy contemplates compensation to his office and Qual-Lynx for this work. He noted that both Qual-Lynx and his office have submitted proposals for added compensation.

Mr. DeWeese explained this issue is being presented to the Strategic Planning Committee to obtain feedback and get the committee's input.

Mr. Forlenza mentioned that his office has received proposals from Mr. DeWeese's office and Qual-Lynx regarding compensation for their efforts. He noted that the proposals will be reviewed with the Finance Committee tomorrow August 27th to consider building money into the budget. He then asked the Committee for their feedback. Discussion ensued.

Ms. Garrison commented that her municipality currently pays her municipal solicitor to address OPRA Requests. She noted that there are certain items that her municipal solicitor does not have access to that requires her to get involved. Ms. Garrison indicated that she is in favor of paying for additional assistance; especially for larger documents.

Ms. Ayres agreed with Ms. Garrison and stated that her municipal solicitor also conducts research for documents. Being from a small town this often requires her to be taken away from her daily duties. Ms. Ayres indicated that this resource would be a great assist to her town.

Mr. Spoltore questioned if these OPRA Requests are Police oriented. Mr. DeWeese responded that there is a group that has been sending the same request to every municipality in the state. The person that is primarily making the requests on their behalf is an attorney. This attorney has created a business for himself in that he files these requests hoping municipalities do not provide the responsive documents. If this attorney does not receive the responsive documents he then files a GRC complaint or a Superior Court complaint to have his attorney fees paid for by the municipality. The majority of these requests are massive and are sent to every municipality. Once the standard request is fulfilled he then sends another request.

Following a lengthy discussion Mr. Miola asked the Committee if they are in agreement with the Claims Review Committee that Qual-Lynx and Mr. DeWeese's office will be compensated for the time they are required to research and review records responsive to the OPRA Request. The Committee expressed their agreement with the Claims Review Committee.

Mr. Hirsch asked where this money would come from to compensate for this extra work. Mr. Miola indicated that Mr. Forlenza and he have had discussions on how to budget for this service. He noted that it would most likely come from the Claims and the Solicitor line item in the budget. He contemplates an hourly rate for work related to OPRA requests and it would be paid under their contract within the "Not-To-Exceed" provision for Qual-Lynx. Mr. Miola explained that they would have to make some amendments to Mr. DeWeese's contract as his contract is a "flat fee" so it would be in addition to his current fee. We would have to work with Mr. DeWeese as to establish a budget for this.

Mr. Hirsch then asked if the amount for this service would be similar to the Safety or Wellness Incentive Funds? Mr. Miola replied that this would not be a set amount per municipality like those programs but would be paid under each contract. As an aside, Mr. Miola referenced the Claims Review Committee discussion about having the JIF defend GRC complaints. He explained that there is no coverage under the General Liability Policy so if we decide to move forward to defend these claims it would have to be a separate program with a "draw down" amount per member.

Mr. DeWeese stated that if someone other than the Solicitor will be defending these cases in the GRC or the Superior Court matters that person would have to be involved from the very beginning. The discussion continued.

Mr. Forlenza clarified that while Mr. DeWeese will review the documents provided by Qual-Lynx, the responsibility still lies with the municipality and their solicitor to make sure that they supply all documents that are responsive to the request as their solicitor will be responsible for defending any GRC complaint.

Mr. Miola stated that the minutes of today's meeting will reflect the fact that the Strategic Planning Committee is in agreement with the Claims Review Committee to amend the contracts for both Qual-Lynx and the DeWeese Law Firm. The Qual-Lynx contract will be updated to reflect the fact that they will research items that are in their possession that are responsive to member OPRA requests. Mr. DeWeese's contract will reflect the fact that he will review those documents that are responsive to the OPRA request before they are released to the member.

XI. Annual Planning Retreat

Mr. Miola indicated that the Annual Planning Retreat is scheduled for October 27th & 28th, 2021 at the Flanders Hotel, Ocean City, NJ. However, he noted that due to the new Delta Variant, things may change. At the Committee's request our office sent a survey to the members asking them if an in-person Annual Planning Retreat were to take place would they attend and referred the Committee to the survey results. Mr. Miola reported that 78% of those that responded would attend in person; however, the written responses expressed concerns.

Mr. Miola opened up the meeting for discussion. Ms. Garrison stated that she received a phone call from Dennis Township informing her that some of their employees have tested positive for COVID. She commented that the COVID transmissions rates are higher than they were in the beginning of the pandemic. Ms. Garrison stated that her opinion has changed regarding an in-person Retreat with the high transmission rate and she does not feel comfortable attending the Retreat in person. Ms. Kirn agreed with Ms. Garrison as she also does not feel comfortable attending in person.

Mr. DeWeese noted that Cape May County has the highest transmission rate in the State of New Jersey.

Mr. Hirsch stated that we have to look at the cost factor in holding the retreat in person especially if only a handful of members attend. He noted that the Delta variant numbers could go down by the end of September; however, he understands that we need to notify the facilities soon as to our intention.

Mr. Forlenza stated that the Flanders Hotel is currently holding the dates for us, however, they are going to require a deposit soon and Ms. Kristie from our office has been holding them off as long as she can. We will need to make a decision within the next few weeks.

"Draft" Retreat Agenda

Mr. Miola then reviewed a draft copy of the retreat agenda. Mr. Miola stated that if we are unable to conduct an in person retreat we could hold it virtually over two (2) days with two-hour sessions each day. He then asked the Committee for their feedback either by email or phone in the next few days.

Mr. DeWeese asked if there is a possibility of holding the retreat in a hybrid format allowing members to attend in person or virtually. Mr. Miola stated that we have discussed this extensively and it is a technological challenge if the facility does not have strong Wi-Fi, sound, cameras, etc. He noted that Mr. Forlenza has attended hybrid council meetings where attendees cannot hear the speaker which causes a lot of disruption during a meeting. Mr. Forlenza stated that we have run into issues at the Flanders with their Wi-Fi, streaming videos, bandwidth and everyone connected to their internet becomes a challenge. Mr. Miola stated that as much as they would like to try a hybrid approach we don't have the technological capability at this time.

Mr. Hirsch asked if we could have the Executive Committee Members meet in person and have everyone else join the meeting via Zoom. Mr. Forlenza stated that last September we held the meeting via conference call. He then noted that he spoke with Mr. Wahl from Avalon and the Community Center was available should we move to an in person meeting. However, Ms. Seib felt that with the increasing Covid numbers in Atlantic County; members would not be comfortable attending in person. Therefore, the September meeting will be held via Zoom. Mr. Forlenza is hopeful we can meet in person in October.

Mr. Hirsch asked about the status of the Mays Landing Library for meetings. Mr. Forlenza replied that the Mays Landing Library is still unavailable as they are using the room for the decontamination of returned books and they are not allowing organizations as large as ours to use their facilities.

DeWeese asked if there been discussions on holding Executive Committee Meetings in a hybrid format or virtually once the pandemic is over. He is thinking maybe once per quarter. Mr. Forlenza

replied that hybrid meetings after the pandemic have not been discussed. He expressed concern over losing touch with everyone and felt that we need to continue to interact with our members. Mr. Forlenza explained that by having a meeting in person you can read body language, and have greater member participation in the meetings. He would rather meet in person as it is important to interact with our members. Mr. Miola stated that we can revisit this discussion once we get through the pandemic.

XII. Next Meeting

Mr. Miola mentioned that he would like to schedule a virtual meeting in late September to discuss the Retreat and Holiday Dinner Meeting Format. The Committee Agreed.

There being no other business the meeting concluded at 10:49am

The Importance of an ANNUAL CHECK-UP

Throughout the past year, many have be diligent about hand-washing, mask-wearing and staying at least six feet away from people to stay as healthy as possible. But there's one additional step that you should not skip: Seeing your doctor for your annual checkup.

WHY GET AN ANNUAL CHECKUP?

Your annual well visit helps you and your doctor keep tabs on your health. It gives you an opportunity to uncover any health changes before they snowball into bigger problems.

"A pandemic does not put on pause any developing or advancing any health problems you may have," says Phylicia Baird, M.D., an internal medical specialist with Hackensack Meridian Medical Group. "Too often we are seeing people skip important health visits because they are afraid of getting COVID. But the reality is, doctor's offices have implemented advanced safety protocols to keep you safe. The greater danger is cancelling your appointment."

HEALTH SCREENINGS TO EXPECT AT YOUR ANNUAL EXAM

- Weight
- Body Mass Index (BMI), a ratio that checks to see if you're a healthy weight for your height
- Temperature
- Blood Pressure levels
- Lung sounds
- Skin check

Your doctor should also offer you a flu shot, if you haven't had one yet this year, and send you for blood work to check your cholesterol levels and more.

WHY GET A HEALTH SCREENING IF YOU'VE HAD COVID-19

Some people who have had COVID-19 experience lingering effects or complications, so it's important to keep tabs on your health to ensure that you've fully recovered from the virus. Your doctor can compare your current health to your medical records to see if anything seems concerning.

What is a Comorbidity?

WHAT DOES IT MEAN

Comorbidity is the presence of two or more conditions occurring in a person, either at the same time, or successively (one condition that occurs right after the other). Conditions described as comorbidities are often long-term (chronic) conditions.

Comorbidity is associated with worse health outcomes, more complex clinical management, and increased health care costs. Health care increasingly needs to address the management of individuals with multiple coexisting diseases, who are now the norm rather the exception.

COMMON COMORBIDITIES:

OBESITY:

Obesity is known to predispose people to many comorbid illnesses.

Examples of factors involved in the development of comorbidities for those with obesity include:

- Physical/metabolic stress which may cause many of the body's organs (such as the heart and kidneys) to become negatively impacted
- Biomechanical stress which is caused by the impact of carrying around excess weight, this can result in comorbidities such as osteoarthritis
- Biomechanical forces that can cause an increase in weight pushing on the chest and diaphragm, this can cause the soft tissues of the neck to collapse (leading to sleep apnea)
- An increase in hormones and other substances secreted by adipose (fat) tissue, which impacts the endocrine system, this can result in diabetes and other metabolic conditions

DIABETES:

Comorbidities associated with diabetes include:

- Dyslipidemia
- Non-alcoholic fatty liver disease
- Cardiovascular disease such as congestive heart failure and coronary artery disease
- Kidney disease
- Obesity

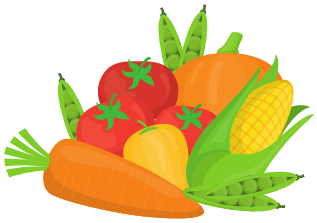
Making Healthy Lifestyle Choices
TO MANAGE COMORBIDITIES

When it comes to managing comorbidities, choosing a healthy lifestyle can make all the difference. It's important to work with your doctor to develop a plan that helps you manage your chronic conditions and improves your overall health.

EXERCISE ROUTINE:

Discuss an appropriate exercise routine with your doctor. Regular exercise is an important way to manage your health. In some cases, exercise can help prevent chronic conditions from developing. For example, people with arthritis may become less active because of joint pain. This increases their risk of developing heart disease or diabetes. If you work with your doctor to develop a safe exercise program, it can help reduce that risk.

DIET:



Discuss an appropriate diet with your doctor. What you eat and drink may affect your chronic condition. A registered dietitian can be a great resource to help you develop a balanced diet that supports your overall health. This is especially important if you're having a hard time managing comorbid conditions and getting the nutrients your body needs.

OTHER THINGS TO DISCUSS WITH YOUR DOCTOR:

It's important to tell your doctor about any alcohol, tobacco or drug use, including the use of electronic cigarettes. When talking to your doctor about lifestyle behaviors that can affect your overall health and wellness, be sure to talk about your stress, mental health and sleeping habits.

SUMMER PESTO PASTA SALAD

Recipe From: https://www.erinliveswhole.com/summer-pesto-pasta-salad/

ingredients

Salad:

- 12 oz dried pasta (I used brown rice fusilli)
- 1 small zucchini
- 1 small yellow squash
- 1 pint cherry tomatoes, cut in half
- 1.5 cups mozzarella balls, cut in half
- 1/4 cup pine nuts
- 1 tsp Italian seasoning

Pesto Dressing:

- 1/2 cup fresh basil
- 1/4 cup pine nuts (or cashews/almonds)
- 1/2 cup olive oil
- 2 tsp red or white wine vinegar
- juice of 1 lemon
- 1 clove garlic
- 1/2 tsp salt
- 1/4 tsp pepper
- optional: 1/4 cup shredded parmesan cheese

recipe preparation

- Cook pasta according to package directions. Drain and rinse with cold water.
- Cut zucchini and yellow squash into bite size pieces and then saute on stove top for about 10 minutes, or until softened.
- Add your pasta to a large bowl, and add the zucchini, squash, tomatoes, mozzarella balls, pine nuts and Italian seasoning. Set aside.
- Using an immersion blender, regular blender, or food processor, combine all of your pesto ingredients and blend until completely smooth. I use an immersion blender.
- Pour dressing over top of pasta and veggies and toss until completely coated.
- Top with more pine nuts and parmesan cheese.

A report detailing available balances for each member is included in the agenda. If you have any questions on how to collect your 2021 EPL/Cyber Risk Management Budget allowance, please contact our office. **Please note that the deadline for claiming or encumbering these funds is December 31, 2021. All encumbered funds must be claimed by February 1, 2022.**

I. Employment Practices Liability Compliance – (pgs. 131-132)

A compliance status report regarding the Employment Practices Liability Coverage is attached for your review. Each member should review this report carefully to insure its accuracy. If you believe the report to be inaccurate regarding your town, please contact PERMA directly.

J. MEL Cyber Risk Management Plan Compliance/Grandfathered Status (pgs. 133-134)

Included for your review are two compliance reports pertaining to the MEL Cyber Risk Management Plan. The first report provides an update as to the members' current "grandfathered" compliance with Version 1 of the Plan. The second report pertains to members' compliance with Version 2 of the Plan which was launched in March of this year. Each member should review these reports carefully to insure its accuracy. If you believe the report to be inaccurate regarding your town, please contact Ed Cooney, Fund Underwriter at 973-659-6424 or ecooney@connerstrong.com. Members are strongly encouraged to work with their IT Professionals to come into compliance with the Version 2 standards as soon as possible.

K. Statutory Bond Status (pgs. 135-136)

The latest listing of Statutory Bonds issued by the MEL for JIF members is included for your review. This list should be reviewed for accuracy. Any questions on the status of an application or a bond listed on the report should be directed to Ed Cooney, Fund Underwriter at 973-659-6424 or ecooney@connerstrong.com.

L. Skateboard Park Approval Status (pg. 137)

Enclosed, pleased find a spreadsheet depicting the current status of all approved skateboard parks or those currently under construction by a member municipality. The MEL has established a process, outlined in MEL Coverage Bulletin **2021-06**, which must be followed by all members who wish to construct a skateboard park and have the Atlantic JIF and MEL provide said facility with coverage. Any member with a park currently under construction or in the review process should review the enclosed spreadsheet to be sure that it accurately depicts the current status of your facility. All members considering construction of a skateboard park should contact the Executive Director's office prior to moving forward.

M. Capehart & Scatchard Updates (pgs. 138-141)

John Geaney, Esq. of the law firm of Capehart & Scatchard periodically provides updates on court cases dealing with workers' compensation, ADA, and FMLA issues. Copies of his latest updates are included for your information.

N. Monthly Activity Calendars (pgs. 142-143)

Attached for your review is the monthly activity calendar for the months of September/October 2021.

O. Pivot Point Security with a Smile Newsletter (pgs. 144-145)

The JIF has contracted with Pivot Point Security to provide technology risk management services to the members. These services include phishing tests, the development of, and training on, various cyber related policies and procedures, the development of third party cyber risk standards, as well as network vulnerability assessments. Over the next few months, members will begin to see the role out of different risk management services from Pivot Point. Please do not hesitate to contact the Executive Director's office if you have any questions.

P. 2022-2023 MEL EPL Risk Management Plan Update

In July 2020, the revised Model Employment Practice Policies and Employee Handbook were placed on the NJ MEL's website (NJMEL.org). Adopting the revised policies and handbook are one of steps required by all members to become/remain in compliance with the MEL EPL Risk Management Plan. The date for completing the necessary steps for compliance with the MEL EPL Risk Management Plan is November 1, 2021.

Q. Police Command Staff Training

Completion of this training by the members of your Police Department's Command Staff is a required element for compliance with the MEL's 2022-2023 Employment Practices Liability Plan of Risk Management. The sign-in sheets from the June 3, June 8, and June 23, 2021 sessions are available upon request of our office.

R. Managerial & Supervisory Training

The ACM, BURLCO, & TRICO JIFs sponsored 20 Managers & Supervisor's Employment Liability Training sessions. These trainings were held via webinar and were presented by Armando Riccio, Esq. Participation by your managers & supervisors in this training is required for compliance with the 2022-2023 MEL EPL Plan of Risk Management. A list of the attendees at each session is available on the JIF website; www.acmjif.org. Please contact the Executive Director's office if you have any questions.

S. Non-Supervisory EPL Employee Training (pgs. 146-151)

On November 23, 2020 and April 14, 2021, a memorandum was sent to all members notifying them of the availability of non-supervisory employee training through the MEL Safety Institute (MSI). A required element of compliance with the MEL's 2022-2023 Employment Practices Liability (EPL) Risk Management Plan, all members are required to notify their non-supervisory employees of the availability of this training. The training module is entitled Building a Safe Workplace: Anti-Harassment and Discrimination and is approximately 20 minutes in length. The memorandum provides specific directions on how to access the training module in the MSI. All members should document the notification of the availability of this training to their employees. The notification should go out as soon as possible. The deadline to comply with this aspect of the EPL Risk Management plan is November 1, 2021.

T. Protection & Safe Treatment of Minors Training – Add'l Dates (pg. 152)

On July 13, 2021, a notice was sent to all Fund Commissioners, Municipal Clerks, & Risk Managers announcing the availability of additional training dates for the *Protection & Safe Treatment of Minors* webinars. It is strongly recommended that all Managers & Supervisors complete this training as soon as possible if not already completed. Completion of this training will assist in defending the municipality and their employees should they be named in a SAM claim. **Please remember that**

this training is separate and distinct from the Managers & Supervisors employment training that must be completed for compliance with the MEL EPL Risk Management Plan.

U. Land Use Training Certification (pg. 153)

Attached for your review is a list of members that have provided a certification to the Fund Underwriter indicating that they have completed the Land Use Training process for at least some of their Board Members. Land Use Board members that complete the training process will be eligible for enhanced coverage should they be personally named in a Land Use claim. Please note that only these Board members that have completed the training are eligible for the enhanced coverage. If you would like additional copies of the Land Use Liability Training Booklets, please contact the Executive Director's office. If you have any questions regarding the individuals that have completed the training, please do not hesitate to contact Ed Cooney, Fund Underwriter at 973-659-6424 or ecooney@connerstrong.com.

V. Renewing Members

Letters were emailed on or about June 1, 2021, to the eleven (11) members whose membership in the JIF is up for renewal on January 1, 2022. These members are: Brigantine, Lower, Margate, Middle, Millville, North Wildwood, Sea Isle City, Stone Harbor, West Cape May, Wildwood Crest, and Woodbine. Included in the email was a *Resolution for Renewal of Membership in the Burlington County Municipal JIF, a Certification* required under the Local Public Contracts Law, and an *Agreement to Renew Membership in the Burlington County Municipal JIF*. Members were asked to place the Renewal Resolution on the agenda of an upcoming governing body meeting and return both the approved Resolution and executed Agreement to our office by August 13, 2021. To date we have received *Renewal Resolutions & Agreements* from all renewing members with the exception of Brigantine, Sea Isle, and Woodbine. If you have any questions, please contact the Executive Directors office.

W. Renewing Members Visitation Program

In May, a representative from the Executive Director's office, contacted those members up for renewal this year to schedule an appointment before the Governing Body to provide an update on the financial condition of the JIF, the member's participation in the JIF, and the many programs available to JIF members. These appointments are also an opportunity to address any questions the Governing Body members might have regarding membership in the JIF. The Executive Director's office believes it is very important for the decision makers in each member municipality to understand the value of JIF membership. Based upon the response to that request, the Executive Director's office participated in these meetings either in person, via conference call, or through video conferencing. To date, all of these presentations have been completed whether in person or via other electronic format.

X. Website (www.acmjif.org)

In early 2019 the new ACMJIF website was launched. Please take a moment to explore the new site, which contains a plethora of information in an easy to read format and navigate site. If you have any questions, comments, or feedback, please contact Megan Matro at 856-446-9141 or Megan_Matro@riskprogramadministrators.com.

Y. New Member Activity

The Executive Director's office has provided an application to the Risk Manager for Egg Harbor City for membership effective January 1, 2022.

Long Drive To Restaurant For Lunch Following Business Meeting Found Not Compensable

Andrew Mackoff worked as a salesman and account manager for New Brunswick Saw Services. One of his duties was to travel to the company's businesses for meetings and service calls. On December 3, 2018, Mackoff left his home in Blackwood, Camden County, New Jersey and drove to West Caldwell in North Jersey for a 10:00 a.m. customer meeting. Following the one-hour meeting, he decided to drive to the Galloping Hill Inn in Kenilworth, N.J. for lunch. He had been going to that restaurant for many years, and he loved their hot dogs. After lunch he said he planned to go to the company office in Middlesex County because he had not been to the office for a while.

In testimony petitioner said the Galloping Hill Inn was like a "nostalgia place" for him. He also commented that he was theoretically going to prospect because the restaurant had slicers for sandwiches. He called the Inn a "potential customer." However, he admitted on cross examination that the Galloping Hill Inn was never a customer of his company, and he had no other customers to visit around the Inn. On the way to the restaurant he was involved in a car accident.

Petitioner filed a claim petition and a motion for medical and temporary disability benefits, seeking treatment for his injuries. Respondent opposed the motion and denied the claim as not arising from employment. The Honorable Ingrid French found that petitioner failed to prove a work-related accident. The Judge was not persuaded that petitioner was really intending to "prospect" the hot dog restaurant. The Judge commented that petitioner's "primary purpose for driving to the hot dog place was personal and not work-related." She added that petitioner: "*unequivocally testified that immediately following his meeting . . . he was going to get his lunch at the 'hot dog place.' Then, his attorney prodded him to state that 'theoretically,' the 'hot dog place' was also a prospective customer. Specifically, and in support of this 'theory,' the petitioner stated that 'any' food establishment that sells prepared food is a potential customer."*

The Judge of Compensation found that petitioner had concluded his work day and was simply on his way to lunch. The Appellate Division affirmed the dismissal of the case. The Court said, "The definition of 'employment' under the statute is multi-faceted and includes situations in which the employee is physically away from the employer's premises, but nevertheless is 'engaged in the direct performance of duties assigned or directed by the employer.'"

The Court also observed that employees who have been injured in the course of a 'minor deviation' have been found to be covered for workers' compensation purposes. But the Court did not feel this was a minor deviation case. The Court noted that petitioner admitted that if he drove to Galloping Hill Inn to get a hot dog and then to his office it would have been about two hours out of his way rather than going directly to the office. This was a key fact in the conclusion that the primary purposes of the trip was personal and non-work related.

The Court relied mostly on ***Jumpp v. City of Ventnor***, 177 N.J. 470 (2003), noting that Mr. Jumpp's accident while returning from his post office errand was found not to be a minor deviation even though the stop at the post office was only a few yards away from the road he was traveling on. The Court said, " . . . petitioner's decision to travel an hour east from his West Caldwell meeting because he was hungry and 'going to get food first' was not the sort of activity that 'would have been compensable if carried out by an on-premises employee.'"

It was interesting that the Appellate Division referenced the decision in ***Cooper v. Barnickel Enterprises, Inc.***, 411 N.J. Super. 343, 346 (App. Div. 2010). In that case the petitioner's car accident was found compensable where he was driving five miles to get a cup of coffee at a deli. Mr. Cooper was planning to meet with his union instructor but found out that his instructor was tied up teaching a course. Cooper admitted that he was simply killing time in getting a cup of coffee before meeting with the instructor. A key difference between the two cases is that Mr. Mackoff's day was basically done, although he did testify that he planned to visit the company office after lunch. The Judge of Compensation and the Appellate Division in Cooper felt that petitioner was just taking his coffee break, like any other employee would. But Mr. Mackoff was driving a much longer distance off the route to his office for a hot dog without having any other business meetings scheduled that day.

This case can be found at ***Mackoff v. New Brunswick Saw Service***, A-3625-19 (App. Div. July 14, 2021).

When Does The Special Mission Exception To The Premises Rule Apply?

One of the most misunderstood rules in workers' compensation is the so-called "special mission" exception to the premises rule, which is New Jersey's successor to the better known "going-and-coming rule." The New Jersey premises rule says that one is at work when he or she arrives at the work premises. The main exception to that rule is the special mission exception. Confusion abounds on this exception because few read the actual letter of the law. Many think that the special mission applies when an employee has to drive somewhere out of the ordinary or work hours that are unusual. That may not be true at all.

Here is what the statute actually says: "…W*hen the employee is required by the employer to be **away** from the employer's place of employment, the employee shall be deemed to be in the course of employment when the employee is engaged in the direct performance of duties assigned or directed by the employer."* This language comes from NJSA 34:15-36.

Consider some common scenarios:

1. An employee works for a large food distributor reporting every day to a satellite office in Cherry Hill, N.J., but once a year the employee must report to the employer's headquarters in Jersey City for an annual review. The employee is injured returning from Jersey City to his home in a car accident. **Special mission?**
2. An employee is approved for an educational seminar in Los Angeles, gets to the hotel, takes a warm, hot bath in the evening and slips and falls on the hotel bathroom floor, fracturing her femur. **Special mission?**
3. The maintenance superintendent for a large rental complex is summoned at nine p.m. to come back to work immediately because there is a power outage in the employer's building where the superintendent works 9-5. **Special mission?**
4. The head of HR leaves work at four p.m. on Friday afternoon but gets a phone call during her drive home and is told to come to work for a special meeting on Saturday at nine a.m. **Special mission?**
5. A defense lawyer leaves his home on Monday morning and travels to Paterson workers' compensation court, where the attorney drives every three weeks to handle a regular list. On the way she is involved in a serious car accident. **Special mission?**

All of these scenarios have one thing in common: they are unusual assignments for the employee either to locations where the employee does not normally work or during hours when the employee does not normally work. *But only two of these scenarios would meet the test of a special mission*. If you guessed numbers two and five, you are correct.

In number two, the employee is at a location **away** from the employer's premise on an approved seminar when the slip and fall occurs. The employee's presence in the hotel room is expected and necessary to complete the work assignment. In number five, the defense lawyer is required by the employer to drive to a location **away** from the employer's place of employment to perform court duties. The accident happens on the way to court.

But examples 1, 3 and 4 would not constitute a special mission. But why not? Number one is easy because the employee is reporting to the employer's work site in Jersey City. It doesn't matter that this is not where the employee normally works: The rule says it must be "away from the **employer's** place of employment." This is the company's headquarters!

The same outcome applies for numbers three and four. Although the employees in numbers three and four may consider their assignments to be out of the ordinary and rather taxing (driving to work late at night or having to work on a Saturday), the test is not whether there is a deviation from the ordinary work schedule. The test is whether the employee is required by the employer to be away from the employer's place of employment. They were both reporting to their normal work site. So for numbers 1, 3, and 4, the normal premises rule applies.

The second part of the special mission exception is easier to understand. When an accident occurs away from the employer's place of employment, the employee must be engaged in the direct performance of work duties for the accident to be compensable. So in the first example, if the employee at the seminar in Los Angeles is a baseball fan and decides to travel by herself to Chavez Ravine one night to watch the Dodgers play the Giants and falls in the stadium, that injury would not be covered because the game has nothing to do with the distant work assignment. What would be covered on a distant assignment or at a seminar? Courts have found that injuries getting meals at a hotel or walking to one's hotel room would certainly be covered. Taking clients out to a different hotel for dinner or to a sporting event while at a seminar would certainly be covered. That makes sense, but not everything one does on an approved trip is covered, just as not everything that one does in the normal work environment is covered. For example, the fitness-obsessed employee who jumps rope during breaks and falls will not win a workers' compensation case even if the injury occurs on premises.

PivotPoint SECURITY

This Month's "Security with a Smile" (Because Life is Too Short...)

This Month's Advice: Staying Secure while on Vacation

It's that time of year again! Time to hit the road for a well-deserved summer vacation, and you couldn't be more ready. Of course, you're taking your smartphone, tablet and other electronic devices with you. But traveling to new places may create more attacker opportunities. Do you have a plan for protecting your digital or mobile devices and data while you're on vacation?

Not to worry, we've done your homework for you! Here are some simple recommendations for staying proactive and secure while sipping your piña colada.

Trust but verify: Make sure that people are who they say they are and can properly identify themselves. If traveling overseas to an unfamiliar location, or to a new vacation rental, try using reputable and trusted peer-to-peer platforms, such as Airbnb or HomeAway, which offer added support and security features. Check badges when you arrive and don't be afraid to ask hosts to confirm their personal details or offer an official ID.

Save important phone numbers: Save important phone numbers with contact details into your phone. You can then employ a spam blocker program to prevent unknown callers or computerized auto dialers from cramping your vacation style, while those valid callers you've programmed into your phone can still get through.

Beware of Phishing: Not the type of fishing you do from a party boat, but malicious criminals looking to nab your personal contact details such as email, phone, address, personal preferences. Look out for SMS, email, or physical promos, sweepstakes, surveys, or other unsolicited questionnaires. If it seems too good to be true, it probably is!

Add multi-factor authentication (MFA) to your devices and important accounts: MFA is one of the easiest ways to protect your accounts or apps from unauthorized access, because it requires additional identity verification that criminals won't have access to—such as scanning a fingerprint, a face scan, or entering a code via phone. While someone may be able to crack a password, it is nearly impossible to also crack the "second factor" used by the MFA solution. MFA can also prevent criminals from accessing your sensitive information if your device is stolen or left unattended.

Use a known and trusted Wi-Fi connection: It may be tempting to use free or public wi-fi. But remember that if you can access it for free, so can criminals! Using a password protected, verified wi-fi account will help keep your data safe. When in doubt, ask the business you are visiting or accommodations provider for the proper wi-fi network login and password.

So now you're ready to fully enjoy your summer vacation and breathe easy knowing that you've done your due diligence to prepare and stay safe from cybercriminals. Have a great time!

This Month's "Security with a Smile" (Because Life is Too Short...)

This Month's Advice: Sharing is Not Always Caring

With summer vacation coming to an end, folks are headed back to work and school. Due to the pandemic this no longer means heading back to the office or classroom, as many continue to work and learn remotely.

But wherever you are, cybercriminals are always watching and looking for a vulnerability – a way to access your network and ultimately take control of your "smart" devices, from laptops to baby monitors. As the internet of things (IoT) becomes a bigger part of your daily workflow, it's important to know how protect those smart IoT devices from being compromised by cybercriminals.

Here are some simple and actionable "golden rules" for keeping your IoT ecosystem secure:

Change all default passwords: Hackers can often identify default passwords for your devices with a little online research. In addition to changing the default password, be sure to follow best-practice guidelines so your new password isn't trivially easy to guess or crack. If you have trouble remembering all of your passwords (and who doesn't), try using a password management system such as NordPass, Keeper, or LastPass.

Don't share and share alike: Do not access unprotected, shared networks and conversely don't share your own network through a network sharing feature. Be advised that many smart products, such as speakers or communication devices, have sharing opt-in features as defaults. These should be changed if you don't intend to share your network with others.

Keep software up to date: Don't be lazy when it comes to software updates! They aren't just to improve usability, but often provide security updates and patches that are needed to limit security vulnerabilities. Plus, once a patch is released, hackers know all about the vulnerabilities in unpatched versions and will immediately target them.

Use unique or anonymous naming conventions: Give your network or devices a name that you recognize by sight, but that a cybercriminal wouldn't easily be able to tie back to you. Avoid using personal or searchable information in your naming (such as a pet's name, your name, maiden name, address, street, etc.).

Can you hear me now?: Be sure to program your own voice profile to voice activated devices. This prevents people who may gain unintended access to your devices from using their own voice profile to access financial or confidential information (purchasing, banking, subscription services, etc.).

As time goes on, devices will still be smart, and criminals will get smarter. But you'll be the smartest if you continue to be diligent. Stay safe out there!

Re: 2022-2023 MEL EPL Risk Management Program
Non-Supervisory Employee Training Announcement

****

As you are aware, every two years, the New Jersey Municipal Excess Liability Joint Insurance Fund (MEL) requires its members to update their compliance with the MEL's Employment Practices Liability Risk Management Program. One element of the compliance process requires that each member offer anti-harassment training to all non-supervisory personnel. While it is recommended that all non-supervisory employees take this training, employers are only required to make the training available to their employees.

The 2022-2023 non-supervisory training is being completed using the MEL Safety Institute (MSI). The training course is entitled *Building a Safe Workplace: Anti-Harassment and Discrimination*. This online course discusses the right of each employee to a workplace free of harassment and each employee's duty to respect the rights of all other employees.

Again, this year's program is being offered exclusively online through the NJ MEL's Safety Institute (MSI). Instructions on how to access the MSI and complete the course are attached to this memorandum. The course runs approximately fifteen (15) minutes in length and completion of the course will be tracked automatically by the MSI; however, employees who want a certificate showing completion of the course can navigate to the "Student Center" tab to print your Certificate of Completion. All training should be completed by June 1, 2021.

Please feel free to contact my office if you have any questions regarding this program.

Questions regarding accessing the MSI can be directed to the MSI Helpline during normal business hours at 866-661-5120.

Thank you for your attention to this matter.

Subject: Protection & Safe Treatment of Minors Webinar – Additional Training Opportunities

---

As you may recall, over the past 18 months, the JIF and MEL have sponsored more than 20 webinars pertaining to the *Protection and Safe Treatment of Minors Program*. Participation in this training by Municipal Managers & Supervisors is **strongly recommended** as it could assist in the defense of member municipalities and their employees from potential liability resulting from a future claim of sexual abuse or molestation. Over the past several months, the JIF & MEL have scheduled additional opportunities as it has been determined that some Managers & Supervisors have not had an opportunity to participate in a previous webinar. As a result, below, please find five (5) additional webinars that have been scheduled. If you have Managers & Supervisors that have not taken this training previously, please have them register for one of these sessions. A list of the employees that have completed this training is available on the JIF websites.

RESOLUTION NO. 2021 -

ATLANTIC COUNTY MUNICIPAL JOINT INSURANCE FUND
RESOLUTION TO RENEW MEMBERSHIP IN THE
MUNICIPAL EXCESS LIABILITY JOINT INSURANCE FUND

WHEREAS, the **Atlantic County Municipal Joint Insurance Fund,** a nonprofit public entity in the State of New Jersey, was formed pursuant to N.J.S.A. 40A:10-36 et seq. to provide risk management to its member municipalities in the form of General Liability, Auto Liability, Property and Workers' Compensation coverage; and

WHEREAS, it has been determined that excess coverage is available from the Municipal Excess Liability Joint Insurance Fund**,** hereinafter referred to as MEL, as established pursuant to N.J.S.A. 40A:10-36 et seq., provided in accordance with N.J.S.A. 40A:10-42; and

WHEREAS, the purchase of such coverage by the MEL is exempt from public advertising and bidding requirements pursuant to N.J.S.A. 40A:11-5(1)(a)(ii) and 40A:11-5(1)(m) as an extraordinary unspecifiable service ("EUS") so long as the contract entered into is awarded in accordance with the requirements for EUSs; and

WHEREAS, pursuant to N.J.S.A. 40A:65-14, the governing bodies of two or more Local Units may enter into an agreement to provide for the formation of the joint operation of any public services, public improvements, works, facilities, or undertakings which the local units are empowered to operate; and

WHEREAS, pursuant to N.J.S.A. 40A:65-9 et seq. the MEL shall obtain coverage on behalf of its members JIFs in accordance with the Local Public Contracts Law; and

WHEREAS, in accordance with N.J.S.A. 40A:10-36 et seq., a JIF wishing to join the MEL to obtain the benefits of joint public entity membership may do so by adopting a resolution; and

WHEREAS, the Board of Fund Commissioners of the **Atlantic County Municipal Joint Insurance Fund** has determined that membership in the MEL is in the best interests of the member municipalities:

NOW THEREFORE BE IT RESOLVED that the Board of Fund Commissioners of the **Atlantic County Municipal Joint Insurance Fund** does hereby resolve and agree to renew membership in the MEL for a period of three (3) years, the commencement of which shall be January 1, 2022 and

BE IT FURTHER RESOLVED that the application for membership is for the purpose of obtaining the following types of coverages:

1) Excess Workers' Compensation and Employers' Liability Insurance and,
2) Excess Liability Insurance excess of the Primary Liability provided by the above mentioned Joint Insurance Fund as indicated on the application previously submitted and,
3) Excess Property, including Crime.

BE IT FURTHER RESOLVED that the **Atlantic County Municipal Joint Insurance Fund** hereby adopts the Bylaws of the MEL and in accordance therewith, it is understood that coverage is not effective until membership is approved by the MEL Commissioners/Executive Committee, State Department of Banking & Insurance and State Department of Community Affairs and that coverage is subject to the terms, conditions and limitations as contained in the MEL's Coverage Manual and its Commercial Excess Insurance, if any; and,

BE IT FURTHER RESOLVED that the Board of Fund Commissioners, or other authorized representative, is authorized and directed to execute any and all written agreements necessary for membership in the MEL including, but not limited to, the Indemnity and Trust Agreement in order to implement membership by the **Atlantic County Municipal Joint Insurance Fund** in the MEL according to its Bylaws, N.J.S.A. 40A:10-36 et seq., N.J.A.C. 11:15-2 and any other statutes or regulations pertaining thereto.

This resolution was duly adopted by the Atlantic County Municipal
Joint Insurance Fund at a public meeting held on September 15, 2021

CHAIRPERSON SCRETARY

DATED: *September 15, 2021*

MUNICIPAL EXCESS LIABILITY JOINT INSURANCE FUND
INDEMNITY AND TRUST AGREEMENT

THIS AGREEMENT made this 15th day of September between: The **Municipal Excess Liability Joint Insurance Fund**, hereinafter referred to as MEL, and the **Atlantic County Municipal Joint Insurance Fund**, hereinafter referred to as the FUND.

WITNESSETH:

WHEREAS, several local governmental units have collectively formed an Excess Liability Joint Insurance Fund as such entity is authorized and described in N.J.S.A. 40A:10-36 et seq. and the administrative regulations promulgated pursuant thereto and;

WHEREAS, the FUND has agreed to become a member of the MEL and to share in the obligations and benefits flowing from such membership with other members of the MEL in accordance with and to the extent provided for in the bylaws of the MEL and in consideration of such obligations and benefits to be shared by the membership of the MEL.

NOW THEREFORE, be it agreed as follows:

1. The FUND accepts the MEL's bylaws as approved and adopted and agrees to be bound by and to comply with each and every provision of the said bylaws, the pertinent Statutes and Administrative Regulations pertaining to same and as set forth in the Risk Management Plan.

2. The FUND agrees to participate in the MEL with respect to the types of insurance listed in the FUND's resolution.

3. The FUND agrees to renew its membership in the MEL for a period of three (3) years, the commencement of which shall be January 1, 2019.

4. The FUND certifies that it has not defaulted on any claims if self-insured and has not been canceled for non-payment of insurance premiums for a period of at least two (2) years prior to the date hereof.

5. In consideration of membership in the MEL, the FUND agrees that it shall jointly and severally assume and discharge the liability of each and every member of the MEL, all of whom as a condition of membership in the MEL shall execute a verbatim counterpart of this Agreement and by execution hereof the full faith and credit of the FUND is pledged to the punctual payment of any sums which shall become due to the MEL in accordance with the bylaws thereof, this Agreement, the MEL's Risk Management Plan or any applicable statute.

6. If the MEL in the enforcement of any part of this Agreement shall incur necessary expense or become obligated to pay attorney's fees and/or court costs, the FUND agrees to reimburse the MEL for all such reasonable expenses, fees and costs on demand.

7. The FUND and the MEL agree that the MEL shall hold all monies paid by the FUND to the MEL as fiduciaries for the benefit of MEL claimants, all in accordance with N.J.A..C 11:15-2.1 et seq.

8. The MEL shall establish separate Trust Accounts for each of the following categories of risk and liability, if applicable:

a) Workers Compensation and Employers Liability
b) Liability, other than motor vehicle
c) Property Damage, other than motor vehicle
d) Motor Vehicle
e) Primary Statutory Bonds & Excess Public Officials Bonds

The MEL shall maintain Trust Accounts aforementioned in accordance with N.J.S.A. 40A:10-36, N.J.A.C. 11:15-2 et seq., N.J.S.A. 40A:5-1 and such other Statutes as may be applicable. More specifically, each of the aforementioned separate Trust Accounts shall be utilized solely for the payment of claims, allocated claim expense and excess insurance or reinsurance premiums for each such risk or liability or as "surplus" as such term is defined by N.J.A.C. 11:15-2.2 et seq.

9. Each FUND who shall become a member of the MEL shall be obligated to execute this Agreement.

Memo to: Atlantic County Municipal Joint Insurance Fund

From: Commissioner Hirsch

Re: RCF September Meeting

2020 Budget Amendment: Following the public hearing, the Board of Commissioners reviewed and adopted the amended Fund Year 2020 Budget, which reflected the transfer of the Fund Year 2016 claims from the local JIFs as of 12/31/20. Enclosed as part of this report is the Amended 2020 Budget.

2022 Budget: The Board of Fund Commissioners reviewed the proposed 2022 Budget. Under the conditions of the Fund, the 2022 expenses cannot be directly charged to an expense line established in the 2021 budget. Executive Director recommended a dividend be released from Closed Year Account in the amount of $671,000. The Board of Fund Commissioners adopted a resolution returning surplus from the Closed Year Account. In addition, the Board of Fund Commissioners voted to introduce on first reading of the 2022 Budget and to schedule the Public Hearing on October 20, 2021, 10:30 a.m., meeting to be held either at Forsgate Country Club or telephonically. Enclosed as part of this report is the Proposed 2022 Budget.

Membership Renewals: Executive Director reported that membership renewal documents have been reviewed by the Fund Attorney and are being distributed to the local JIFs to renew their membership with the RCF on January 1, 2022. Enclosed as part of this report are the renewal Resolution and Indemnity & Trust Agreement.

2021 Fiscal Management Plan Amendment: The Fund Office has been notified that Georganne Jussel will be retiring from CB Claims LLC on October 15, 2021; Laura Sable will join the firm and serve the RCF as of September 27, 2021. The Board of Fund Commissioners accepted the recommendation to amend the Fiscal Management Plan to reflect these changes to the authorized signatory list.

2020 Audit Filing. The RCF 2020 audit was filed with the New Jersey Department of Banking and Insurance (DOBI) and the New Jersey Department of Community Affairs (DCA) on June 30, 2021.

Claims Committee: The Claims Review Committee met on June 2 and July 7, 2021 and also met the morning of the Commissioner's meeting. Minutes of the meetings were enclosed under separate cover.

Next Meeting: The next meeting of the RCF is scheduled for October 20, 2021 at 10:30AM, to be determined if this meeting will be held via teleconference or at the Forsgate Country Club.

RESOLUTION NO. 2021 - _____

RESOLUTION TO RENEW MEMBERSHIP IN THE MUNICIPAL EXCESS LIABILITY RESIDUAL CLAIMS FUND

WHEREAS, the Municipal Excess Liability Residual Claims Fund ("RCF"), a nonprofit public entity in the State of New Jersey, was formed pursuant to N.J.S.A. 40A:10-36, et seq., to provide residual risk management to its member Joint Insurance Funds ("JIF"); and

WHEREAS, in accordance with N.J.S.A. 40A:10-42, the RCF may provide coverage to its member JIFs by self-insurance, the purchase of commercial insurance or reinsurance, or any combination thereof; and

WHEREAS, the purchase of such coverage by the RCF is exempt from public advertising and bidding requirements pursuant to N.J.S.A. 40A:11-5(1)(a)(ii) and 40A:11-5(1)(m) as an extraordinary unspecifiable service ("EUS") so long as the contract entered into is awarded in accordance with the requirements for EUSs; and

WHEREAS, pursuant to N.J.S.A. 40A:65-14, the governing bodies of two or more Local Units may enter into an agreement to provide for the formation of the joint operation of any public services, public improvements, works, facilities, or undertakings which the local units are empowered to operate; and

WHEREAS, pursuant to N.J.S.A. 40A:65-9 et seq. the RCF, if necessary, shall obtain coverage and fund approved claims on behalf of its members JIFs in accordance with the Local Public Contracts Law; and

WHEREAS, in accordance with N.J.S.A. 40A:10-36 et seq., a JIF wishing to join the RCF to obtain the benefits of joint public entity membership may do so by adopting a resolution; and

WHEREAS, the Executive Committee of the **Atlantic County Municipal Joint Insurance Fund** has determined that renewing their membership in the Residual Claims Fund is in the best interests of the member local units.

NOW, THEREFORE, BE IT RESOLVED that the Fund Commissioners of the **Atlantic County Municipal Joint Insurance Fund** does hereby resolve and agree to renew its membership in the Residual Claims Fund for a period of three (3) years, the commencement of which shall be January 1, 2022. For the purpose of determining the term, any portion of the Fund year shall be considered a full year; and

BE IT FURTHER RESOLVED that the **Atlantic County Municipal Joint Insurance Fund** hereby adopted the Bylaws of the Residual Claims Fund. Coverage will be provided in accordance with the terms, conditions and limitations as contained in the Residual Claim Fund's Commercial Excess Insurance or Reinsurance, and Bylaws; and,

BE IT FURTHER RESOLVED that the Chairman of the **Atlantic County Municipal Joint Insurance Fund**, or other authorized representative, is authorized and directed to execute any and all written agreements necessary for membership in the Residual Claims Fund including, but not limited to, the Indemnity and Trust Agreement in order to implement membership

by the **Atlantic County Municipal Joint Insurance Fund** in the Residual Claims Fund according to its Bylaws, N.J.S.A. 40A:10-36 et seq.), administrative regulations, and any other statutes or regulations pertaining thereto.

MUNICIPAL EXCESS LIABILITY RESIDUAL CLAIMS FUND
INDEMNITY and TRUST AGREEMENT

THIS AGREEMENT made this 15th day of September, 2021, between the Municipal Excess Liability Residual Claims Fund, hereinafter referred to as the "Residual Claims Fund", and the **Atlantic County Municipal Joint Insurance Fund**, hereinafter referred to as the "FUND".

WITNESSETH:

WHEREAS, several local governmental units have formed a residual claims joint insurance fund as authorized and described in N.J.S.A. 40A:10-36 et seq., and the administrative regulations promulgated pursuant thereto; and,

WHEREAS, the FUND has agreed to become a member of the Residual Claims Fund and to share in the obligations and benefits flowing from such membership with other members of the Residual Claims Fund in accordance with and to the extent provided for in the Bylaws of the Residual Claims Fund, and in consideration of such obligations and benefits to be shared by the membership of the Residual Claims Fund.

NOW, THEREFORE, be it agreed as follows:

1.) The FUND accepts the Residual Claims Fund's Bylaws as approved and adopted and agrees to be bound by and to comply with each and every provision of the said Bylaws, the pertinent statutes and administrative regulations pertaining to same and as set forth in the Risk Management Plan.

2.) The FUND agrees to participate in the Residual Claims Fund with respect to the Fund years and types of insurance listed in the FUND's Resolution to Join.

3.) The FUND agrees to become a member of the Residual Claims Fund for an initial period not to exceed three (3) years, the commencement of which shall commence effective January 1, 2022.

4.) The FUND certifies that it has not defaulted on any claims if self-insured and has not been cancelled for non-payment of insurance premiums for a period of at least two (2) years prior to the date hereof.

5.) In consideration of membership in the Residual Claims Fund, the FUND agrees that it shall jointly and severally assume and discharge the liability of each and every member of the Residual Claims Fund, all of whom as a condition of membership in the Residual Claims Fund shall execute a verbatim counterpart of this agreement, and by execution hereof the full faith and credit of the FUND is pledged to the punctual payment of any sum which shall become due to the Residual Claims Fund in accordance with the Bylaws thereof, this agreement, the Residual Claims Fund's Risk Management Plan, or any applicable statute.

6.) If the Residual Claims Fund in the enforcement of any part of this agreement shall incur necessary expense, or become obligated to pay attorney's fees and/or court costs, the FUND agrees to reimburse the Residual Claims Fund for all such reasonable expenses, fees, and costs on demand.

7.) The FUND and the Residual Claims Fund agree that the Residual Claims Fund shall hold all monies paid by the FUND to the Residual Claims Fund as fiduciaries for the benefit of Residual Claims Fund claimants, all in accordance with administrative regulations.

8.) The Residual Claims Fund shall establish a Trust Account entitled "Claims or Loss Retention Fund". The Residual Claims Fund shall maintain the Trust Account in accordance with N.J.S.A. 40A:10-36 et seq., N.J.S.A. 40A:5-1, and such other regulations or statutes as may be applicable. More specifically, the Trust Account shall be utilized solely for the payment of claims, allocated claim expense, and excess insurance or reinsurance premiums for such risk or liability or as "surplus" as such term is defined by the administrative regulations.

9.) Each FUND who shall become a member of the Residual Claims Fund shall be obligated to execute this agreement.

MSI LIVE

MSI LIVE features real-time, instructor-led classes and virtual classes. Experienced instructors provide an interactive experience for the attendee on a broad spectrum of safety and risk control topics. Most MSI LIVE offerings have been awarded continuing education credits for municipal designations and certifications. The MSI LIVE catalog provides a description of the course, the intended audience, and available credits.
The MSI LIVE schedule is available for registration through the MEL website at www.NJMEL.org by clicking **MSI LIVE**. Please register early; under-attended classes will be canceled.

To maintain the integrity of the MSI classes and our ability to offer CEUs, we must abide by the State agency's rules that issued the designation. Chief among those rules is the attendee of the class must attend the whole session. Attendees who enter the class more than 5 minutes late or leave early will not be awarded CEUs for the class or receive a certificate of completion.

The MSI utilizes the Zoom platform to track the time each attendee logs in and logs out for webinars. Also, we can track participation to demonstrate to the State agency that the student also participated in polls, quizzes, and question & answer activities during the live, instructor-led webinar. The MSI maintains these records to document our compliance with the State agency.

If you need assistance using the MSI Learning Management System, please call the MSI helpline at 866-661-5120.

NOTE: We need to keep our list of MSI Training Administrators up-to-date. If there are any changes, deletions, or you need to appoint a new Training Administrator, please advise Andrea Felip at afelip@jamontgomery.com.

There are no realized gain/loss transactions to report for this statement period.

Realized Gain/Loss estimates are preliminary, are reliant upon accurate cost basis information, and may not reflect all cost basis adjustments. Corporate actions and income reclassifications will alter a holding's basis and subsequent gain/loss values. Gain/Loss estimates include results for both Taxable and Tax-exempt accounts. This is not a tax document and should not be used for tax preparation.

Statement Disclosures

Statement Review; Limitations on Actions
Please carefully review your statements and retain them for your records as they may contain notices, disclosures and other important information in addition to the summary of the transactions in your account for the reporting period, including contributions, distributions, transfers, and purchases and sales of securities. Summary data is also provided for off-setting investment option transfers or other transfers made between accounts.

Please report promptly any material inaccuracy or discrepancy in this information to your Relationship Manager. If revised data becomes available to Wilmington Trust after these reports are generated, we may update our records accordingly; however, revised data typically will not result in the generation of a new report.

Fee Arrangements
Wilmington Trust and its affiliates may earn additional compensation from uninvested cash in the form of earnings, which Wilmington Trust expects will be generated at the prevailing federal funds rate. Such earnings may be generated between the time the moneys are received by Wilmington Trust and actually forwarded to implement investment instructions, or between the time a distribution is issued and presented.

Affiliated Advisers
"Wilmington Trust" is a service mark encompassing the trust and investment business of Manufacturer's & Trader's Trust Company ("M&T Bank") in providing services to this account, and of some of M&T Bank's subsidiaries and affiliates, serving individual and institutional clients. Subsidiaries and affiliates include, but are not limited to, Wilmington Trust Company (operating in Delaware only); Wilmington Trust, N.A., a national association; and Wilmington Funds Management Corp., Wilmington Trust Investment Advisors, Inc., and other registered investment adviser affiliates. For additional information regarding the Wilmington Trust brand, underlying entities, and products and services offered, please visit our web site at www.wilmingtontrust.com.

In performing discretionary investment services for an account, M&T Bank or an affiliate may invest account assets in one or more mutual funds, including mutual funds ("Affiliated Funds") advised by investment management affiliates of M&T Bank, including Wilmington Funds Management Corporation ("WFMC") and Wilmington Trust Investment Advisors, Inc. ("WTIA") ("Affiliated Advisers").

The Affiliated Advisers, M&T Bank, and M&T Securities, Inc., another affiliate of M&T Bank (collectively "M&T") may also provide administrative and shareholder services, and services under Rule 12b-1 plans to the Affiliated Funds, and may receive compensation for those services. If M&T provides additional services to the Affiliated Funds, it would be entitled to receive additional compensation from those funds. The compensation for services provided to the Affiliated Funds is determined by the Board of Trustees that governs each Affiliated Fund, and is subject to change from time to time in the discretion of such Board of Trustees.

Currently, WFMC, in its capacity as investment adviser to the Affiliated Funds, is entitled to receive annual advisory fees between 0.45% and 0.95%. WFMC compensates WTIA directly for sub-advisory services provided to the Affiliated Funds. In its capacity as co-administrator of the Wilmington Funds, WFMC is currently entitled to receive annual co-administration fees from the Wilmington Funds as follows: 0.04% on the first $5 billion; 0.03% on the next $2 billion; 0.025% on the next $3 billion; and 0.018% on assets in excess of $10 billion. All fees are calculated based on average daily assets.

M&T Bank may be entitled to receive an annual shareholder services fee of up to 0.25% with respect to the assets of certain accounts invested in the Wilmington Funds. If M&T Bank or an affiliate has investment discretion over an account, then an account may receive a credit against the account-level fiduciary (or investment management) fee for all or some portion of the foregoing fees when account assets are invested in an Affiliated Fund. Alternatively, the value of account assets invested in an Affiliated Fund may be excluded from calculation of the account-level fiduciary (or investment management) fee.

Please consult a current prospectus, available at www.wilmingtonfunds.com, for the relevant Affiliated Fund or contact your Relationship Manager for additional information.

WTIA maintains updated disclosure information on Form ADV Part 2, the Disclosure Brochure. The Disclosure Brochure contains information about WTIA, including a description of WTIA's programs, fees, trading practices, conflicts of interest, key personnel, and other business activities. The Disclosure Brochure is available to all clients of WTIA upon request by contacting WTIA at (410)

Investment products, included affiliated offerings, are not insured by the Federal Deposit Insurance Corporation or any other governmental agency, are not deposits of or other obligations of or guaranteed by Wilmington Trust, M&T, or any other bank or entity, and are subject to risks, including a possible loss of the principal amount invested.

Pricing and Valuation
Details of transaction charges and commissions are displayed on transaction confirmations, which have been mailed or made available separately to you. Wilmington Trust will also send you this information upon request. To the extent Wilmington Trust has custody of assets but no investment authority over your account, you have the right at any time to receive, at no additional cost to you, written confirmations of securities transactions that occur in your account. These confirmations will be mailed to you in the timeframe required by applicable regulations. Even if you previously waived your right to receive these confirmations, you may at any time ask to receive such confirmations going forward. Please contact your Relationship Manager if you wish to have written trade confirmations mailed to you.

If we are managing the assets in this account, please contact your Relationship Manager if there have been any changes to your financial situation or investment objectives, or if you wish to impose any reasonable restrictions that might affect the management of this account, or reasonably change any existing restrictions.

The investment values and estimated income information reported herein reflect the securities in your account on a trade date basis as of the close of your statement period. Pricing may reflect market price quotations, closing price, mean bid / ask price, or estimated market values obtained from various third-party quotation services which we believe to be reliable and which were available when the report was prepared. If an investment did not have a readily determinable value, then reported values are based on the last valuation available to us at the time the report was generated. For assets not custodied at Wilmington Trust, prices and values are provided by the custodian, the issuer or their administrator, and Wilmington Trust is not responsible for this information, nor can Wilmington Trust guarantee its accuracy or timeliness. Valuation for Private Equity, Private Real Estate and Other asset classes reflect the most recent information available, but are typically illiquid and may have irregular reporting. Consult your Relationship Manager for details regarding valuations for your illiquid holdings.

Reported values may not equal market value or fair value and may include accruals. Asset values will fluctuate. This report should not be used to prepare tax documents or financial statements. Information for tax reporting purposes will be reflected in your annual Wilmington Trust Tax Information Letter. Please contact your Relationship Manager if you have any questions.

Basis and limitations on use for Cost, Gains, and Losses. This is not a tax document. This information is being provided for your review of transactions and balances in your account for the reporting period. For tax reporting, you should rely on your official tax documents. Transactions requiring tax consideration should be reviewed with your tax advisor. Unrealized Gain and Loss data is reliant upon accurate cost basis information and represents the current value of a security less the adjusted cost basis for that security. If the current value is greater than the adjusted cost basis, that position has an unrealized gain. Conversely, if value is less than cost, the position carries an unrealized loss.

The cost basis of record for securities transferred into your Wilmington Trust account may have been provided to us by a delivering firm, a transfer agent, or another adviser on a best efforts basis. Cost basis data provided through delivering firms is relied upon for this report but should be reviewed for accuracy by each client. Cost basis on fixed income securities are adjusted for amortization, accretion, or principal paydowns and the method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. Where no cost basis is available for a security as of the last day of the reporting period, that security will reflect zero as the cost basis.

Investments: • Are NOT FDIC-Insured • Have NO Bank Guarantee • May Lose Value

Glossary

Accrued Dividend represents dividends declared by the issuer which have not yet been paid.

Accrued Income represents income payments accumulated with a security (i.e., "priced in" to the security value) since the last payment date but not yet received. Income accrues daily and is reset every time accruals are paid.

Cost represents the reported original value of an asset adjusted for corporate actions, including stock splits, dividends, and return of capital distributions. Tax cost basis on fixed income securities are adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. This information is used to estimate capital gains and losses; however, this is not a tax document. This information is being provided for your convenience and is for informational purposes only. For tax reporting, you should rely on your official tax documents. Transactions requiring tax consideration should be reviewed with your tax advisor.

Securities acquired before 2011 are generally not subject to the new cost basis reporting rules set forth by the Internal Revenue Service Code in the Emergency Economic Stabilization Act of 2008 and are, therefore, considered "noncovered" under the new cost basis reporting rules. All other securities in this section are securities which are "covered" under the new cost basis reporting rules. Securities which are "covered" under the new cost basis reporting rules are defined as securities which have been acquired on or after their applicable dates at which they are subject to the cost basis reporting rules and the adjusted basis will be reported to the IRS on form 1099-B for the applicable tax year in which the security is disposed.

Credit ratings are used to evaluate the likelihood of default by a bond issuer. Independent rating agencies, such as Moody's Investors Service, analyze the financial strength of each bond's issuer. Moody's ratings range from Aaa (highest quality) to C (lowest quality). Bonds rated Baa3 and better are considered "Investment Grade". Bonds rated Ba1 and below are "Speculative Grade" (also "High Yield"). The **Weighted Average Credit Rating** reflects a portfolio-weighted average of ratings on individual rated bonds – non-rated bonds are excluded – it does not represent a rating of the portfolio as a whole. The weighted average is intended only as an aggregate illustration of the portfolio holdings rather than as an indication of their respective risks, as certain risks –including the risk of default of individual issues– may be underrepresented by this measure.

Duration is a measure of a bond's sensitivity to changes in interest rates and is calculated as the average percentage change in a bond's value under parallel shifts of the yield curve. Thus a bond with duration of 4 would be expected to lose 1% in value (price) in the event of a 25 basis point (0.25%) increase in market rates, represented by the yield curve. Conversely, that bond would be expected to appreciate 1% in value with a 25 basis point decrease in market rates.

Estimated Annual Income is an indication of income return expected from security positions over the next 12 months assuming that the position quantities, interest /dividend rates, and prices remain constant. For U.S. government, corporate, and municipal bonds it is calculated by multiplying the coupon rate by the face value of the security. For common stocks, ADRs, REITs and mutual funds it is calculated using an indicated (projected) annual dividend. They are provided for illustrative purposes only, are not a forecast or guarantee of future results, and they should not be relied on for making investment, trading, or tax decisions.

Estimated Yield compares the anticipated earnings on investments (Estimated Annual Income) to the current price of the investments. Changes in the price of a security over time or in the amount of the investment held in your account will cause the estimated yield to vary. The actual yield may be higher or lower than the estimated amounts.

Net Interest represents the receipt of interest earned less the purchase of accrued interest on securities.

Taxable versus **Tax-exempt** status is determined at the security level, and not at the account type level. Thus accounts that carry a tax exemption, such as IRAs or various charitable trusts, often have holdings that are categorized as Taxable for this report. Conversely, securities classified as Tax-exempt for this report are held in taxable account types. Securities may be deemed Tax-exempt based on a tax-advantaged treatment, typically for interest payments on municipal bonds, which may not be available equally to all investors. Additionally, alternative tax treatments may mitigate or offset tax advantages reflected in this report. This report is not a tax document and should not be used for tax preparation.

Term (Long or Short) reflects the holding period of the security. Long term indicates a holding period one year or greater, while Short indicates a holding period less than one year.

Trade Date accounting is used throughout this report, unless otherwise identified, and records the purchase or sale of an asset as of the date on which an agreement to purchase/sell was entered, or a market trade executed, rather than on the settlement date (the actual delivery of the asset in exchange for payment). Thus, trades executed but pending settlement are treated as already present in the account in reliance upon successful settlement. Trade date treatment serves as a better

Glossary *(continued)*

reflection of actual decisions to buy/sell than settlement date, which can occur days later.

Unit Cost is the reported cost per share of an equity position, or cost per bond for debt securities. It reflects the price paid, adjusted for corporate actions such as stock splits and return of capital distributions. It is used to estimate capital gains and losses; however, you should rely only on your official tax documents for tax reporting purposes. All cost basis information is derived from transactions in the account or information supplied by you or other sources and is provided for your convenience and is for informational purposes only. There is no guarantee as to the accuracy of third-party cost basis information and it is not intended for tax reporting purposes. Please inform us in the event that a cost basis is not accurate.

Unrealized Gain/Loss is the difference between the current value of a security and the adjusted cost basis of that security. If the current value is greater than the original cost, that position has an unrealized gain. Conversely, if the current value is less than the original cost, that position has an unrealized loss.

Yield to Worst assumes the "worst case" yield to investors within the terms of the issue's provisions, such as use of prepayment, call, or sinking fund options that may be available to the issuer on some bonds.

Realized Gain/Loss estimates are preliminary, are reliant upon accurate cost basis information, and may not reflect all cost basis adjustments. Corporate actions and income reclassifications will alter a holding's basis and subsequent gain/loss values. Gain/Loss estimates include results for both Taxable and Tax-exempt accounts. This is not a tax document and should not be used for tax preparation.

Statement Disclosures

Statement Review; Limitations on Actions
Please carefully review your statements and retain them for your records as they may contain notices, disclosures and other important information in addition to the summary of the transactions in your account for the reporting period, including contributions, distributions, transfers, and purchases and sales of securities. Summary data is also provided for off-setting investment option transfers or other transfers made between accounts.

Please report promptly any material inaccuracy or discrepancy in this information to your Relationship Manager. If revised data becomes available to Wilmington Trust after these reports are generated, we may update our records accordingly; however, revised data typically will not result in the generation of a new report.

Fee Arrangements
Wilmington Trust and its affiliates may earn additional compensation from uninvested cash in the form of earnings, which Wilmington Trust expects will be generated at the prevailing federal funds rate. Such earnings may be generated between the time the moneys are received by Wilmington Trust and actually forwarded to implement investment instructions, or between the time a distribution is issued and presented.

Affiliated Advisers
"Wilmington Trust" is a service mark encompassing the trust and investment business of Manufacturer's & Trader's Trust Company ("M&T Bank") in providing services to this account, and of some of M&T Bank's subsidiaries and affiliates, serving individual and institutional clients. Subsidiaries and affiliates include, but are not limited to, Wilmington Trust Company (operating in Delaware only); Wilmington Trust, N.A., a national association; and Wilmington Funds Management Corp., Wilmington Trust Investment Advisors, Inc., and other registered investment adviser affiliates. For additional information regarding the Wilmington Trust brand, underlying entities, and products and services offered, please visit our web site at www.wilmingtontrust.com.

In performing discretionary investment services for an account, M&T Bank or an affiliate may invest account assets in one or more mutual funds, including mutual funds ("Affiliated Funds") advised by investment management affiliates of M&T Bank, including Wilmington Funds Management Corporation ("WFMC") and Wilmington Trust Investment Advisors, Inc. ("WTIA") ("Affiliated Advisers").

The Affiliated Advisers, M&T Bank, and M&T Securities, Inc., another affiliate of M&T Bank (collectively "M&T") may also provide administrative and shareholder services, and services under Rule 12b-1 plans to the Affiliated Funds, and may receive compensation for those services. If M&T provides additional services to the Affiliated Funds, it would be entitled to receive additional compensation from those funds. The compensation for services provided to the Affiliated Funds is determined by the Board of Trustees that governs each Affiliated Fund, and is subject to change from time to time in the discretion of such Board of Trustees.

Currently, WFMC, in its capacity as investment adviser to the Affiliated Funds, is entitled to receive annual advisory fees between 0.45% and 0.95%. WFMC compensates WTIA directly for sub-advisory services provided to the Affiliated Funds. In its capacity as co-administrator of the Wilmington Funds, WFMC is currently entitled to receive annual co-administration fees from the Wilmington Funds as follows: 0.04% on the first $5 billion; 0.03% on the next $2 billion; 0.025% on the next $3 billion; and 0.018% on assets in excess of $10 billion. All fees are calculated based on average daily assets.

M&T Bank may be entitled to receive an annual shareholder services fee of up to 0.25% with respect to the assets of certain accounts invested in the Wilmington Funds. If M&T Bank or an affiliate has investment discretion over an account, then an account may receive a credit against the account-level fiduciary (or investment management) fee for all or some portion of the foregoing fees when account assets are invested in an Affiliated Fund. Alternatively, the value of account assets invested in an Affiliated Fund may be excluded from calculation of the account-level fiduciary (or investment management) fee.

Please consult a current prospectus, available at www.wilmingtonfunds.com, for the relevant Affiliated Fund or contact your Relationship Manager for additional information.

WTIA maintains updated disclosure information on Form ADV Part 2, the Disclosure Brochure. The Disclosure Brochure contains information about WTIA, including a description of WTIA's programs, fees, trading practices, conflicts of interest, key personnel, and other business activities. The Disclosure Brochure is available to all clients of WTIA upon request by contacting WTIA at (410)

Investment products, included affiliated offerings, are not insured by the Federal Deposit Insurance Corporation or any other governmental agency, are not deposits of or other obligations of or guaranteed by Wilmington Trust, M&T, or any other bank or entity, and are subject to risks, including a possible loss of the principal amount invested.

Pricing and Valuation
Details of transaction charges and commissions are displayed on transaction confirmations, which have been mailed or made available separately to you. Wilmington Trust will also send you this information upon request. To the extent Wilmington Trust has custody of assets but no investment authority over your account, you have the right at any time to receive, at no additional cost to you, written confirmations of securities transactions that occur in your account. These confirmations will be mailed to you in the timeframe required by applicable regulations. Even if you previously waived your right to receive these confirmations, you may at any time ask to receive such confirmations going forward. Please contact your Relationship Manager if you wish to have written trade confirmations mailed to you.

If we are managing the assets in this account, please contact your Relationship Manager if there have been any changes to your financial situation or investment objectives, or if you wish to impose any reasonable restrictions that might affect the management of this account, or reasonably change any existing restrictions.

The investment values and estimated income information reported herein reflect the securities in your account on a trade date basis as of the close of your statement period. Pricing may reflect market price quotations, closing price, mean bid / ask price, or estimated market values obtained from various third-party quotation services which we believe to be reliable and which were available when the report was prepared. If an investment did not have a readily determinable value, then reported values are based on the last valuation available to us at the time the report was generated. For assets not custodied at Wilmington Trust, prices and values are provided by the custodian, the issuer or their administrator, and Wilmington Trust is not responsible for this information, nor can Wilmington Trust guarantee its accuracy or timeliness. Valuation for Private Equity, Private Real Estate and Other asset classes reflect the most recent information available, but are typically illiquid and may have irregular reporting. Consult your Relationship Manager for details regarding valuations for your illiquid holdings.

Reported values may not equal market value or fair value and may include accruals. Asset values will fluctuate. This report should not be used to prepare tax documents or financial statements. Information for tax reporting purposes will be reflected in your annual Wilmington Trust Tax Information Letter. Please contact your Relationship Manager if you have any questions.

Basis and limitations on use for Cost, Gains, and Losses. This is not a tax document. This information is being provided for your review of transactions and balances in your account for the reporting period. For tax reporting, you should rely on your official tax documents. Transactions requiring tax consideration should be reviewed with your tax advisor. Unrealized Gain and Loss data is reliant upon accurate cost basis information and represents the current value of a security less the adjusted cost basis for that security. If the current value is greater than the adjusted cost basis, that position has an unrealized gain. Conversely, if value is less than cost, the position carries an unrealized loss.

The cost basis of record for securities transferred into your Wilmington Trust account may have been provided to us by a delivering firm, a transfer agent, or another adviser on a best efforts basis. Cost basis data provided through delivering firms is relied upon for this report but should be reviewed for accuracy by each client. Cost basis on fixed income securities are adjusted for amortization, accretion, or principal paydowns and the method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. Where no cost basis is available for a security as of the last day of the reporting period, that security will reflect zero as the cost basis.

Investments: • Are NOT FDIC-Insured • Have NO Bank Guarantee • May Lose Value

Glossary

Accrued Dividend represents dividends declared by the issuer which have not yet been paid.

Accrued Income represents income payments accumulated with a security (i.e., "priced in" to the security value) since the last payment date but not yet received. Income accrues daily and is reset every time accruals are paid.

Cost represents the reported original value of an asset adjusted for corporate actions, including stock splits, dividends, and return of capital distributions. Tax cost basis on fixed income securities are adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. This information is used to estimate capital gains and losses; however, this is not a tax document. This information is being provided for your convenience and is for informational purposes only. For tax reporting, you should rely on your official tax documents. Transactions requiring tax consideration should be reviewed with your tax advisor.

Securities acquired before 2011 are generally not subject to the new cost basis reporting rules set forth by the Internal Revenue Service Code in the Emergency Economic Stabilization Act of 2008 and are, therefore, considered "noncovered" under the new cost basis reporting rules. All other securities in this section are securities which are "covered" under the new cost basis reporting rules. Securities which are "covered" under the new cost basis reporting rules are defined as securities which have been acquired on or after their applicable dates at which they are subject to the cost basis reporting rules and the adjusted basis will be reported to the IRS on form 1099-B for the applicable tax year in which the security is disposed.

Credit ratings are used to evaluate the likelihood of default by a bond issuer. Independent rating agencies, such as Moody's Investors Service, analyze the financial strength of each bond's issuer. Moody's ratings range from Aaa (highest quality) to C (lowest quality). Bonds rated Baa3 and better are considered "Investment Grade". Bonds rated Ba1 and below are "Speculative Grade" (also "High Yield"). The **Weighted Average Credit Rating** reflects a portfolio-weighted average of ratings on individual rated bonds – non-rated bonds are excluded – it does not represent a rating of the portfolio as a whole. The weighted average is intended only as an aggregate illustration of the portfolio holdings rather than as an indication of their respective risks, as certain risks –including the risk of default of individual issues– may be underrepresented by this measure.

Duration is a measure of a bond's sensitivity to changes in interest rates and is calculated as the average percentage change in a bond's value under parallel shifts of the yield curve. Thus a bond with duration of 4 would be expected to lose 1% in value (price) in the event of a 25 basis point (0.25%) increase in market rates, represented by the yield curve. Conversely, that bond would be expected to appreciate 1% in value with a 25 basis point decrease in market rates.

Estimated Annual Income is an indication of income return expected from security positions over the next 12 months assuming that the position quantities, interest /dividend rates, and prices remain constant. For U.S. government, corporate, and municipal bonds it is calculated by multiplying the coupon rate by the face value of the security. For common stocks, ADRs, REITs and mutual funds it is calculated using an indicated (projected) annual dividend. They are provided for illustrative purposes only, are not a forecast or guarantee of future results, and they should not be relied on for making investment, trading, or tax decisions.

Estimated Yield compares the anticipated earnings on investments (Estimated Annual Income) to the current price of the investments. Changes in the price of a security over time or in the amount of the investment held in your account will cause the estimated yield to vary. The actual yield may be higher or lower than the estimated amounts.

Net Interest represents the receipt of interest earned less the purchase of accrued interest on securities.

Taxable versus **Tax-exempt** status is determined at the security level, and not at the account type level. Thus accounts that carry a tax exemption, such as IRAs or various charitable trusts, often have holdings that are categorized as Taxable for this report. Conversely, securities classified as Tax-exempt for this report are held in taxable account types. Securities may be deemed Tax-exempt based on a tax-advantaged treatment, typically for interest payments on municipal bonds, which may not be available equally to all investors. Additionally, alternative tax treatments may mitigate or offset tax advantages reflected in this report. This report is not a tax document and should not be used for tax preparation.

Term (Long or Short) reflects the holding period of the security. Long term indicates a holding period one year or greater, while Short indicates a holding period less than one year.

Trade Date accounting is used throughout this report, unless otherwise identified, and records the purchase or sale of an asset as of the date on which an agreement to purchase/sell was entered, or a market trade executed, rather than on the settlement date (the actual delivery of the asset in exchange for payment). Thus, trades executed but pending settlement are treated as already present in the account in reliance upon successful settlement. Trade date treatment serves as a better

Glossary *(continued)*

reflection of actual decisions to buy/sell than settlement date, which can occur days later.

Unit Cost is the reported cost per share of an equity position, or cost per bond for debt securities. It reflects the price paid, adjusted for corporate actions such as stock splits and return of capital distributions. It is used to estimate capital gains and losses; however, you should rely only on your official tax documents for tax reporting purposes. All cost basis information is derived from transactions in the account or information supplied by you or other sources and is provided for your convenience and is for informational purposes only. There is no guarantee as to the accuracy of third-party cost basis information and it is not intended for tax reporting purposes. Please inform us in the event that a cost basis is not accurate.

Unrealized Gain/Loss is the difference between the current value of a security and the adjusted cost basis of that security. If the current value is greater than the original cost, that position has an unrealized gain. Conversely, if the current value is less than the original cost, that position has an unrealized loss.

Yield to Worst assumes the "worst case" yield to investors within the terms of the issue's provisions, such as use of prepayment, call, or sinking fund options that may be available to the issuer on some bonds.
