RESOLUTION 2024 - 03

Whereas, the Commissioners of the Atlantic County Municipal Joint Insurance Fund find that it is necessary and appropriate to obtain certain professional and other extraordinary and unspecifiable services pursuant to N.J.S.A. 40A:11-5 et seq.; and

Whereas, it is anticipated that some of these services will exceed \$17,500 in cost to the Fund during the 2024 Fund Year; and

ADOPTING CASH MANAGEMENT AND INVESTMENT POLICY

Whereas, the Atlantic County Municipal Joint Insurance Fund has been organized pursuant to NJSA. 40A:10-36 et seq., and

Whereas, the Executive Committee of the Atlantic County Municipal Joint Insurance Fund has determined that it is advantageous for the Fund to establish an investment program which more closely matches investment maturities to cash requirement projections; and

Whereas, in order to accomplish these objectives, the services of a professional asset manager need to be procured;

(GUDPA) as authorized by resolution of the JIF. The JIF is also authorized to invest its assets in the New Jersey Cash Management Fund.

The Treasurer is authorized and directed to make investments, with a maturity of three months or longer, through asset managers which may be authorized by resolution of the Executive Committee. Such asset managers shall be discretionary trustees of the JIF.

Their actions and decisions shall be consistent with this plan and all appropriate regulatory constraints.

In executing investments, asset managers shall minimize transaction costs by querying prices from at least three (3) dealers and purchasing securities on a competitive basis. When possible, federal securities shall be purchased directly from the US Treasury.

Transactions shall not be processed through brokerages which are organizationally affiliated with the asset manager. Transactions may also be processed through the New Jersey Division of Investment by the Fund's asset managers.

V. Preservation of Capital

IX. Audit

This plan, and all matters pertaining to the implementation of it, shall be subject to the JIF's Annual Audit.

X. Cash Flow Projections

Asset management decisions shall be guided by cash flow factors prepared by the JIF's Actuary and reviewed by the Executive Director and the Treasurer.

XI. Cash Management

All monies turned over to the Treasurer shall be deposited within forty-eight (48) hours in accordance with NJSA 40A:5-15.

In the event a check is made payable to the Treasurer rather than the Fund, the following procedure is to be followed:

- a.) The Treasurer endorses the check to the Fund and deposits it into the Fund account.
- b.) The Treasurer notifies the payer and requests that in the future any check be made payable to the Fund.

The Treasurer shall minimize the possibility of idle cash accumulating in accounts by assuring that all accounts in excess of negotiated compensating balances are kept in interest bearing accounts or promptly swept into the investment portfolio.

The method of calculating banking fees and compensating balances shall be documented to the Executive Board at least annually.

Cash may be withdrawn from investment pools under the discretion of asset managers only to fund operations, claims imprest accounts or approved dividend payments.

The Treasurer shall escheat to the State of New Jersey checks that remain outstanding for twelve or more months after the date of issuance. more depositories that are insured by the Federal Deposit Insurance Corporation (FDIC) so as to safeguard JIF funds.

ADOPTING AND ESTABLISHING A CONFLICT OF INTEREST POLICY

Whereas, the Atlantic County Municipal Joint Insurance Fund has been organized pursuant to NJSA 40A:10-36 et seq., and

Whereas, the Atlantic County Municipal Joint Insurance Fund is duly constituted as a Municipal Self Insurance Fund to provide insurance coverage to its member municipalities, and

Whereas, the Commissioners of the Atlantic County Municipal Joint Insurance Fund have determined that the Atlantic County Municipal Joint Insurance Fund is distinguished from commercial insurance providers by virtue of the fact that it is formed by municipalities, it is funded by public monies appropriated by the member municipalities, it serves a public purpose and is responsible for the discharge of its function in a manner consistent with ethical policies applicable to municipal government, and

Whereas, the Commissioners of the Atlantic County Municipal Joint Insurance Fund find that it is appropriate to establish certain policies applicable to potential conflicts of interest by the officials and professional staff of the Atlantic County Municipal Joint Insurance Fund,

Now, THEREFORE, BE IT RESOLVED by the Commissioners of the Atlantic County Municipal Joint Insurance Fund, assembled in a public session on January 17, 2024, that:

Findings:

1. The Atlantic County Municipal Joint Insurance Fund is a joint enterprise of the following municipalities:

Absecon, Avalon, Brigantine, Buena, Cape May, Cape May Point, Commercial, Deerfield, Dennis, Downe, Estell Manor, Folsom, Galloway, Hamilton, Linwood, Longport, Lower, Margate, Middle, Millville, Mullica, Newfield, North Wildwood, Northfield, Ocean City, Pleasantville, Sea Isle City, Somers Point, Stone Harbor, Upper, Upper Deerfield, Ventnor, Waterford, Weymouth, West Cape May, West Wildwood, Wildwood, Wildwood Crest, Woodbine,

providing those municipalities with general liability, police professional and workers' compensation coverage.

- 2. The municipalities which are members of the Atlantic County Municipal Joint Insurance Fund are jointly responsible for the defense and payment of claims against each other in accordance with the standards and limitations applicable to the Atlantic County Municipal Joint Insurance Fund.
- 3. While in some aspects of its activity the Atlantic County Municipal Joint Insurance Fund functions in a manner similar to that of a commercial insurance provider, it is clearly distinguished by the fact that it is created by the member municipalities; it is governed by \\Amer.ajgco.com\GGB\GGB_Temp\MAR_Data\DATA\Risk\WINWORD\ACMJIF\Resolutions\2024\ACMJIF-2024 Reorg Resolutions.doc

Commissioners appointed by the member municipalities; its funding is provided exclusively by the member municipalities and thereby constitute public funds; those associated with the Atlantic County Municipal Joint Insurance Fund are compensated with those public funds; the function of the Atlantic County Municipal Joint Insurance Fund is to fulfill a public purpose by providing insurance coverage exclusively to its member municipalities; there is a need for those appointed by the Atlantic County Municipal Joint Insurance Fund to freely discuss and evaluate potential liability exposures of the member municipalities and to receive information on municipal activities and operations in the same manner as those directly appointed by the member municipalities to advise them; and the Atlantic County Municipal Joint Insurance Fund is bound by many of the same laws and regulations applicable to municipalities with regard to financial records, public contracts and public meetings.

Conflict of Interest Policy

- 1. It is hereby determined by the Commissioners of the Atlantic County Municipal Joint Insurance Fund that it is in the best interests of the Atlantic County Municipal Joint Insurance Fund and the member municipalities to establish a policy regarding potential conflicts of interest affecting those appointed or retained by the Atlantic County Municipal Joint Insurance Fund.
- 2. It is further determined that it would be inappropriate for an individual appointed or retained by the Atlantic County Municipal Joint Insurance Fund, or for any person owning or employed by the business entity with which the appointed individual is associated, to undertake the representation or appearance on behalf of a party in a matter or claim adverse to that of the member municipalities. The potential conflict of interest or appearance of a conflict of interest specifically extends to the assertion of claims against the member municipalities and to appearances before agencies of those municipalities.
- 3. The ACMJIF has determined that it is a conflict of interest for an ACMJIF defense attorney to represent any plaintiff, claimant or interest in any legal action, except as stated herein, against any member municipality, regardless of Fund affiliation, including but not limited to the Municipal Excess Liability Fund. It shall be deemed to be a violation of this Conflict of Interest Policy, by any designated defense attorney of the ACMJIF to take on such representation enjoined by this paragraph. Any ACMJIF defense attorney that knowingly violates this policy is subject to be removed from the list of approved defense attorneys.
- 4. In determining the nature and extent of the conflict of interest policy, guidance can be drawn from the Opinions of the Advisory Committee on Professional Ethics that address the restrictions on municipal attorneys and those associated with their law offices and the reasons underlying those Opinions. In adopting this Policy, however, the Commissioners of the Atlantic County Municipal Joint Insurance Fund are aware of Opinion No. 640 issued for attorneys by the Advisory Committee on Professional Ethics which compared a Municipal Joint Insurance Fund are aware of Opinion No. 640 issued for attorneys by the Advisory Committee on Professional Ethics which compared a Municipal Joint Insurance Fund to a commercial insurance company and determined that there was not a conflict between representing a Joint Insurance Fund and appearing before a municipal agency. To the extent of the policy adopted by this Resolution, the Commissioners of the Atlantic County Municipal Joint Insurance Fund do not adopt the rationale of Opinion No. 640 and hereby determine that the nature of the Atlantic County Municipal Joint Insurance Fund do not adopt the rationale of Opinion No. 640 and hereby determine that the nature of the Atlantic County Municipal Joint Insurance Fund; its \\Amer.ajgco.com\GGB\GGB_Temp\MAR_Data\DATA\Risk\WINWORD\ACMJIF\Resolutions\2024\ACMJIF-2024 Reorg Resolutions.doc

creation by the member municipalities; its funding by the member municipalities; its governance by the municipal officials appointed by the member municipalities and the need to share confidential information regarding potential liabilities affecting the member municipalities is sufficient to present a potential conflict of interest or the potential for an appearance of a conflict of interest and that it must be avoided by those associated with the Atlantic County Municipal Joint Insurance Fund.

Exceptions.

- 1. The general policy prohibiting those retained or appointed by the Atlantic County Municipal Joint Insurance Fund from appearing before agencies of the member municipalities shall not be applicable to the representation of parties in the Municipal Court for motor vehicle violations, including drunk driving, provided that the defense is not based upon and the parties are not asserting any claim against a police officer, a municipal employee or the municipality for any alleged wrongful or improper action. It is noted that even traffic violations require sensitivity to potential conflicts, since charges arising out of a motor vehicle accident, could well result in a subsequent claim against the municipality. Those situations which would present a conflict of interest between the representation of a client and the representation of municipal interests should be avoided. Claims against municipal members will need to be evaluated and defended by the Atlantic County Municipal Joint Insurance Fund and the defense should not be compromised by the representation of a party asserting a claim.
- 2. The general policy prohibiting those retained or appointed by the Atlantic County Municipal Joint Insurance Fund from appearing before agencies of the member municipalities may be waived with regard to the representation of parties with minor development applications before the Planning Board or the Zoning Board of Adjustment. Where a person retained or appointed by the Atlantic County Municipal Joint Insurance Fund seeks to appear before the Planning Board or the Zoning Board of Adjustment of a member municipality for any relatively minor application, in which there is not a substantial adversarial relationship to the municipality, a waiver of the conflict of interest policy may be requested for that application. The request for the waiver shall be reviewed by the Executive Director and the Solicitor for the Atlantic County Municipal Joint Insurance Fund and the Commissioner representing the municipality in which the application is to be considered to the Atlantic County Municipal Joint Insurance Fund to determine whether a waiver shall be allowed in the particular matter after considering the nature of the application and whether any use or significant bulk variances are requested.
- 3. Nothing in the policy adopted herein shall bar an individual from representing or appearing for himself or herself or a member of his or her immediate family residing with him or her before any municipal agency.

Be It Further Resolved, that copies of this Resolution shall be provided to each of the officials, professionals, and defense attorneys appointed by the Atlantic County Municipal Joint Insurance Fund for their information and attention.

Section II - Conditions

1.) <u>The amount of unpaid claims to be established.</u>

- a.) The general reserving philosophy is to set reserves based upon the probable total cost of the claim at the time of conclusion. Historically, on claims aged eighteen (18) months, the Fund expects the claims servicing company to set reserves at 85% accuracy. The Fund also establishes reserves recommended by the Fund's actuary for claims that have been incurred but not yet reported so that the Fund has adequate reserves to pay all claims and allocated loss adjusted expense liability.
- b.) Claims reserves are subject to regular review by the Fund's Executive Director/Administrator, Attorney, Executive Committee and claims servicing company. Reserves on large or unusual claims are also subject to review by the claims departments of the commercial insurance companies or reinsurance companies providing primary or excess coverages to the Fund.

2.) <u>The method of assessing contributions to be paid by each member of the Fund.</u>

- a.) By November 15th of each year, the actuary computes the probable net cost for the upcoming Fund year by line of coverage and for each prior Fund year. The actuary includes all budget items in these computations. The annual assessment of each participating municipality is its pro rata share of the probable net cost of the upcoming Fund year for each line of coverage as computed by the actuary.
- b.) The calculation of pro rata shares is based on each municipality's experience modified manual premium for that line of coverage. The Fund's governing body also adopts a capping formula which limits the increase of any member's assessment from the preceding year to the Fund wide average increase plus a percentage selected by the governing body. The total amount of each member's annual assessment is certified by majority vote of the Fund's governing body at least one (1) month prior to the beginning of the next fiscal year.
- c.) The treasurer deposits each member's assessment into the appropriate accounts, including the administrative account, and the claim or loss retention trust fund account by Fund year for each type of coverage in which the member participates.
- d.) If a local unit becomes a member of the Fund or elects to participate in a line of coverage after the start of the Fund year, such participant's assessments and

supplement assessments are reduced in proportion to that part of the year which had elapsed.

- e.) The Fund's governing body may by majority vote levy upon the participating municipalities additional assessments wherever needed or so ordered by the Commissioner of Insurance to supplement the Fund's claim, loss retention or administrative accounts to assure the payment of the Fund's obligations. All supplemental assessments are charged to the participating municipalities by applicable Fund year, and shall be apportioned by the year's assessments for that line of coverage.
- f.) Should any member fail or refuse to pay its assessments or supplemental assessments, or should the Fund fail to assess funds required to meet its obligations, the chairman or in the event by his or her failure to do so, the custodian of the Fund's assets, shall notify the Commissioner of Insurance and the Director of Community Affairs. Past due assessments shall bear interest at the rate established annually by the Fund's governing body.
- g.) The Fund has adopted a loss sensitive retrospective rating plan and has filed the endorsement with the Department of Banking and Insurance and the Department of Community Affairs.

3.) **Procedures governing loss adjustment and legal expenses.**

- a.) The Fund engages a claims service company to handle all claims, except for the JIF's POL/EPL and Volunteer D&O insurance which is handled by Summit Risk Services representing QBE North America for EPL/POL and Volunteer D&O. The performance of the claims adjusters is monitored and periodically audited by the Executive Director's office, the Fund attorney, the MEL's attorney's office, as well as the claims department of the MEL's three major liability insurers/re-insurers [i.e. General Re and Munich Re for excess liability, and Safety National for workers' compensation]. Every three years, the MEL's internal auditors also conduct an audit.
 - b.) Each member local unit is provided with a claims reporting procedure and appropriate forms.
- c.) In order to control workers' compensation medical costs, the Fund has <u>the</u> <u>Fund has established an approved medical list and all injured employees are</u> <u>required to utilize this panel.</u>
- d) To provide for quality defense and control costs, the Fund has established an approved defense attorney panel with firms which specialize in Title 59 matters. The performance of the defense attorneys is overseen by the Fund attorney, as well as the various firms which audit the claims adjusters.

- e) The pursuit of subrogation is important to the member and the JIF because successful recoveries replenish the loss funds thereby benefitting a members' loss history and the ultimate JIF results.
- f) As a result, when the Claims Administrator receives notification from an attorney who is representing a workers compensation claimant in a third party action against a potentially liable party for the claimant's injury, the Claims Administrator will immediately forward a copy of the claimant's file to the Fund Solicitor for his review and action.
- g) In addition, when the Claims Administrator has identified potential subrogation in a workers compensation claim and provided the claimant with the "1 year" letter and receives no response from the claimant after 10 days, the Claims Administrator will immediately forward a copy of the claimant's file to the Fund Solicitor for his review and action.
- h) In situations where it is determined that opportunities for subrogation originally identified by the Claims Administrator are unable to be pursued, the following guidelines will be followed to abandon subrogation attempts:
 - 1. All requests for abandonment of subrogation, reduction of subrogation claims, and for execution of releases shall be reviewed by the Atlantic County Municipal Joint Insurance Fund Claims Review Committee at its next regularly scheduled meeting, except for subrogation claims that are valued at less than **ONE THOUSAND** (\$1,000.00) **DOLLARS**; and
 - 2. As to all subrogation claims less than **FIVE HUNDRED** (\$500.00) **DOLLARS**, after the Claims Administrator has exhausted all avenues for collection of the subrogation claim, the claim shall be referred to Claims Supervisor who shall review the claim and provide a list of those claims and dollar amounts being waived to the Fund Administrator of the Atlantic County Municipal Joint Insurance Fund; and
 - 3. As to all subrogation claims greater than **FIVE HUNDRED** (\$500.00) **DOLLARS** but less than **ONE THOUSAND** (\$1,000.00) **DOLLARS**, after the Claims Administrator has exhausted all avenues for collection of the subrogation claim, the claim shall be referred to the Fund Solicitor who shall review the claim and provide a list of those claims and dollar amounts being waived to the Fund Administrator of the Atlantic County Municipal Joint Insurance Fund; and
 - 4. For all subrogation claims of **ONE THOUSAND** (\$1,000.00) **DOLLARS** or more, the Claims Review Committee shall review such claims and provide a recommendation to the Executive Committee of the Atlantic Count Municipal Joint Insurance Fund at their next regularly scheduled meeting; and
 - 5. The Executive Committee shall review the recommendations of the Claims Review Committee, the Claims Administrator, and the Fund Solicitor and determine whether to ratify the recommendations and said

action will be noted in the meeting minutes via the claim number of the appropriate claim; and

6. If the recommendation is for the execution of a Release and the Executive Committee ratifies that recommendation, the Atlantic County Municipal Joint Insurance Fund's Chairperson and Secretary shall be authorized to execute the Release by Resolution.

4.) **Coverage to be purchased from a commercial insurer, if any.**

The Fund does purchases commercial insurance for the POL/EPL and Volunteer D&O coverage which is purchased from Lexington Insurance Company.

5.) **Reinsurance to be purchased.**

The Fund does not purchase reinsurance.

6.) <u>Procedures for the closure of Fund years, including the maintenance of all</u> relevant accounting records.

- a.) The Fund utilizes the Municipal Excess Liability Residual Claims Fund (RCF) to facilitate the closure of Fund years.
- b.) Upon the transfer of outstanding liabilities of a Fund year to the RCF, the Fund adopts a resolution closing that year and transfers all remaining assets to the closed Fund year account. This amount is allocated by member local units using the same procedure as is used to calculate a dividend. Each month, interest is credited to the closed Fund year account by member.
- c.) Each year, the Fund's governing body will determine if a dividend is appropriate from the closed Fund year account, and will make application to the Department of Insurance as appropriate. Further, in the event an open Fund year incurs a deficit, the Fund's governing body will consider an interyear transfer from the closed Fund year account to offset the deficit. In either case, the dividend or inter-Fund year transfer will be calculated on a member by member basis.
- d.) A former member may apply to the Fund's governing body for a return of that member's remaining share of the closed Fund year account when five (5) years have passed since the last Fund year in which the member participated has been closed. Prior to release of any former member's balance in the closed years account, the Fund Administrator shall complete an analysis of the request to determine that the following criteria has been met.
 - 1. All claims for the Fund Year from which surplus is being released are closed; and;

- 2. All outstanding payments due and owing from the prior member of the Fund have been paid in full, including any payments due pursuant to a Retrospective Agreement, as certified by the Fund Treasurer.
- 3. An analysis has been completed to determine the likelihood of an additional assessment from the Municipal Excess Liability Joint Insurance Fund (MEL JIF) and/or the Residual Claims Fund Joint Insurance Fund (RCF JIF) due to statutory, regulatory, and/or other external factors that could trigger an additional assessment for a Fund Year where the prior member was a member of the Fund.
- e.) Upon completion of the analysis of the request by the Fund Administrator, it shall be reviewed by the Fund's Finance Committee who shall make a recommendation to the Executive Committee as to the request to release the former member's balance in the closed years account.
- f.) All dividends from the RCF will be deposited in the closed Fund year account on a member by member basis.
- g.) The Fund will retain all records in accordance with the Fund's record retention program.

7.) Assumptions and Methodology used for the calculation of appropriate reserves requirements to be established and administered in accordance with sound actuarial principles.

- a.) The general approach in estimating the loss reserves of the Fund is to project ultimate losses for each Fund year using paid and incurred loss data. Two traditional actuarial methodologies are used: the paid loss development method and the incurred loss development method. From the two different indications resulting from these methods the Fund Actuary chooses a "select" estimate of ultimate losses. Subtraction of the paid losses from the select ultimate losses yields the loss reserve liability or funding requirement.
- b.) The following is an overview of the two actuarial methods used to project the ultimate losses.
 - 1. <u>Paid Loss Development Method</u> This method uses historical accident year paid loss patterns to project ultimate losses for each accident year. Because this method does not use case reserve data, estimates from it are not affected by changes in case reserving practices. However, the results of this method are sensitive to changes in the rate of which claims are settled and losses are paid, and may underestimate ultimate losses if provisions are not included for very large open claims.

2. <u>Case Incurred Loss Development Method</u> - This method is similar to the paid loss development method except it uses historical case incurred loss patterns (paid plus case outstanding reserves) to estimate ultimate losses. Because the data used includes case reserve estimates, the results from this method may be affected by changes in case reserve adequacy.

8.) <u>The maximum amount a certifying and approving officer may approve pursuant</u> to N.J.A.C. 11:15-2.22.

- a.) Property Claims \$10,000 of Authority
- b.) Workers Compensation Claims \$10,000 of Authority
- c.) Liability Claims \$10,000 of Settlement Authority; \$10,000 of legal and file expense Authority
- d.) The Executive Committee has established a Claims Review Committee comprised of Fund Commissioners to review all Payment Authorization Requests, (PARs) with a total cost of \$10,000 or more, and review litigation strategies with the Fund's Attorney. The Claims Review Committee shall advise the Executive Committee regarding claims administration and payments.
- e.) In urgent situations where the Claims Review Committee has not had an opportunity to meet, and where time is of the essence such that an expeditious response to a settlement offer would be in the Fund's best economic interest, the Fund Attorney, in consultation with the Executive Director and the Claims Review Committee Chair, shall have the authority to authorize the settlement of claims within the JIF's SIR. All such authorizations shall be reported to the Claims Review Committee as soon as possible and no later than the Committee's next meeting. All such authorizations shall be reported to the Executive Committee for approval at their next meeting.
- f.) In urgent situations where the Claims Review Committee has not had an opportunity to meet, and temporary total disability benefits are due to a claimant and delaying payment of these benefits would have a detrimental impact on the claimant, the Executive Director, in consultation with the Fund Attorney, and the Claims Review Committee Chair, shall have the authority to authorize the payment of temporary total disability benefits to the claimant at an amount not to exceed \$5,000 over what had been previously authorized. All such authorizations shall be reported to the Claims Review Committee as soon as possible and no later than the Committee's next meeting. All such authorizations shall be reported to the Executive Committee for approval at their next meeting.

g.) Upon submission of satisfactory documentation, and with the advance approval of the Executive Director, the Certifying and Approving Officer may also pay hospital bills if waiting until after the next regularly scheduled FUND meeting would result in the loss of a discount on such bills. When the Certifying and Approving Officer utilizes this authority, a report shall be made to the Claims Review Committee at their next meeting. All such approvals shall be reported to the Executive Committee at their next meeting.

9.) **Operational Philosophy**

- a.) <u>General</u> As is the case with any organization, an established operating philosophy, formalized in a document such as this, is a necessary precursor to success. This section of the Risk Management Plan is developed to provide general instruction for key areas and providers of service to the Fund. Also included here are sections which restate (and amplify) the roles and responsibilities of important parties and stress the importance of activities upon which the long term success of the Fund will hinge in whole or in part.
- b.) <u>Fund Commissioners</u> Fund Commissioners, each an elected official or municipal employee, are the backbone of the Fund. These individuals will in large measure control the success of the Fund by actively participating in the safety and loss control programs developed by the Fund for all members, and by implementing these programs in their respective municipalities. Fund Commissioners are encouraged to attend all meetings of the Fund, to serve on committees studying current issues, to enhance their knowledge of risk management, and to encourage consistent safe practices.
- c.) <u>Fund Professionals and Risk Management Consultants</u> Providers of professional services (Fund Professionals and Risk Management Consultants) to the Fund and individual member municipalities are strongly encouraged to participate in and promote Fund activities. The success of the Fund will, in part, be a reflection of the professionalism of those providers whose services are integral components of the Fund. Support of the concept of self-insurance, the Fund in general, and the risk management activities of member municipalities in particular are necessary elements of success.
- d.) The Fund Bylaws require each member municipality to provide for the services of an individual or firm to serve as the member's Risk Management Consultant and who shall serve as an Insurance Producer as defined under N.J.S.A. 17:22, and shall have demonstrated experience in the management of public sector insurances and risk management. The Risk Management Consultant shall not be an employee of the member. The Risk Management Consultant shall not be a Fund Commissioner.

e.) The Risk Management Consultant shall advise the member on matters relating to the Fund's operation and coverages. The Risk Management Consultant shall, in addition to such items as may be included in such individual's or firm's contract or agreement with the member, be governed by the following:

1. The Risk Management Consultant shall be retained by each member in conformance with applicable State Law or regulation;

2. Risk Management Consultants, who can not be local unit employees, shall be paid a fee not exceeding six (6%) percent of the member's assessment in accordance with the terms of the Risk Management Consultant's Agreement executed by the member; and

3. Specific responsibilities shall include, but not be limited to:

- i. Evaluation of the member's exposure;
- ii. Explanation of the various coverages available from the Fund;
- Preparation of applications, statements of values, timely reporting of changes in exposures, and any other exposure based questionnaires and/or applications requested by the Fund;
- iv. Review of the local unit's assessment and assistance in preparing the member's insurance budget;
- v. Review and analysis of the member's safety engineering reports and periodic loss runs in order to help the member identify areas requiring greater attention;
- vi. Assist the member in establishing, monitoring and evaluating a safety committee and claims handling procedure;
- vii. Attend the majority of meetings of the Fund's Executive Committee; and
- viii. Analyze and recommend insurance coverages not offered through the Fund.
- f.) <u>Claims Response And Reserving</u> Were the philosophy of the Fund in these areas to be encapsulated into two sentences, they would read as follows:
 - 1. "The Fund will thoroughly review and respond to each claim presented so as to pay only that amount (if any) which it is legally bound and obligated to pay."; and
 - 2. "Reserves shall be established on each claim presented in a manner which accurately reflects the full, known liability of the Fund at any given point in time".

In reviewing each claim presented, the Fund (operating through its claims administrator and legal counsel) shall review such claims for coverage, deny those not falling within the purview of coverages offered, aggressively defend those in dispute, pursue to the fullest extent of the law those presented in bad faith, and settle as expeditiously as possible those for which the Fund is legally liable.

- g.) Case reserves, including all types of applicable allocated loss adjusting expenses, will be established with an eye toward identifying the full exposure of the Fund and its excess insurance carriers at the earliest possible date. Reserves shall be periodically reviewed for accuracy and adjusted as needed. For claims aged eighteen (18) months or more, it is expected that reserves will be not less than 85% accurate. For claims aged thirty (30) months or more 95% accuracy is expected.
- h.) <u>Financial Management</u> Consistent with the objective of serving as a long term vehicle through which to stabilize the costs associated with insurance coverages, the underlying premise of the Fund's financial base shall be one of conservative up-front funding, prudent investment of idle funds, and maintenance of stringent paper and audit trails. As is the case with all other aspects of the Fund, the financial assets of the Fund can well be considered as moneys held in public trust. Treatment and handling of these Funds must be accomplished in a manner which reflects the stewardship obligation of those whose hands through which they pass. All actuarial, investment, treasury and banking functions of the Fund are to be accomplished in a manner consistent with the same legal and administrative standards applicable to municipalities in the State of New Jersey.

Specific steps taken by the Fund during past years to enhance return on equity include:

- 1. implementing more favorable payment terms with various service providers so as to increase investment income;
- 2. Development and adoption of a Cash Management and Investment Policy which seeks the following objectives:
 - i. Preservation of capital,
 - ii. Adequate safekeeping of assets,
 - iii. Maintenance of liquidity to meet operating needs, claims settlements, and dividends,
 - iv. Diversification of the JIF's portfolio to minimize risks associated with individual investments,
 - v. Maximization of total return, consistent with acceptable risk levels,
 - vi. Investment of assets in accordance with State and Federal laws and regulations,
 - vii. Accurate and timely reporting of interest earnings, gains and losses by line of coverage in each fund year,

- viii. Cooperation with other local JIFs and the MEL in the planning and execution of investments in order to achieve economies of scale,
- ix. Stability in the value of the JIF's economic surplus.
- i.) <u>Safety And Loss Prevention</u> Every dollar spent to compensate for an avoidable loss, whether it be for property, workers' compensation or any other coverage afforded through the JIF, is a dollar which might better have been used to provide municipal services and conserve tax dollars. In an effort to avoid preventable loss and the financial and human hardships which result therefrom, the JIF (operating through the Fund's Safety Committee) will implement safety and loss control programs and procedures, directed at reducing or eliminating conditions or practices which lead to loss. These programs, implemented in progressive steps, will include items such as:
 - a.) Member facility self-inspections supplemented by those conducted by the Fund's Safety Director;
 - b.) Seminars or other training programs directed at specific areas of municipal operations from which losses are likely to occur;
 - c.) Promotional safety incentive programs stressing safety in all areas of municipal operations and offering incentives for active participation by all Fund members.

10.) Aggregate Excess Loss Contingency Fund

In November of 1996, the Department of Banking and Insurance adopted administrative codes for municipal joint insurance funds like the ACMJIF, reference N.J.A.C. 11:15-2.1 et. seq. One aspect of these new regulations is the requirement that joint insurance funds either buy aggregate excess insurance or budget additional money to be collected from the members in an aggregate excess loss contingency fund. The spirit of this portion of the administrative code is to provide even greater fiscal security to joint insurance funds than the security provided through the funding of loss retention accounts based upon an independent actuarial loss funding model.

The members view this requirement as supporting their primary objective to stabilize costs. The history of the Fund is to purchase aggregate excess insurance whenever possible to protect against a series of losses. However, the Fund has also observed that this is not always possible and has instead budgeted an additional amount of money as loss fund contingency in those years when aggregate excess insurance was either not available or too costly to consider. For the members, the Aggregate Excess Loss Contingency Fund is simply a new name for an established practice and the ACMJIF will continue its practice of budgeting extra money in the absence of commercially available aggregate excess

insurance but will now refer to these monies as the <u>Aggregate Excess Loss</u> <u>Contingency Fund.</u>

The administrative code defines the Aggregate Excess Loss Contingency Fund as a separate fund which is always accounted for in the current fund fiscal year. The monies are set aside for a period of at least two years to pay for claim activity that exhausts loss funds in a claim retention account in the original fund year in which the monies were set aside. The code also defines the minimum statutory funding for this aggregate loss fund account and specifically states that nothing in the law shall prevent a joint insurance fund from funding this account at a higher level. Both the statute and administrative code governing the ACMJIF also require that any surplus and/or deficit in every retention account for each year is owned by the members who were a part of that year according to the percentage that their individual total contribution bears to the budget in that year. Contributions made to the Aggregate Excess Loss Contingency Fund are no different in this regard.

However, the Aggregate Excess Loss Contingency Fund is different than other loss retention accounts in two fundamental ways; the manner in which the ACMJIF must account for the funds and its use across all years by individual members. Because the Aggregate Excess Loss Contingency Fund moves from the current fiscal year forward to the succeeding fiscal year in its entirety and the statutory minimum funding associated with a specific fund fiscal year must be retained for a minimum of two years, this fund must always be accounted for on an individual member basis showing both a member's statutory encumbered portion and their statutory unencumbered portion.

As discussed above, the Aggregate Excess Loss Contingency Funds are intended to provide an immediate response to the need to replenish money in a loss fund account where the original loss funding has been consumed. It is also true that over time if the value of the projected ultimate cost of claims within a loss retention account as defined by the claims administrator added to the Incurred But Not Reported (IBNR) values developed by the actuary do not exceed the original loss funding within a loss retention account after two years, the administrative code permits but does not mandate a full return of those aggregate excess loss contingency funds to their member owners. Thus, the aggregate excess loss contingency funds that are surplus and not yet returned can be used by members to pay for additional money needs in any fund year when and if needed. This provides members with the opportunity to accrue surplus aggregate excess loss contingency funds and use them across all fund years in much the same way they have used the Loss Fund Contingency money in earlier budgets as a safeguard across multi-line retention accounts in a given fund fiscal year.

In this regard, the Aggregate Excess Loss Contingency Fund is in part a protection against adverse development for both specific retention accounts as well as providing protection on a multi-year and multi-line loss basis.

The administrative code specifically permits a member to use released surplus funds in loss retention accounts to either take them in the form of a return of surplus or to be applied toward the payment of a future premium. As the unencumbered portion of the Aggregate Excess Loss Contingency Fund is an individual member owned surplus account, members with accrued surplus in this account can likewise use these funds in the same way.

Finally, the ACMJIF views the Aggregate Excess Loss Contingency Fund as a better version of the old Loss Fund Contingency. We believe it provides a stronger vehicle through which members can build a financial bank against adverse development on a multi-year and multi-line basis. It is the hope of the ACMJIF that members will use this fund to provide themselves with a financial vehicle through which they can manage an additional assessment with no cost to their municipality or pay future insurance premiums to stabilize costs, or both.

ATLANTIC COUNTY MUNICIPAL JOINT INSURANCE FUND Administrative Polices & Procedures

Date Adopted: <u>8/19/2009</u>

POLICY: Conference Attendance

PURPOSE: To Establish a Protocol for Attendance at Various Training Conferences

It is the practice of the Atlantic County Municipal Joint Insurance Fund to encourage the further education of its members in Risk Management issues by providing a limited number of Fund Commissioners an opportunity to attend various conferences during a Fund Year. These conferences include those offered by Public Risk Management Association (PRIMA) and the Association of Government Risk Insurance Pools (AGRIP). Each fall, the Finance Committee, in consultation with the Executive Committee, shall prepare the annual Conference budget and set forth the total number of available openings for conference attendance the following year.

Because the Fund affords a limited number of Fund Commissioners an opportunity to attend these conferences, and it is possible that more Commissioners may wish to attend a conference then positions are available, it is important that the Fund have a procedure establishing clear guidelines and preferences for Commissioner Attendance.

ANNUAL PRIMA CONFERENCE

The following procedure shall be followed in determining the Fund Commissioners who attend the **Annual PRIMA Conference**:

- 1. In January of each year, the Executive Director's office shall notify the members of the Executive Committee, Alternates, and Standing Committee Chairs in writing of the opportunity to attend the Annual PRIMA Conference. Responses to the invitations from the above referenced individuals must be received in writing by the Executive Director's Office no later than February 1st.
- 2. Priority to attend the Conference shall be given to the Fund Chair, Secretary, Executive Committee members, Alternate Executive Committee members and then Committee Chairs in that order, who respond in writing by the February 1st deadline. Priority among members of the Executive/Alternate Executive Committee shall be determined based upon their order of seniority as determined by their position on the Executive Committee. Priority among the Committee

Chairs who are not Executive/Alternate Executive Committee members shall be determined based on the date of their response.

- 3. In the event that positions to attend the Annual PRIMA Conference remain unfilled after invitations have been extended to the Executive Committee, Alternates, and Standing Committee Chairs, the Executive Director's Office, at the February Executive Committee Meeting, shall provide written notification to the general membership of the availability of positions to attend the conference.
- 4. All responses must be received in writing by the Executive Director's Office no later than March 1st. General membership attendees will be determined based upon the date of their response to the February announcement on a first come first served basis.
- 5. No additional announcements of the availability of positions to attend the PRIMA Conference shall be made after the February Executive Committee meeting.
- 6. In the event that funded positions for attendance at the PRIMA Conference are unused, additional members may attend one or more of the remaining AGRIP Conferences as long as the total number of attendees for all conferences does not exceed that which is budgeted for the Fund Year.

AGRIP CONFERENCE

The following procedure shall be followed in determining the Fund Commissioners eligible to attend any of the **AGRIP Conferences**.

- 1. In January of each year, the Executive Director's office shall notify in writing the members and alternate members of the Executive Committee, as well as the Chairs of the Standing Sub Committees, of the AGRIP Conferences scheduled for the Fund Year requesting that each Commissioner notify the Executive Director's office in writing of any of the conferences they would like to attend. If more than one conference is requested, preference must be indicated by the individual.
- 2. The Executive Director's office shall keep track of the date of, number of, and specific AGRIP conference that the Commissioners wish to attend along with the date they responded.
- 3. In the event that more Fund Commissioners ask to attend a conference than positions available, priority shall be given in the following order:
 - Fund Chair
 - Fund Secretary
 - Executive Committee members in their order of succession
 - Alternate Executive Committee members in their order of succession

- 4. Priority among the Committee Chairs who are not Executive/Alternate Executive Committee members shall be determined based on the date of their response. However, further priority shall be given to the above individuals who are not scheduled to attend a conference during the current Fund Year.
- 4. Due to the AGRIP Conferences being held periodically during the year, the Executive Director's office shall send reminders of upcoming conferences to the members and alternate members of the Executive Committee, as well as the Chairs of the Standing Sub Committees, of upcoming conferences and any available positions to attend these conferences.
- 5. In the event that funded positions for attendance at the Spring AGRIP Conference are unused, additional members may attend one or more of the remaining AGRIP Conferences as long as the total number of attendees does not exceed that which is budgeted for the Fund Year.

REIMBURSEMENT GUIDELINES

- 1. Each attendee at a PRIMA or AGRIP conference shall be eligible to be reimbursed by the Fund as defined in the Fund's *Travel & Reimbursement Policy* adopted by the Fund at its Annual Reorganization meeting.
- 2. Prior to receiving a final reimbursement from the Fund, attendees at each conference shall provide the membership, at the next Executive Committee meeting following their return, with a synopsis of the seminars they attended. Any written materials that the attendee brings from the conference will be made available to the Executive Director's office for copying and distribution to any Fund Commissioner upon their request.

LESSONS LEARNED FROM LOSSES

TRANSITIONAL DUTY

Monthly Newsletter – January 2024

The cost of Workers' Compensation claims continues to rise steadily. **The maximum rate in 2024 is \$1,131.00, up from \$1,099.00 in 2023.** A 2.9% increase. One way to combat these rising costs is through the use of a Transitional Duty program.

- The longer an employee is out of work due to a work related injury, the more difficult it can be to get that employee back to work.
- A Workers' Compensation Judge will often use the length of time the employee is out of work to measure the significance of an injury.
- A transitional duty assignment is temporary and not designed to create a new position for the employee. This assignment may last as long as 3 to 6 months.
- Transitional Duty boosts morale, saves money and the employee experiences faster recoveries, both physically and psychologically.
- Please see the <u>Sample Transitional Duty Job Bank</u> in the Transitional Duty Policy on the JIF website under the Claims tab for great information.

Paid Provider By Specialty

Managed Care Quick Notes

QualCare Provider Network

QualCare maintains the strongest workers' compensation network in the state. A proprietary system of healthcare providers covering all 21 counties in New Jersey, the QualCare Provider Network includes over 100 hospitals, 200 ambulatory surgical centers, 160 occupational medicine and urgent care providers, 345 rehab facilities, and more than 86,000 physicians and ancillary providers that are contracted to provide services in the most utilized workers' compensation specialties at discounted rates.

QualCare's ability to direct patient care, through its partnership with Qual-Lynx's case management and third-party claims administration programs, has enabled recruitment and retention of providers specializing in workers' compensation treatment. This has created a very stable network of providers which is reflected in a 99% annual retention rate.

What are the current trends?

The healthcare landscape continues to evolve and independent providers join larger hospitalbased healthcare systems or merge with other practices. Examples of this include:

- Concentra acquired Worknet
- Multiple Orthopedic Groups merged under Ortho New Jersey
- Virtua has acquired several provider practices
- Physical Therapy providers that have merged include Twin Boro/Rehab Excellence Center, Strive Physical Therapy/SOAR Physical Therapy, and NovaCare/AtlantiCare joined under the name Osprey Rehabilitation

Our close partnerships have been instrumental in ensuring smooth transitions. We have been able to work with network providers to expand services to new areas as we learn of practices closing. Recently we have worked with a provider to expand their Occupational Medicine services due to a provider's retirement at the end of 2023.

Our provider contracting department works diligently to update provider contracts and to credential new providers. Client Services works closely with provider contracting to identify any potential new providers that would be beneficial in the treatment of our workers' compensation claimants.

Qual-Lynx client services, adjusters and nurse case managers monitor the EPO provider panel for any changes necessary due to mergers, acquisitions, and providers leaving or changing practices. We continually evaluate the EPO provider panel for quality of care and communication.

RE: Disclosure Statement - Fund Administration & Insurance Placement

Risk Program Administrators has served as Administrator for the Atlantic County Municipal Joint Insurance Fund, hereinafter referred to as "Fund", since January 1, 1987. In 2019, this office was incorporated into a new division of Gallagher called Risk Program Administrators. Risk Program Administrators presently confines its practice to providing professional pool administration, limited insurance placement services, and consulting service to large individual and pooled public entity self-insureds.

Beginning January 1, 2011, Risk Program Administrators began placing Employment Practices Liability and Public Officials Liability coverage for the Fund. Beginning on January 1, 2012, Risk Program Administrators began placing Volunteer Directors and Officers Insurance for the Fund. Risk Program Administrators is compensated for the work related to the placement of the aforementioned coverages as part of the Administrator's fee paid by the Fund pursuant to the professional service contract between the Fund Risk Program Administrators.

From 2013 through 2022, Risk Program Administrators placed the Cyber Liability Insurance for the Fund; however, due to the creation of the New Jersey Cyber Risk Management Fund, which the Atlantic County Municipal Joint Insurance Fund joined effective January 1, 2023, Risk Program Administrators is no longer placing Cyber Liability Coverage on behalf of the JIF effective January 1, 2023.

Please be advised that Risk Program Administrators also serves as the Deputy Executive Director of the New Jersey Municipal Excess Liability Residual Claims Fund, as the Producer for the placement of Excess Insurance for the Municipal Excess Liability Joint Insurance Fund, and as the Deputy Executive Director of the New Jersey Cyber Risk Management Fund.

The purpose of this disclosure memo is to publicly advise the Officers, Executive Committee, and Commissioners that the only revenue derived directly from the Atlantic County Municipal Joint Insurance Fund is the fee that we are paid under contract to provide administrative services and the insurance placements listed above on behalf of the Fund.

The Fund Secretary has been asked to incorporate this memo into the minutes of the January Reorganization meeting and make it a permanent record of the Fund.

Appellate Division Holds Employee Who Worked and Attended School Is Eligible for Temporary Disability Benefits After Unemployment Benefits Terminated

There are not many cases involving eligibility for temporary disability benefits while attending school. The case of *Soto v. Hoosier Care, Inc.*, No. A-0507-22 (App. Div. December 11, 2023) discusses this issue directly.

The facts in the opinion are threadbare, and the reader will have many more questions than answers after reading this decision. The employee, Ms. Soto, was injured while working as a CNA for Hoosier when a picture frame fell from a wall onto her on April 21, 2018. She injured various parts of her body, including her neck and shoulder. The case settled for 25% permanent partial disability apportioned 15% cervical and 10% for the right shoulder.

Petitioner returned to work and began working for Complete Care as a CNA. She then worked for Interim Agency as a home health aide in the fall of 2019. In 2020, she started taking classes at Ocean County College 15-25 hours per week. In July 2021, Interim Agency closed. Petitioner got a job briefly with Lars Home Care and thereafter she applied for unemployment benefits. She received unemployment benefits from September 2021 until April 14, 2022. She continued as a full-time student at Ocean County College while she looked for a job.

In March 2022, petitioner filed a reopener petition in the New Jersey Division of Workers' Compensation seeking further benefits from her 2018 accident. Petitioner saw Dr. Kris Radcliff on April 7, 2022. He reviewed her prior MRIs and ordered x-rays. He diagnosed a disc collapse and observed that the 2018 work injury materially contributed to this diagnosis. Dr. Radcliff felt that an anterior cervical fusion in the neck would be necessary. Petitioner testified that Dr. Radcliff took her out of work on April 7, 2022. However, this was not stated specifically in the text of the doctor's report and the doctor never testified. The report itself said petitioner's status was "out of work." Respondent objected to petitioner's testimony that the doctor told her not to work as hearsay, but the objection was overruled because Dr. Radcliff's report had gone into evidence uncontested at trial.

Petitioner filed a motion for medical and temporary disability benefits on May 13, 2022. Respondent agreed to pay medical benefits but denied the claim for temporary disability benefits. The Judge of Compensation ordered temporary disability benefits commencing April 15, 2022, which was the day after unemployment benefits ended. The Judge of Compensation noted in an amplification of his prior decision that petitioner "became unemployed because her employer closed; sought employment while collecting unemployment benefits; attended college; and could not work because of injuries causally related to her 2018 work accident, as Dr. Radcliff found."

On appeal, respondent argued that petitioner removed herself from the workforce by attending college and argued that petitioner failed to prove that she would have been working but for her work-related disability. The Appellate Division affirmed the decision of the Judge of

Compensation. "We conclude Hoosier's argument is without merit. It is undisputed that Soto maintained employment from 2019 until the summer of 2021. As the compensation judge found, Soto 'worked two jobs after the accident with Hoosier.' The judge specifically determined Soto became unemployed because her employer, Interim Agency, went out of business in July 2021. Thereafter, she collected unemployment benefits from September 2021 to April 2022, and certified weekly to searching for employment."

The court also rejected respondent's argument that petitioner's college pursuits amounted to voluntary unemployment, stating, "... college attendance alone is not dispositive of her employment status. Soto testified that she started school in the fall of 2020, continued to work while in school, and continued to seek employment while in school." The Court rejected the application of *Tamecki v. Johns-Manville Products Corporation*, 125 N.J. Super. 355 (App. Div. 1973) to the facts of this case. The court observed that <u>Tamecki</u> involved a college student who was injured during a temporary summer job and received temporary disability benefits only until he returned to school full time, at which point temporary disability benefits were properly terminated. "*Here, the judge found Soto credibly testified that her college studies did not change her involuntary unemployment status and that she suffered loss of wages as a direct result of her compensable injury.*"

The medical aspect of this case is murky because the surgeon never testified. All the court had was a medical report. Respondent focused on the deficiencies of the report of Dr. Radcliff. That report barely mentioned anything about inability to work other than stating that petitioner was "out of work." Those are two different issues. Petitioner came to her own rescue in this case by testifying **that Dr. Radcliff specifically told her that she could not work when he saw her on April 7, 2022.** That was the single most important fact in this case because it pertained directly to the claim for temporary disability benefits. A doctor has to take an employee out of work for an employee to obtain temporary disability benefits. Without petitioner's own statement that the doctor told her not to work, petitioner would likely have lost her claim. Hoosier's employer objected that this statement from petitioner constituted hearsay. The Judge and the Appellate Division allowed petitioner's statement mainly because both parties had agreed to enter into evidence the report of Dr. Radcliff. Additionally, the Court also noted that the Judge of Compensation found petitioner to be very credible in her testimony.

A review of this unreported opinion suggests that this was a trial apparently in which only one person testified: the petitioner. Since Dr. Radcliff did not testify, one will never know if he had been aware when he saw petitioner on April 7, 2022 that petitioner was already out of work on unemployment benefits or knew that she was also going to school 15-25 hours per week. There is also no discussion in the opinion about how many classes petitioner was taking when she saw Dr. Radcliff and whether these classes took place during working hours. It is also not explained in the opinion why the unemployment benefits ended on April 14, 2022. Further, there is no mention of whether surgery ever took place or if it did take place, when the surgery occurred. There are simply insufficient facts in this opinion for a full understanding. The record that the judges had to work with was very limited because apparently only one witness testified. The opinion mentions no testimony from any other witnesses. Employers will certainly question how an employee who was receiving unemployment benefits for seven months while taking classes would be entitled to receive temporary disability benefits when surgery was recommended for an injury that occurred

four years earlier and when the record does not recite whether or when surgery took place or whether her classes continued during working hours after April 7, 2022.

The dearth of facts in this case makes it hard to understand the outcome in this particular case. Putting that observation aside, the legal principle articulated here is important for all practitioners, employers and adjusters to consider. This case limited the 1973 decision in <u>Tamecki</u> to its specific facts, namely that a young college student who was injured in a temporary summer job but returned to school full time was not entitled to temporary disability benefits during the college school year. The court said the <u>Soto</u> case presented completely different facts. It involved an employee who had a full-time working history while taking classes. The Court concluded that <u>Tamecki</u> does not prevent such an employee from obtaining temporary disability benefits when an employee is injured during the course of employment but also is taking classes.

Respondent Defeats Alleged Claim of Aggravation and Motion for Medical and Temporary Disability Benefits Seeking Payment for Five Spinal Surgeries

Cases involving aggravation of preexisting conditions are quite common in workers' compensation and are often complex. Adequately addressing such claims requires obtaining the pre-accident medical treatment records and obtaining expert opinion on whether the work accident aggravated the prior condition. *Donald Smith v. H & H Transportation, Inc.*, No. A-3568-21 (App. Div. December 20, 2023) presents a scenario in which two highly qualified spine surgeons disagreed on whether there was aggravation caused by the work injury.

The facts were not disputed. Mr. Smith was injured in a motor vehicle accident on January 7, 2017 while driving a tractor trailer. Years before this accident, he was treated for his back, starting in 2005. Again in 2009 he received treatment for his back. A CT scan was done of the mid-back in March 2016 revealing degenerative changes.

After the January 2017 work accident, petitioner saw Dr. Anthony Parks, who ordered an MRI, which showed a "right sided herniated disc at T7-8." Dr. Parks suggested a second opinion, which took place with Dr. Ryan Cassilly, an orthopedic surgeon at Garden State Orthopedics. Dr. Cassilly received the previous 2016 CT scan and compared that result to the new MRI in 2017. He felt that the petitioner's disc abnormalities at T7-8 were not related to the January 2017 motor vehicle accident because the disc was calcified and because the bone spurs between the vertebra had fused, suggesting to Dr. Cassilly that petitioner had a long-standing degenerative condition. Dr. Cassilly concluded that there was no need for further causally-related treatment. Respondent then terminated medical and temporary disability benefits.

On his own, petitioner saw Dr. Gregory Przybylski, a neurosurgeon, who reviewed the 2017 MRI. Dr. Przybylski believed that petitioner suffered from radiculopathy related to the protrusion at T7-8. He recommended a CT guided selective nerve block at T7-8. Dr. Przybylski performed five spinal surgical procedures over the next 28 months, including a fusion procedure.

Petitioner filed a motion for medical and temporary disability benefits. When asked whether he had told the three physicians involved in this case about his prior medical history, he insisted that he had done so but asserted that all three doctors failed to record the history in their reports. The

Judge did not credit this testimony. All three doctors testified that petitioner never revealed to them his prior medical history.

The case focused mostly on the testimony of Dr. Cassilly, who performed respondent's IME, and Dr. Przybylski, who performed multiple surgical procedures on petitioner. Dr. Cassilly said that he saw no spinal cord compression and viewed the 2017 MRI as showing "multiple osteophytes or bone spurs coming off his thoracic spine." He said that these findings were not a result of any acute injury but were degenerative. He also opined that the five surgeries were not a result of any acute injury and were not related to the 2017 motor vehicle accident. The two main points Dr. Cassilly emphasized were:

- 1. The 2016 (pre accident) CT scan showed that the herniated disc at T7-8 was "fully calcified" well before the 2017 accident.
- 2. The size of the bone spurs at T7-8 had not changed at all.

Dr. Przybylski admitted that he had not reviewed the 2016 CT scan when he first testified on the issue of causation. After he reviewed the 2016 CT scan, he retracted his opinion that the 2017 work accident caused the calcified disc and agreed with the opinion of Dr. Cassilly on this issue. Nonetheless, Dr. Przybylski maintained that petitioner's symptoms were worsened by the 2017 accident and required the five surgical procedures. The main point that he raised was that petitioner's condition improved following the nerve block procedure. That led him to conclude that the 2017 accident had caused a nerve injury.

The Judge of Compensation was faced with two conflicting opinions on causation from two well respected board-certified spine surgeons, one who performed an IME on causation and need for treatment, and the other who operated on petitioner's spine on an unauthorized basis. The issue at hand was whether the 2017 accident aggravated the petitioner's pre-accident condition at T7-8. The Judge found that Dr. Cassilly's opinion was "credible, logical and consistent, both medically and factually." She concluded that the medical records indicated "evidence of long-standing degenerative etiology rather than acutely post-traumatic" injury. In the opinion of the Judge of Compensation, there was no aggravation, exacerbation, or acceleration of the petitioner's underlying condition because the 2016 CT scan and 2017 MRI showed essentially the same findings.

The Appellate Division affirmed the decision of the Judge of Compensation for all the reasons cited by the Judge of Compensation in her opinion. The Court first observed case law that states that an employer takes the employee as the employer finds the employee, with all preexisting conditions that may exist. The Court added, "the injury is not compensable if a preexisting condition is its sole cause," citing *Sexton v. Cnty. of Cumberland/Cumberland Manor*.

In weighing the experts' opinions, the Appellate Division noted that Dr. Przybylski changed his position on the issue of prior calcification of the disc once he saw the 2016 CT scan. Dr. Cassilly arguably had been in a better position to opine on causation because he did review the 2016 CT scan at the time of his examination and report.

This is one of the best cases to read in years to understand the legal standard of aggravation in workers' compensation. The Judge of Compensation focused on whether there was any <u>objective</u> medical evidence of change in the preexisting medical condition caused by the work accident. That is the legal standard in New Jersey. Quite apart from what the injured worker may say, when the medical studies are essentially the same pre- and post-accident, aggravation is not likely to be found. Dr. Przybylski conceded that the studies were essentially the same once he learned about and reviewed the prior 2016 CT scan, but he offered an after-the-fact analysis that if petitioner improved from a nerve block, then the work accident must have injured the nerve. This argument failed to impress the trial and appellate courts. The other interesting aspect of this case is that the opinion of the one-time IME physician on causation carried the day over the opinion of the surgeon who performed five spinal surgical procedures.

Practitioners, employers, and adjusters regularly analyze the issue of aggravation of a preexisting condition, and the process can be quite challenging. Each year there are literally thousands of cases in New Jersey that turn on this very issue of aggravation. Getting all the prior medical records is a major challenge, particularly in New Jersey, because our state allows no interrogatories in traumatic injury claims. New Jersey also permits no depositions of the petitioner, except in extraordinary circumstances. Obtaining past medical history depends heavily on what is asked in the medical examination. But what if the doctors write that they asked about prior treatment history, but petitioner denied any prior medical treatment to the injured body part? How does the employer or carrier then find out about prior treatment? That is exactly what happened in this case. All three doctors testified that petitioner denied any prior mid-back treatment. For his part, petitioner insisted that he told the doctors about his prior back treatment, but they all failed to record in their reports what he told them.

It is not stated in this opinion how the respondent managed to obtain the prior treating records at issue. We only know from reading the opinion that somehow the records were obtained, thereby allowing the issue of aggravation to be addressed in detail by the Judge of Compensation and Appellate Division. Getting the prior records is not the end of the process. Once the prior medical records are received, they must be provided to the medical expert, who then thoroughly reviews them along with all post-accident medical records, examines the petitioner carefully and opines on whether the work accident caused objective changes to the preexisting medical condition. This process may sound easy but in practice it is far more difficult than it sounds. It takes a lot of time and effort to do this right.

RE: 2023 -2024 Elected Officials Training Invitation

For more than 20 years, the ACM, BURLCO, & TRICO JIFs have offered our elected officials the opportunity to participate in annual voluntary training. The 2023-2024 Elected Officials Training will take place online via the MEL Safety Institute (MSI). This 45-minute training video provides important information on the challenges facing local elected leaders in managing local government risks and tools available to assist our members. Instructions on how to access this training are attached.

The online training format allows for participation by all our elected officials, and the convenience of completing this training when their schedule permits, prior to the May 1, 2024 deadline. By utilizing the MEL Safety Institute, my office will be able to better track the completion of the training and document the credits due to members' assessments.

Within a week or so of completing the online training, those that complete the course will receive an email from my office highlighting the various risk management programs discussed during the training and how they can be accessed by our members.

Please remember that for every elected official that completes the training, their municipality will earn a \$250 credit towards your municipality's 2024 MEL Assessment (capped at 5% of your 2024 MEL Assessment). Also, your highest ranking administrative official is eligible to earn this credit by completing the course.

On a final note, if you attended the Elected Officials Training at the League of Municipalities in November 2023, you will receive credit for the training.

Thank you for your attention to this matter. As always, please feel free to contact me should you have any questions.

Chairman Tomasko extended the Board's appreciation to Thomas Merchel from the PMM JIF who no longer serves as Fund Commissioner.

Charman Tomasko also extended the Board's appreciation to Joy Tozzi for her 2 years of serving as Fund Chairwoman. Chairman Tomasko said Ms. Tozzi served energetically and with great dedication.

Chairman Tomasko next thanked David Grubb. Mr. Grubb announced in November that he was stepping down as the Executive Director of the Municipal Excess Liability Joint Insurance Fund. Chairman Tomasko read a resolution into the record identifying all the efforts performed by Mr. Grubb in bringing about the formation of the Joint Insurance Funds and the Municipal Excess Liability Joint Insurance Fund in particular. Board of Fund Commissioners and Fund Professionals rose in a standing ovation in appreciation and in acknowledgement of all that Mr. Grubb has done for New Jersey Municipalities, Utility Authorities, First Responders and Housing Authorities as well as the state's taxpayers.

Mr. Grubb thanked everyone and said the success of the JIFs and the MEL has always been a cooperative effort involving Fund Professionals, Risk Management Consultants, Elected Officials, Administrators & Managers and all the employees that have been implementing and following safety programs. Mr. Grubb also said he was confident that his successors and Fund Professionals will be able to take over from here but also noted that he is not retiring; he will still be serving as Executive Director for the Bergen JIF and will still be involved in the JIF movement. Fred Semrau, who himself succeeded John Dorsey in his role, said it is often said that 3 or 4 people will play a role in your career and added that Mr. Grubb certainly served in that role for him.

- Roselle Park & Kenilworth Suburban Municipal JIF
- Rahway & North Brunswick Central Jersey JIF
- Delanco Sewerage Authority NJUA JIF

Gloucester BOFC #6 (First Responders); Corbin City & Egg Harbor Township (Atlantic JIF) and East Greenwich (Trico) have elected not to renew membership.

□ **Reinsurance Committee:** Reinsurance Committee met with the Underwriting Manager on December 21st and December 28th to review the 2024 renewal and to consider options on the property program and the crime coverage. Copies of the Underwriting Manager's report to the committee as well as minutes of both meetings were submitted for information.

Executive Director's office worked with the Underwriting Manager on preparing resolutions confirming the placement of the excess property program – with up to 20 carriers, optional excess liability and public officials/employment practices liability, excess workers' compensation and non-owed aircraft liability.

Underwriting Manager said it was a difficult renewal process but that, ultimately, he was able to place the excess policies, for \$4,000,000 less than budgeted. As noted in Reinsurance Committee reports, the Fund was then able to reduce its exposure with the property program through a buy down of the 10% quota share and to purchase an aggregate deductible. The Fund will still be considering increasing an option to purchase excess social engineering limits.

- □ Banking Services RFP: The Joint Cash Management & Investment Program (JCMI) Operating Committee issued an RFP for Banking Services. Due date for responses 2:00PM on January 17, 2024. Commissioner Cuccia said a bidders' conference was held during which, we emphasized cyber security measures.
- Emergency Restoration Vendors: The Fund's QPA has prepared RFQ 24-01 to reissue Requests for Emergency Restoration Vendors. The MEL qualifies Service Providers that provide emergency cleanup and restoration services to assist members in securing these services during an emergency. RFQ will be issued following the meeting.

Excess Insurance Options. The Underwriting Manager presented two options to obtain additional excess insurance for 2024 coverage for cyber liability including cybercrime (social engineering) to the Board of Fund Commissioners. The current limits reflected in the 2024 budget purchased from Cowbell is \$3 million per claim/\$6 million annual aggregate per member JIF. The Board passed a motion to purchase additional excess insurance for 2024. The additional excess option is for \$2 million per claim/\$4 million annual aggregate shared by all member JIFs. This option incudes an additional \$500,000 of excess cybercrime (social engineering). The additional coverage is effective 1/1/24.

Statement Disclosures

Statement Review; Limitations on Actions

Please carefully review your statements and retain them for your records as they may contain notices, disclosures and other important information in addition to the summary of the transactions in your account for the reporting period, including contributions, distributions, transfers, and purchases and sales of securities. Summary data is also provided for off-setting investment option transfers or other transfers made between accounts.

Please report promptly any material inaccuracy or discrepancy in this information to your Relationship Manager. If revised data becomes available to Wilmington Trust after these reports are generated, we may update our records accordingly; however, revised data typically will not result in the generation of a new report.

Fee Arrangements

Wilmington Trust and its affiliates may earn additional compensation from uninvested cash in the form of earnings, which Wilmington Trust expects will be generated at the prevailing federal funds rate. Such earnings may be generated between the time the moneys are received by Wilmington Trust and actually forwarded to implement investment instructions, or between the time a distribution is issued and presented.

Affiliated Advisers

"Wilmington Trust" is a service mark encompassing the trust and investment business of Manufacturer's & Trader's Trust Company ("M&T Bank") in providing services to this account, and of some of M&T Bank's subsidiaries and affiliates, serving individual and institutional clients. Subsidiaries and affiliates include, but are not limited to, Wilmington Trust Company (operating in Delaware only); Wilmington Trust, N.A., a national association; and Wilmington Funds Management Corp., Wilmington Trust Investment Advisors, Inc., and other registered investment adviser affiliates. For additional information regarding the Wilmington Trust brand, underlying entities, and products and services offered, please visit our web site at <u>www.wilmingtontrust.com</u>.

In performing discretionary investment services for an account, M&T Bank or an affiliate may invest account assets in one or more mutual funds, including mutual funds ("Affiliated Funds") advised by investment management affiliates of M&T Bank, including Wilmington Funds Management Corporation ("WFMC") and Wilmington Trust Investment Advisors, Inc. ("WTIA") ("Affiliated Advisers").

The Affiliated Advisers, M&T Bank, and M&T Securities, Inc., another affiliate of M&T Bank (collectively "M&T") may also provide administrative and shareholder services, and services under Rule 12b-1 plans to the Affiliated Funds, and may receive compensation for those services. If M&T provides additional services to the Affiliated Funds, it would be entitled to receive additional compensation from those funds. The compensation for services provided to the Affiliated Funds is determined by the Board of Trustees that governs each Affiliated Fund, and is subject to change from time to time in the discretion of such Board of Trustees.

Currently, WFMC, in its capacity as investment adviser to the Affiliated Funds, is entitled to receive annual advisory fees between 0.45% and 0.95%. WFMC compensates WTIA directly for sub-advisory services provided to the Affiliated Funds. In its capacity as co-administrator of the Wilmington Funds, WFMC is currently entitled to receive annual co-administration fees from the Wilmington Funds as follows: 0.04% on the first \$5 billion; 0.03% on the next \$2 billion; 0.025% on the next \$3 billion; and 0.018% on assets in excess of \$10 billion. All fees are calculated based on average daily assets.

M&T Bank may be entitled to receive an annual shareholder services fee of up to 0.25% with respect to the assets of certain accounts invested in the Wilmington Funds. If M&T Bank or an affiliate has investment discretion over an account, then an account may receive a credit against the account-level fiduciary (or investment management) fee for all or some portion of the foregoing fees when account assets are invested in an Affiliated Fund. Alternatively, the value of account assets invested in an Affiliated Fund may be excluded from calculation of the account-level fiduciary (or investment management) fee.

Please consult a current prospectus, available at www.wilmingtonfunds.com, for the relevant Affiliated Fund or contact your Relationship Manager for additional information.

WTIA maintains updated disclosure information on Form ADV Part 2, the Disclosure Brochure. The Disclosure Brochure contains information about WTIA, including a description of WTIA's programs, fees, trading practices, conflicts of interest, key personnel, and other business activities. The Disclosure Brochure is available to all clients of WTIA upon request by contacting WTIA at (410)

Investment products, included affiliated offerings, are not insured by the Federal Deposit Insurance Corporation or any other governmental agency, are not deposits of or other obligations of or guaranteed by Wilmington Trust, M&T, or any other bank or entity, and are subject to risks, including a possible loss of the principal amount invested.

Disclosures December 01, 2023 - December 31, 2023

Statement Disclosures (continued)

Where permitted, Wilmington Trust, its affiliates and its sub-advisors may execute portfolio transactions with brokerage firms that provide proprietary and/or third-party research products and services, as well as trade execution. The brokerage firms providing such services may be paid commisisons in excess of those another broker or dealer might charge for executing such transactions. We may execute such transactions resulting in receipt of brokerage and research services, notwithstanding that the particular account(s) involved may not be a beneficiary of such brokerage or research. Receipt of research services and products from brokers or dealers who execute client trades involves conflicts of interest for Wilmington Trust, its affiliates and its sub-advisors because they do not have to produce or pay for the research itself, and thus have an incentive to select or recommend a broker based on their interest in receiving such research.

Pricing and Valuation

Details of transaction charges and commissions are displayed on transaction confirmations, which have been mailed or made available separately to you. Wilmington Trust will also send you this information upon request. To the extent Wilmington Trust has custody of assets but no investment authority over your account, you have the right at any time to receive, at no additional cost to you, written confirmations of securities transactions that occur in your account. These confirmations will be mailed to you in the timeframe required by applicable regulations. Even if you previously waived your right to receive these confirmations, you may at any time ask to receive such confirmations going forward. Please contact your Relationship Manager if you wish to have written trade confirmations mailed to you.

If we are managing the assets in this account, please contact your Relationship Manager if there have been any changes to your financial situation or investment objectives, or if you wish to impose any reasonable restrictions that might affect the management of this account, or reasonably change any existing restrictions.

The investment values and estimated income information reported herein reflect the securities in your account on a trade date basis as of the close of your statement period. Pricing may reflect market price quotations, closing price, mean bid / ask price, or estimated market values obtained from various third-party quotation services which we believe to be reliable and which were available when the report was prepared. If an investment did not have a readily determinable value, then reported values are based on the last valuation available to us at the time the report was generated. For assets not custodied at Wilmington Trust, prices and values are provided by the custodian, the issuer or their administrator, and Wilmington Trust is not responsible for this information, nor can Wilmington Trust guarantee its accuracy or timeliness. Valuation for Private Equity, Private Real Estate and Other asset classes reflect the most recent information available, but are typically illiquid and may have irregular reporting. Consult your Relationship Manager for details regarding valuations for your illiquid holdings.

Reported values may not equal market value or fair value and may include accruals. Asset values will fluctuate. This report should not be used to prepare tax documents or financial statements. Information for tax reporting purposes will be reflected in your annual Wilmington Trust Tax Information Letter. Please contact your Relationship Manager if you have any questions.

Basis and limitations on use for Cost, Gains, and Losses. This is not a tax document. This information is being provided for your review of transactions and balances in your account for the reporting period. For tax reporting, you should rely on your official tax documents. Transactions requiring tax consideration should be reviewed with your tax advisor. Unrealized Gain and Loss data is reliant upon accurate cost basis information and represents the current value of a security less the adjusted cost basis for that security. If the current value is greater than the adjusted cost basis, that position has an unrealized gain. Conversely, if value is less than cost, the position carries an unrealized loss.

The cost basis of record for securities transferred into your Wilmington Trust account may have been provided to us by a delivering firm, a transfer agent, or another adviser on a best efforts basis. Cost basis data provided through delivering firms is relied upon for this report but should be reviewed for accuracy by each client. Cost basis on fixed income securities are adjusted for amortization, accretion, or principal paydowns and the method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. Where no cost basis is available for a security as of the last day of the reporting period, that security will reflect zero as the cost basis.

Glossary ATLANTIC COUNTY MUNICIPAL JIF December 01, 2023 - December 31, 2023

Glossary

Accrued Dividend represents dividends declared by the issuer which have not yet been paid.

Accrued Income represents income payments accumulated with a security (i.e., "priced in" to the security value) since the last payment date but not yet received. Income accrues daily and is reset every time accruals are paid.

Cost represents the reported original value of an asset adjusted for corporate actions, including stock splits, dividends, and return of capital distributions. Tax cost basis on fixed income securities are adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. This information is used to estimate capital gains and losses; however, this is not a tax document. This information is being provided for your convenience and is for informational purposes only. For tax reporting, you should rely on your official tax documents. Transactions requiring tax consideration should be reviewed with your tax advisor.

Securities acquired before 2011 are generally not subject to the new cost basis reporting rules set forth by the Internal Revenue Service Code in the Emergency Economic Stabilization Act of 2008 and are, therefore, considered "noncovered" under the new cost basis reporting rules. All other securities in this section are securities which are "covered" under the new cost basis reporting rules. Securities which are "covered" under the new cost basis reporting rules. Securities which are "covered" under the new cost basis reporting rules are defined as securities which have been acquired on or after their applicable dates at which they are subject to the cost basis reporting rules and the adjusted basis will be reported to the IRS on form 1099-B for the applicable tax year in which the security is disposed.

Credit ratings are used to evaluate the likelihood of default by a bond issuer. Independent rating agencies, such as Moody's Investors Service, analyze the financial strength of each bond's issuer. Moody's ratings range from Aaa (highest quality) to C (lowest quality). Bonds rated Baa3 and better are considered "Investment Grade". Bonds rated Ba1 and below are "Speculative Grade" (also "High Yield"). The **Weighted Average Credit Rating** reflects a portfolio-weighted average of ratings on individual rated bonds — non-rated bonds are excluded — it does not represent a rating of the portfolio as a whole. The weighted average is intended only as an aggregate illustration of the portfolio holdings rather than as an indication of their respective risks, as certain risks —including the risk of default of individual issues— may be underrepresented by this measure.

Duration is a measure of a bond's sensitivity to changes in interest rates and is calculated as the average percentage change in a bond's value under parallel shifts of the yield curve. Thus a bond with

duration of 4 would be expected to lose 1% in value (price) in the event of a 25 basis point (0.25%) increase in market rates, represented by the yield curve. Conversely, that bond would be expected to appreciate 1% in value with a 25 basis point decrease in market rates.

Estimated Annual Income is an indication of income return expected from security positions over the next 12 months assuming that the position quantities, interest /dividend rates, and prices remain constant. For U.S. government, corporate, and municipal bonds it is calculated by multiplying the coupon rate by the face value of the security. For common stocks, ADRs, REITs and mutual funds it is calculated using an indicated (projected) annual dividend. They are provided for illustrative purposes only, are not a forecast or guarantee of future results, and they should not be relied on for making investment, trading, or tax decisions.

Estimated Yield compares the anticipated earnings on investments (Estimated Annual Income) to the current price of the investments. Changes in the price of a security over time or in the amount of the investment held in your account will cause the estimated yield to vary. The actual yield may be higher or lower than the estimated amounts.

Net Interest represents the receipt of interest earned less the purchase of accrued interest on securities.

Taxable versus **Tax-exempt** status is determined at the security level, and not at the account type level. Thus accounts that carry a tax exemption, such as IRAs or various charitable trusts, often have holdings that are categorized as Taxable for this report. Conversely, securities classified as Tax-exempt for this report are held in taxable account types. Securities may be deemed Tax-exempt based on a tax-advantaged treatment, typically for interest payments on municipal bonds, which may not be available equally to all investors. Additionally, alternative tax treatments may mitigate or offset tax advantages reflected in this report. This report is not a tax document and should not be used for tax preparation.

Term (Long or Short) reflects the holding period of the security. Long term indicates a holding period one year or greater, while Short indicates a holding period less than one year.

Trade Date accounting is used throughout this report, unless otherwise identified, and records the purchase or sale of an asset as of the date on which an agreement to purchase/sell was entered, or a market trade executed, rather than on the settlement date (the actual delivery of the asset in exchange for payment). Thus, trades executed but pending settlement are treated as already present in the account in reliance upon successful settlement. Trade date treatment serves as a better

Glossary ATLANTIC COUNTY MUNICIPAL JIF December 01, 2023 - December 31, 2023

Glossary (continued)

reflection of actual decisions to buy/sell than settlement date, which can occur days later.

Unit Cost is the reported cost per share of an equity position, or cost per bond for debt securities. It reflects the price paid, adjusted for corporate actions such as stock splits and return of capital distributions. It is used to estimate capital gains and losses; however, you should rely only on your official tax documents for tax reporting purposes. All cost basis information is derived from transactions in the account or information supplied by you or other sources and is provided for your convenience and is for informational purposes only. There is no guarantee as to the accuracy of third-party cost basis information and it is not intended for tax reporting purposes. Please inform us in the event that a cost basis is not accurate.

Unrealized Gain/Loss is the difference between the current value of a security and the adjusted cost basis of that security. If the current value is greater than the original cost, that position has an unrealized gain. Conversely, if the current value is less than the original cost, that position has an unrealized loss.

Yield to Worst assumes the "worst case" yield to investors within the terms of the issue's provisions, such as use of prepayment, call, or sinking fund options that may be available to the issuer on some bonds.
